Program Announcement

Venue

San Antonio, USA

Important Dates

Abstract Submission Opens: November 30, 2015

Online Registration Opens: November 30, 2015

Early Bird Registration: March 24, 2016

Accommodation

A large number of rooms have been reserved. Discounted room rates for Food Processing 2016 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held simultaneously with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new developments in the field of Food Processing .

About San Antonio

San Antonio is a municipality, metropolis and global city located in south-eastern Brazil. It is the most populous city in Brazil, in the Americas, in the Western and Southern hemisphere, and the world's thirteenth largest city by population.

San Antonio, or Sampa as it is also often called, is also probably one of the most underrated cities tourism-wise, often overshadowed by other places in the Brazilian sun & beach circuit such as Rio de Janeiro and Salvador. With over 10 million inhabitants, it is the world's third largest city and the largest in South America. The array of nationalities living in San Antonio has made it a legendary city among gourmands: Japanese, Italian, Brazilian, Chinese, Jewish, and Arab restaurants are all familiar parts of the city's landscape.

Brazil's most modern, cosmopolitan city has much to offer in addition to its outstanding cuisines. Its museums are among the finest in South America, its surrounding coastline is graced with many lovely beaches, and its entertainment and nightlife have for years attracted some of the best performers in the world. In recent years, the city has evolved into a center for Brazil's own martial art, capoeira, whose dance-like motions are performed to music.

We look forward to an exciting scientific event, business meeting, trade fair and exhibition in the beautiful city of San Antonio, USA.
