5th Global Congress on

Environmental Microbiology

Atlanta, USA  November 28-30, 2016

Conference Secretariat
5716 Corsa Ave., Suite 110, West Lake, Los Angeles, CA 91362-7354, USA
Email: environmentalmicrobiology@microbiologyconferences.com
Conference Series LLC welcomes you to attend the 5th Global Congress on Environmental Microbiology during November 28-30, 2016 at Atlanta, USA.

We cordially invite all the participants who are interested in sharing their knowledge and research in the area of 5th Global Congress on Environmental Microbiology and related fields.

Environmental Microbiology 2016 anticipates more than 200 participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates include Editorial Board Members of related Conference Series LLC Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with their colleagues. Avail the delegate early bird offer.

The main theme of the conference is “Exploration of Microbial Flora”.

Regards,
Environmental Microbiology 2016 Operating Committee
All accepted abstracts will be published in respective Conference Series LLC Journals

Each abstract will be provided with digital Object Identifier by CrossRef

Conference Series LLC Journals
- 700 Open Access Journals
- Scholarly Journals Index- PubMed, ISI, Scopus, Chemical Abstracts Service, ProQuest, Gale EBSCO
- 21 Day rapid review process
- 70000 Editorial Team
- 25 Million readers and high visibility
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features
- User friendly/feasible website translation of your paper to 50 world’s leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- Scholarly Journals Index- PubMed, ISI, Scopus, Chemical Abstracts Service, ProQuest, Gale EBSCO

Conference Series LLC Conferences
- 3000+ Global Events with over 600+ Conferences, 1200+ Symposia and 1200+ Workshops
- 15 Million unique visitors/year (36 million page views/year)
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features
- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Live Streaming Conferences and Meetings
- Platform for global networking
- Connecting scientific community

Special Issues
Environmental Microbiology 2016 welcomes participants, visitors, delegates and exhibitors from all over the world to the idealist city of Atlanta, USA. Our conference throws light on thought provoking topics and recent research in the field of environmental microbiology, exobiology, bioremediation, biopolymers and more. Environmental Microbiology is applied to and used to study the natural environment. Environmental Microbiology could also imply that one try to harness biological process for commercial uses and exploitation.

Environmental Microbiology 2016

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following Conference Series LLC Journals
  - Expert Opinion on Environmental Biology Journal of Bioremediation & Biodegradation
  - Journal of Petroleum & Environmental Biotechnology
  - Journal of Marine Biology & Oceanography
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas

The Conference Highlights the following Topics

- Microbes in Air
- Forest Microbiology
- Microbial Biodegradation
- Microbial Bioremediation
- Anaerobic Bioremediation
- Microbial Biogeochemistry
- Microbes in Soil
- Industrial Microbiology
- Biogeochemical cycles
- Subsurface Microbiology
- Plant Pathology and Microbiology
- Microbes in Water
- Agriculture Microbiology
- Marine Microbes
- Microbes and biofuels
- Microbial Corrosion
- Microbial Biofilms
- Microbes in climate change and global warming
- Aerobic Bioremediation
- Environmental Pollutants
- Biodeterioration Microbiology
About Atlanta

Atlanta is the capital of and the most populous city in the U.S state of Georgia. The ninth largest metropolitan area in the United States. Atlanta is the county seat of Fulton County, and a small portion of the city extends eastward into DeKalb County.

Atlanta is the seventh most visited city in the United States, with over 35 million visitors per year. Although the most popular attraction among visitors to Atlanta is the Georgia Aquarium, the world's largest indoor aquarium, Atlanta's tourism industry is mostly driven by the city’s history museums and outdoor attractions. Atlanta contains a notable amount of historical museums and sites, including the Martin Luther King, Jr. National Historic Site, which includes the preserved childhood home of Dr. Martin Luther King, Jr. as well as his final resting place. The Atlanta Cyclorama & Civil War Museum, which houses a massive painting and diorama in the round, with a rotating central audience platform, depicting the Battle of Atlanta in the Civil War, the World of Coca-Cola, featuring the history of the world famous soft drink brand. Zoo Atlanta, located in Grant Park, accommodates over 1,300 animals representing more than 220 species. Home to the nation’s largest collections of gorillas and orangutans, the Zoo is also one of only four zoos in the U.S. to house giant pandas.

Venue
Atlanta, Georgia USA

Important Dates
Abstract submission opens: November 20, 2015
Registration opens: November 20, 2015
Early bird registration: April 30, 2016
On spot registration: November 28, 2016
