Program Announcement

Venue

Melbourne, Australia

Important Dates

Abstract submission opens: August 18, 2016

Registration opens: August 28, 2016

Early bird registration: September 20, 2016

On spot registration: July 20, 2017

Accommodation

A large number of rooms have been reserved. Discounted room rates for Diabetes Asia Pacific 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Diabetes.

About Melbourne

Australia's second largest city, Melbourne is an extremely popular destination for expatriates from all over the world. The state capital of Victoria in south eastern Australia, Melbourne enjoys a mild, temperate climate with four distinct seasons. The city of Melbourne is located just a few kilometres inland from Port Phillip Bay, with the main part of the city on the northern bank of the Yarra River, with its historic Victorian bridges.

Melbourne is a highly multicultural and cosmopolitan city, in which nationals of more than 140 countries are represented among residents. More than a quarter of Melbourne's population of 3.5 million was born overseas, and more than 40% were either born overseas or have a foreign-born parent. Melbourne is also a very young city, with nearly half of its residents aged below 35. There are around 50,000 international students living in Melbourne. Although expats live throughout the city and surrounding suburbs, successive waves of migration have resulted in cultural enclaves, such as the Italian, Greek and Vietnamese quarters. Most western expatriates now live in the suburbs surrounding the city centre.
