# Program Announcement

## **Accommodation**

*A large number of rooms have been reserved. Discounted room rates for Euro Nursing 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.*

## **Exhibition and Sponsorship**

*An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Nursing and 32nd Euro Nursing & Medicare Summit*

## **About Paris**

*Paris can be seen as the most interesting city of Europe and probably even as one of the most amazing city's worldwide. People from all over the world travel to Paris to discover and experience this fairy-like city. Paris is the city of love, inspiration, art and fashion. The night scene, the Eiffel tower and the warm atmosphere will make you feel directly at home. Paris has a lot of interesting architecture and museums to offer, and is also a Walhalla for shopaholics. A city as Paris is one that everyone should visit and experience. Paris is beautiful in every single season. The continental climate in Paris is characterized by warm and sunny summers, moderate winters and has no extreme temperatures. The average temperature in July is about 25°C. In winter the temperature drops until an average temperature of 2°C in January. Two main airports, Roissy-Charles de Gaulle and Orly, serve the metropolis of Paris and neighboring areas. From these airports travelers can easily take public transportation (subway) or taxis to the heart of Paris in less than an hour. For more specific information, visitors can visit the Office du Tourisme booth in either airport. Paris is the most populated city in France. The last estimate (1997) claimed 2,152,000 inhabitants lived in Paris. However, there are about ten million more people in the metropolitan area. The economy of Paris is comprised of high finance, banking, and luxury tourist goods. The Champs Elysées and neighboring streets house many high-fashion couturiers (designers), parfumeurs (perfume shops), and other luxury items. Universities, museums, and cafés cater to tourists and residents alike. Government employees are numerous as France is a bureaucratic country. France is also a member of the European Economic Community.*

## **Venue**

Paris, France
