Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Environment and Health Congress 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Environmental Toxicology and Health.

About Sydney

"Sydney is one of the world's most vibrant cities, and is also a gateway to the rest of Australia. It's exciting and vibrant."

- René Redzepi, Chef and co-owner of Noma, Copenhagen

Sydney, the capital of New South Wales, Australia. It is Australia's oldest and largest city with a population of around 4 million. Sydney is built around a huge harbour and hosts many tourist attractions as well as a number of beaches, bays and a couple of national parks.

Sydney has many influences upon its style. Aboriginal sites and engravings can still be seen from the original occupiers, the Eora tribe. The city also has an Anglo Mediterranean style and a growing Chinese and Asian influence.

The city is divided into North and South by the Sydney Harbour, with both Sydney Harbour Bridge and Tunnel connecting them.
