

## International Conference and Exhibition on **Pharmaceutical and Biomedical Engineering**

Osaka, Japan October 16-17, 2017

*Theme: "Recent Innovations in Pharmaceutical and Biomedical Engineering"*

Dear Colleagues,

Conference Series LLC is delighted to welcome you to Osaka, Japan for the Prestigious International Conference on Pharmaceutical and Biomedical Engineering. Pharma Engineering 2017 will focus on "Recent Innovations in Pharmaceutical and Biomedical Engineering". We are confident that you will enjoy the Scientific Program of this upcoming Conference. We look forward to see you at Osaka, Japan.

With Regards,

Pharma Engineering 2017 Organizing Committee  
Conference Series LLC Conferences

### Editorial Board Members of Supporting Journals:

**Yogita Ghodke**

Mayo Clinic, USA

**Neelaabh Shankar**

Finnegan, Henderson Garrett and Dunner Member  
of MA Bar, USA

**Parul Gupta**

University of Houston, USA

**Abhigyan Satyam**

National University of Ireland, Galway

**Pramod Mishra**

National University of Ireland, Galway

**Satyanand Tyagi**

Tyagi Pharmacy Association (TPA) & Scientific  
Writer (Pharmacy), USA

**Kamal Dua**

International Medical University, Malaysia

**Prasad Panzade**

Aditya Birla Science and Technology Co. Ltd., USA

**Arvind Pandey**

Pfizer, India

**Kaushik Anand**

Johnson & Johnson, India

**Rajsekhar Paul**

Novartis Pharmaceutical Ltd in Basel, Switzerland

**Song Gao**

The University of Houston, China

# Program Announcement

## Venue

Hyatt Regency Osaka  
Address: 1-13-11 Nanko-Kita, Suminoe-Ku  
Osaka, Japan, 559-0034

## Important Dates

Abstract Submission open: July 25, 2016  
Online registration open: August 01, 2016  
Early bird registration: September 04, 2017  
On spot Registration: October 16, 2017

## Accommodation

A large number of rooms have been reserved. Discounted room rates for Pharma Engineering 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Conference Center can be easily reached by public transportation.

## Exhibition and Sponsorship

An Exhibition will be held concurrently with the conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Pharma Engineering 2017.

## About Osaka, Japan

Osaka is the second largest metropolitan area in Japan and serves a major economic hub. Historically a merchant city, Osaka has also been known as the “Nation’s Kitchen”. With a population of 2.5 million, Osaka is Japan’s third largest and second most important city. It has been the economic powerhouse of the Kansai region for many centuries. The city’s west side has the main port as well as a tourist destination with attractions such as Kyocera Dome, Universal Studios Japan, Osaka aquarium, Minami, Osaka castle, Umeda sky building and the Tempozan Harbour Village. Osaka is known for its food, both in Japan and abroad. Author Michael Booth and food critic François Simon of Le Figaro have both suggested that Osaka is the food capital of the world. Osaka’s culinary prevalence is the result of a location that has provided access to high quality ingredients, a high population of merchants, and close proximity to the ocean and waterway trade. In recent years, Osaka has started to garner more attention from foreigners with the increased popularity of cooking and dining in popular culture. The National Museum of Art (NMAO) is a subterranean Japanese and international art museum, housing mainly collections from the post-war era and regularly welcoming temporary exhibitions. Osaka Science Museum is in a five storied building next to the National Museum of Art, with a planetarium and an OMNIMAX theatre. The Museum of Oriental Ceramics holds more than 2,000 pieces of ceramics, from China, Korea, Japan and Vietnam, featuring displays of some of their Korean celadon under natural light.
