COPD 2017

Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for COPD 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Nursing and Healthcare

About Osaka

Osaka is a designated city in the Kansai region of Japan. It is the capital city of Osaka Prefecture and the largest component of the Keihanshin Metropolitan Area, the second largest metropolitan area in Japan and among the largest in the world with over 19 million inhabitants. Osaka is situated at the mouth of the Yodo River on Osaka Bay, Japan. Historically a merchant city, Osaka has also been known as the "nation's kitchen" and served as a centre for the rice trade during the Edo period. Osaka is the second largest city in Japan by daytime population after Tokyo's 23 wards and the third largest city by nighttime population after Tokyo's 23 wards and Yokohama, serving as a major economic hub for the country. Osaka is known for its food, in Japan and abroad. Osaka is the food capital of the world. Osaka is known for its fine sake, which is made with fresh water from the prefecture's mountains. Osaka's culinary prevalence is the result of a location that has provided access to high quality ingredients, a high population of merchants, and proximity to the ocean and waterway trade. In recent years, Osaka has started to garner more attention from foreigners with the increased popularity of cooking and dining in popular culture. Osaka Science Museum is in a five storied building next to the National Museum of Art, with a planetarium and an OMNIMAX theatre. The Museum of Oriental Ceramics holds more than 2,000 pieces of ceramics, from China, Korea, Japan and Vietnam, featuring displays of some of their Korean celadon under natural light. Osaka Municipal Museum of Artis inside Tennōji park, housing over 8,000 pieces of Japanese and Chinese paintings and sculptures. Due to its geographical position, Osaka's international ferry connections are far greater than that of Tokyo, with international service to Shanghai, Tianjin, Korea along with domestic routes to Kitakyushu, Kagoshima Miyazaki and Okinawa

Venue

Osaka, Japan
