**Data Structures
2107**

Dear Colleagues,

Conferenceseries LLC is delighted to welcome you to **Toronto, Canada** for the Prestigious International Conference on biopharmaceuticals. The conference will focus on “**Advance Technologies for Creative Inventions in Data Structures**”. We are confident that you will enjoy the scientific program of this upcoming conference.

We look forward to see you at **Toronto, Canada**.

With Regards,
Data Structures and Data Mining 2017
Organizing Committee

Editorial Board Members of Supporting Journals:

Andrij Holian

The University of Montana, USA

Mena Farid

Healthcare and Bio systems, France

Xuping Sun

Chinese Academy of Sciences, China

Adnane Abdelghani

National Institute of Applied Science and Technology, Tunisia

Bruce Kim

University of Alabama, USA

Martin. J. Snowden

University of Greenwich, United Kingdom

Eduardo Sobarzo-Sánchez

University of Santiago de Compostela (USC), Spain

Ahmed Safwat

Queens University, Canada

Dmitri Lapotko

Rice University, USA

Donna J Nelson

University of Oklahoma, USA

Baohua Huang

University of Michigan, USA

James F Leary

Purdue University, USA

Suzy V Torti

Wake Forest University, USA

Nikhil Koratkar

Rensselaer Polytechnic Institute, USA

Hayat Onyuksel

State University of New York, USA

Hai-Feng Frank Ji

Drexel University, USA

Julia Y. Ljubimova

Cedars-Sinai Medical Center, USA

Jin-Woo Kim

University of Arkansas, USA

Frank A. Gomez

California State University, USA

James F. Leary

Purdue University, USA

George Perry

University of Texas at San Antonio, USA

Stephen Beebe

Old Dominion University, USA

Rajendra G. Mehta

Surgical Oncology, USA

Beverly A. Rzigalinski

Virginia College of Osteopathic Medicine, USA

Noah Federman

Jonsson Comprehensive Cancer Center, USA

Anjay Rastogi

David Geffen School of Medicine at UCLA, USA

Shivanand Puthli

TrisPharma Inc, USA

Marianna Foldvari

University of Waterloo, Canada

Rutledge Ellis-Behnke

Ruprecht-Karls-University Heidelberg, Germany

Yasuhiko Onishi

Ryujiyu science corporation, Japan

Dennis W. Smith Jr.,

The University of Texas at Dallas, USA

Igor A. Levitsky

University of Rhode Island, USA

David K. Mills

Louisiana Tech University, USA

Jaroslav W. Drelich

Michigan Technological University, USA

Robert A. Freitas Jr.

Institute for Molecular Manufacturing, USA

Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Addiction Congress 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Biopharma

About Toronto, Canada

Toronto is the most populous city in Canada, the common capital of Ontario, and the focal point of the Greater Toronto Area, the most crowded metropolitan range in Canada. In the 2011 enumeration, Toronto had a populace of 2,615,060, making it the fifth biggest city in North America. A populace evaluate from a city report discharged in 2013 demonstrates the city is presently the fourth most crowded city in North America, after Mexico City, New York City, and Los Angeles. As a built up worldwide city, Toronto is a universal focal point of business, back, expressions, and culture, and broadly perceived as a standout amongst the most multicultural and cosmopolitan urban communities on the planet. Native people groups have possessed the range now known as Toronto for a huge number of years. The urban history of the city goes back to 1787, when British authorities constrained the Mississauga's of the New Credit to surrender their local terrains. They set up the Town of York, and later assigned it as the capital of Upper Canada. Amid the War of 1812, the town was the site of the Battle of York and endured overwhelming harm by U.S. troops. York was renamed and consolidated as the City of Toronto in 1834, and turned into the capital of the territory of Ontario in 1867. The first fringes of Toronto were extended through amalgamation with encompassing regions at different times in its history, the aftereffects of which can be found in the 140 freely remarkable and obviously characterized official neighborhoods that make up the city. Situated in Southern Ontario on the northwestern shore of Lake Ontario, Toronto is arranged on an expansive inclining level met by a broad system of waterways, profound gorges, and urban timberland. It stays the Golden Horseshoe, a thickly populated area encompassing the western end of Lake Ontario that is home to 8.7 million individuals, or around 26% of the whole populace of Canada. The demographics of Toronto make it one of the world's most various urban communities, with around half of occupants having been conceived in a nation other than Canada, and more than 200 unmistakable ethnic birthplaces spoke to among its inhabitants. The limitlessly global populace of the city mirrors its present and authentic part as an imperative goal for workers to Canada. While English is the essential dialect talked by the lion's share of Torontonians, there are more than 160 unique dialects talked in the city.

We look forward to seeing you in Toronto!
