Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Asia-Pacific Biotech Congress 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the various fields of biotechnology.

About Melbourne

Melbourne is the capital and most populous city of the Australian state of Victoria, and the second-most populous city in Australia. Melbourne is a stylish and arty city that's both dynamic and cosmopolitan, and proud of its place as Australia's cultural capital. Its stately gold rush-era architecture and a multicultural make-up reflect the city's recent history, while edgy street art, top museums and sticky-carpeted band venues point to its present-day personality. Melbourne has a temperate oceanic climate and is well known for its changeable weather conditions. The average temperature is between 11.4°C (min) and 20.4°C (max). Melbourne has an integrated public transport system based around extensive train, tram, bus and taxi systems. Melbourne has four airports. Melbourne Airport, at Tullamarine, is the city's main international and domestic gateway and second busiest in Australia.

Venue

Melbourne, Australia
