Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Analytica 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Ceramics and Acupuncture.

About Atlanta

Atlanta is the capital of the U.S. state of Georgia. It played an important part in both the Civil War and the 1960s Civil Rights Movement. Atlanta History Center chronicles the city's past, and the Martin Luther King Jr. National Historic Site is dedicated to the African-American leader's life and times. Downtown, Centennial Olympic Park, built for the 1996 Olympics, encompasses the massive Georgia Aquarium.

Atlanta is the major commercial and transportation hub of the southeast United States and its international airport is one of the busiest in the world. The city's economy is led by the service, communications, retail trade, manufacturing, finance, and insurance industries. The convention business is also important, and Atlanta is home to many major corporations, including Coca-Cola, which was founded there in 1892.

Atlanta is also a major educational center, with many prestigious universities and colleges, including Emory University (1836), Georgia Institute of Technology (1885), and Georgia State University (1913). Morehouse College (1867), Spelman College (1881), and Clark Atlanta University (1865; 1869) are important historically black colleges. Major attractions include Martin Luther King, Jr., National Historic Site, Grant Park, and the Carter Presidential Center. The 1996 Summer Olympics were held in Atlanta.

Venue

Atlanta, USA
