## Advanced Materials 2017

Dear Colleagues,

Conference Series Ltd is delighted to welcome you to Osaka, Japan for the prestigious **13<sup>th</sup> International Conference and Exhibition on Advanced Materials and Nanotechnology**. Advanced Materials 2017 will focus on the theme **“Exploring the Possibilities in the Field of Advanced Materials and Nanotechnology”**. We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at Osaka, Japan.

With Regards,  
**Advanced Materials 2017 Operating Committee**  
Conference Series Ltd Conferences

### **Editorial Board Members of Supporting Journals:**

**Ramesh K Agarwal**

Washington University, USA

**T C Mike Chung**

Pennsylvania State University, USA

**S R Lourdes G**

University of Maryland, USA

**Guozhen Shen**

Huazhong Univeristy of Science and Technology, China

**Zhirui Wang**

University of Toronto, Canada

**Harry Ruda**

University of Toronto, Canada

**Tsai Hung-Yin**

National Tsing Hua University, Taiwan

**Guy M Genin**

Washington University, USA

**Qing Wang**

Pennsylvania State University, USA

**Seung Soon Jang**

Georgia Tech Research Institute, USA

**Andy X Sun**

University of Western Ontario, Canada

**Jason H Nadler**

Georgia Tech Research Institute, USA

**Yunfeng Shi**

Rensselaer Polytechnic Institute, USA

**Haibin Ning**

The University of Alabama Birmingham, USA

**Vijaya Kumar R**

Tuskegee University, USA

**Tao Li**

University of Michigan, USA

**Advanced  
Materials  
2017**

# Program Announcement

## **Accommodation**

*A large number of rooms have been reserved. Discounted room rates for Advanced Materials 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.*

## **Exhibition and Sponsorship**

*An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Nursing and Nursing Education.*

## **About Osaka**

*Osaka is the second largest metropolitan area in Japan and serves a major economic hub. Historically a merchant city, Osaka has also been known as the "Nation's Kitchen". With a population of 2.5 million, Osaka is Japan's third largest and second most important city. It has been the economic powerhouse of the Kansai region for many centuries. The city's west side has the main port as well as a tourist destination with attractions such as Kyocera Dome, Universal Studios Japan, Osaka aquarium, Minami, Osaka castle, Umeda sky building and the Tempozan Harbour Village. Osaka is known for its food, both in Japan and abroad. Author Michael Booth and food critic François Simon of Le Figaro have both suggested that Osaka is the food capital of the world. Osaka's culinary prevalence is the result of a location that has provided access to high quality ingredients, a high population of merchants, and close proximity to the ocean and waterway trade. In recent years, Osaka has started to garner more attention from foreigners with the increased popularity of cooking and dining in popular culture. The National Museum of Art (NMAO) is a subterranean Japanese and international art museum, housing mainly collections from the post-war era and regularly welcoming temporary exhibitions. Osaka Science Museum is in a five storied building next to the National Museum of Art, with a planetarium and an OMNIMAX theatre. The Museum of Oriental Ceramics holds more than 2,000 pieces of ceramics, from China, Korea, Japan and Vietnam, featuring displays of some of their Korean celadon under natural light.*

## **Venue**

*Osaka, Japan*

## **Important Dates**

*Abstract submission opens: December 05, 2016*

*Registration opens: December 26, 2016*

*Early bird registration: August 21, 2017*

*On spot registration: October 26, 2017*
