International Conference on
Psychiatry-Mental Health Nursing
London, UK  October 03-04, 2016
OMICS International welcomes you to attend the International Conference on Psychiatry-Mental Health Nursing during October 03-04, 2016 at London, UK.

We cordially invite all the participants who are interested in sharing their knowledge and research in the field of Psychiatry-Mental Health Nursing.

Mental Health Nursing 2016 anticipates more than 300 participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates include Editorial Board Members of related OMICS International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is “Enriching the Lives and Mental Health of Women and Children”.

Regards,
Mental Health Nursing 2016 Organizing Committee

Plan your Trip to UK

- **Castlefield**
  - Manchester City stadium and club tour
- **Manchester Town Hall**
- **Heaton Park**
- **Manchester Central Library**
- **John Rylands Library**
- **Manchester City stadium and club tour**
OMICS International Journals
- 700+ Open Access Journals
- Scholarly Journals Index- PubMed, ISI, Scopus, Chemical Abstracts Service, ProQuest, Gale EBSCO
- 21 Days rapid review process
- 70000 Editorial Team
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features
- User friendly/feasible website translation of your paper to 50 world’s leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

OMICS International Conferences
- 3000+ Global Events with over 600+ Conferences, 1200+ Symposia and 1200+ Workshops
- 25 Million unique visitors/year (36 million page views/year)
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features
- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Live Streaming Conferences and Meetings
- Platform for global networking
- Connecting scientific community

Special Issues
All accepted abstracts will be published in respective OMICS International Journals
Each abstract will be provided with Digital Object Identifier by CrossRef

The field of Psychiatry-Mental Health Nursing is growing rapidly, and it reflects the variety of novel properties which occur when many particles are brought together. Since expansion of the technology of this field depends crucially on the ability to synthesize, understand, and manipulate new materials, Psychiatry-Mental Health Nursing often find valuable collaborations with psychologists and mental health nurses.

**Mental Health Nursing 2016**

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following OMICS International Journals
  - Journal of Mental Health & Psychiatry
  - International Journal of Emergency Mental Health and Human Resilience
  - Journal of Nursing & Care
  - Journal of Psychiatry
  - Journal of Psychology & Psychotherapy
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas
- Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers.

**The Conference Highlights the following Topics**

- Psychiatric Disorders
- Paediatric Mental Health disorders
- Mental Health Nursing Practices
- Adaptation Models
- Biological context
- Geriatric Psychiatry
- Forensic Psychiatry
- Translational Psychiatry
- Schizophrenia
- Diagnostic approaches
- Healing techniques
- Positive Psychology
- Cortical development in Psychiatry
- Continuum of Mental Health
- Cognition in Mental Health
- Circadian Rhythms in Mental Health
- Advanced Therapeutics for Mental Health Disorders

The United Kingdom of Great Britain and Northern Ireland, commonly known as the United Kingdom (United Kingdom) or Britain is a sovereign state located off the north-western coast of continental Europe. The country includes the island of Great Britain (a term sometimes loosely applied to the whole state), the north-eastern part of the island of Ireland, and many smaller islands.

The total area of the United Kingdom is approximately 243,610 square kilometres (94,060 sq mi). The country occupies the major part of the British Isles. The United Kingdom has a temperate climate, with plentiful rainfall all year round and UK is truly a cosmopolitan city.

London, England’s capital at its center stand the Across the Thames, the London Eye observation wheel provides panoramic views of the South Bank cultural complex, and the entire city and The largest numbers of private psychiatric clinics are present in London with proper treatment.

England and Scotland was leading Centre of the Scientific Revolution from the 17th century and the United Kingdom led the Industrial Revolution from the 18th century, and has continued to produce scientists and engineers credited with important advances. Scientific research and development remains important in British universities, with many establishing science parks to facilitate production and co-operation with industry. Between 2004 and 2008 the United Kingdom produced 7% of the world’s scientific research papers and had an 8% share of scientific citations, the third and second highest in the world.
