

Initial Announcement

International Conference on Graphene and Semiconductors

Chicago, IL, USA July 17-18, 2017

Dear Colleagues,

Conference Series LLC is delighted to welcome you to Chicago, IL, USA for the Prestigious **International Conference on Graphene and Semiconductors** at **Chicago, IL, USA** during **July 17-18, 2017**. Graphene 2017 is designed with the theme **"The Rising Era Of Graphene"**. We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at Chicago, IL, USA.

With Regards,
Graphene 2017 Organizing Committee
Conference Series LLC Conferences

Editorial Board Members of Supporting Journals:

Azam Ali

University of Otago, Dunedin

Ramesh K Agarwal

University of Washington, USA

TC Mike Chung

University of Pennsylvania, USA

James Michael Rigsbee

North Carolina State University, USA

Jason H Nadler

Georgia Tech Research Institute, USA

Zhitao Kang

Georgia Tech Research Institute, USA

A. Heidari

California South University, Irvine, California

Sergei L Dudarev

University of Oxford, United Kingdom

Claudio Zannoni

University of Bologna, Italy

Manijeh Razeghi

Northwestern University, USA

Rolf Henrik Berg

University of Denmark, Kongens Lyngby, Denmark

LiKamWa Patrick L

University of Central Florida, Florida, USA

Arvinda Kar

University of Central Florida, USA

Mahi R. Singh

University of western Ontario, London, Canada

Peng-Sheng Wei

National Sun Yat-Sen University, Taiwan

Zhihua Ding

Zhejiang University, China

Program Announcement

Venue

*Doubletree by Hilton Chicago
North Shore Conference Center 9599
Skokie Blvd. Skokie IL 60077*

Important Dates

*Abstract submission opens: July 18, 2016
Registration opens: July 19, 2016
Early bird registration: November 23, 2016
On spot registration: July 17, 2017*

Accommodation

A large number of rooms have been reserved. Discounted room rates for Graphene 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of graphene and materials science

About Chicago

Chicago is among the largest cities in the U.S. Famed for its bold architecture, the population of the city is 2,695,598 and rank 3rd largest city in US. Chicago had the third largest gross metropolitan product in the United States at US\$571 billion. With over 2.7 million residents, it is the most populous city in the state of Illinois and the Midwest.

The city has many nicknames, which reflect the impressions and opinions about historical and contemporary Chicago. The best-known include the "Windy City" and "Second City". Chicago has professional sports teams in each of the major professional leagues. The city's waterfront location and nightlife has attracted residents and tourists alike. Over a third of the city population is concentrated in the lakefront neighbourhoods of Rogers Park in the north to South Shore in the south.

The nature lovers are not to be disappointed for this place has something in store for everybody. Animal lovers will love the Lincoln Park Zoo, the Brookfield Zoo, the Garfield Park Conservatory and the Lincoln Park Conservatory should satiate the eyes of those looking for some quiet enjoyment.

Culturally very sound, this city offers you the best of African American, Asian and Latino cultures. Since it was the home of the Great Migration of the early 20th century, you will get to experience the cultural revival of the Harlem Renaissance. This city has a century old history of holding the most jazz musical shows, which you can still get to hear the city's many night clubs. Not just music, this place also has a lot to say about the culture of African Americans. The DuSable Museum has more than 15000 artefacts and the Bronzeville Visitor Information Centre and the Gallery Guichard gives the pleasure of viewing many art galleries of both nationally and internationally renowned artists.

As a multicultural city that thrives on the harmony and diversity of its neighbourhoods, Chicago today embodies the values of America's heartland-integrity, hard work and community and reflects the ideals in the social fabric of its 77 distinct neighbourhoods.
