About Sao Paulo

São Paulo is one of the 26 states of the Federative Republic of Brazil and municipality located in the southeast region of Brazil. The metropolis is an alpha global city as listed by the GaWC and is the most populous city in Brazil, the Americas, and the Southern Hemisphere. The municipality is also Earth's 12th largest city proper by population. The city is the capital of the homonymous state of São Paulo, Brazil's most populous and wealthiest state. It exerts strong international influence in commerce, finance, arts and entertainment. The name of the city honors Saint Paul of Tarsus. The city's metropolitan area of Greater São Paulo ranks as the most populous in Brazil and the 11th most populous on Earth.

A significant portion of the state economy is tourism. Besides being a financial center, the state also offers a huge variety of tourist destinations. São Paulo, the state capital city is the center of business tourism in Brazil, which gives the city about 45,000 events per year. São Paulo also has the largest hotel network in Brazil. Because of real estate speculation in the mid-1990s, nowadays there is an excess supply in the number of vacancies. The city also has demand in gastronomic culinary tourism after receiving the title of the "World Capital of Gastronomy. Cultural tourism is also highlighted given the amount of museums, theaters and events like the Biennale and the Biennale of Arts of the Book.

The coast of São Paulo state along the South Atlantic Ocean has 622 km of beaches of all kinds and sizes. Among the cities that receive the most tourists in the summer are Santos, Praia Grande, Ubatuba, São Sebastião, among others.

In the interior, it is possible to find resorts, rural tourism, eco-municipalities with a European- like climate, waterfalls, caves, rivers, mountains, spas, parks, historical buildings from the 16th, 17th and 18th centuries, and Jesuit / Roman Catholic church architecture archaeological sites such as the Alto Ribeira State and Tourist Park.
