University of Strasbourg, France

John Meletis

University of Athens, Greece

Ulrich Mahlkecht

Saarland University, Germany

A detailed illustration of a blood vessel containing various types of blood cells. In the foreground, there are several large, biconcave red blood cells. Interspersed among them are smaller, white blood cells, including a prominent one with a highly textured, spherical surface. The background shows the inner lining of the vessel with a wavy, textured appearance.

Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Blood Cancer 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Blood Cancer.

About London

London is the capital and most populous city of England and the United Kingdom with resident population of 7,375, making it the smallest city in England. Standing on the River Thames, London has been a major settlement for two millennia.

It's a city where old and new amiably clash, high culture rubs shoulders with pearly queens – with its streets paved with regal glory. London is a city crackling with the energy of a centre of world finance; filled with the magic of a town ruled by the on-going twists of a millennium of monarchy; charmingly cluttered by centuries of piece-by-piece hoisting skywards of grand palaces, historic monuments and quirky skyscrapers; a city bustling with English good-natured humour – and a buzzing international community of unparalleled diversity.

There's so much to see and do in London, it's easy to be overwhelmed. Major sights like the Tower of London and Buckingham Palace are on most visitors' itineraries, but no matter what your interests, you'll probably find something here. Art lovers should make a beeline for the National Gallery and the Tate Modern. If military history's your thing, don't miss the Cabinet War Rooms. Finally, forget everything you've heard about bland, mushy British food—the restaurant scene here is fabulous.

Venue

London, UK

Important Dates

Abstract submission opens: August 30, 2016

Registration opens: August 30, 2016

Early bird registration: November 21, 2016

On spot registration: June 26, 2017
