Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Gynecologic Cancers 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Conference Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Occupational health and Public Safety.

About London

London is the capital of England and most populous city of United Kingdom. Standing on the River Thames, London has been a major settlement for two millennia. London is also known as world cultural capital. It is the world's most-visited city as measured by international arrivals and has the world's largest city airport system measured by passenger traffic. London is the world's leading investment destination, hosting more international retailers and ultra-high-net-worth individuals than any other city. London's universities form the largest concentration of higher education institutes in Europe.

London has a diverse range of people and cultures, and more than 300 languages are spoken in the region. There's so much to see and do in London, it's easy to be overwhelmed. Major sights like the Tower of London and Buckingham Palace are on most visitors' itineraries, but no matter what your interests, you'll probably find something here. Art lovers should make a beeline for the National Gallery and the Tate Modern. If military history's your thing, don't miss the Cabinet War Rooms. Finally, forget everything you've heard about bland, mushy British food—the restaurant scene here is fabulous.

Venue

London, UK

Important Dates

Abstract submission opens: November 05, 2016

Registration opens: November 05, 2016

Early bird registration: February 20, 2017

On spot registration: August 29, 2017
