## Accommodation

A large number of rooms have been reserved. Discounted room rates for Automobile Engineering 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

## Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Automobile Engineering and Design

## About Tokyo

Tokyo is Japan's capital and the world's largest metropolitan economy. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. It has two international airports: Narita Airport and Haneda Airport. Tokyo is covered by a dense network of train, subway and bus lines, which are operated by about a dozen different companies. The train lines operated by JR East and the subway lines are most convenient for moving around Tokyo. Early May is golden week and Tokyo weather couldn't be finer. Japan has a broad inventory to plan a trip in the festive season of cherry blossom. As spring arrives, the country gets colorful with spring flowers and green.
