# Program Announcement

## Venue

Amsterdam, Netherlands

## Important Dates

Abstract Submission Opens: September 31, 2016

Registration Opens: September 31, 2016

Early bird Registration: December 31, 2016

On Spot Registration: February 27, 2017

## Accommodation

A large number of rooms have been reserved. Discounted room rates for Microbiology 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

## Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Microbial Physiology.

# About Amsterdam

As the commercial capital of the Netherlands and one of the top financial centres in Europe, Amsterdam is considered an alpha world city by the Globalization and World Cities (GaWC) study group. The city is also the cultural capital of the Netherlands. Many large Dutch institutions have their headquarters there, and seven of the world's 500 largest companies, including Philips and ING, are based in the city. In 2012, Amsterdam was ranked the second best city in which to live by the Economist Intelligence Unit (EIU) and 12th globally on quality of living for environment and infrastructure by Mercer. The city was previously ranked 3rd in innovation by 2thinknow in the Innovation Cities Index 2009

Famous Amsterdam residents included Anne Frank the diarist, the artists Rembrandt van Rijn and Vincent van Gogh, and the philosopher Baruch Spinoza.

Amsterdam, one of Europe's capitals, has many attractions for visitors. The city's most famous sight is the 17th-century canals of Amsterdam (in Dutch: 'Grachtengordel'), located in the heart of Amsterdam, they are added to the UNESCO World Heritage List.
