**Molecular Genetics
Congress**

Dear Colleagues,

Conference Series Ltd is delighted to welcome you to Thailand, Bangkok for the prestigious **2nd World Congress on Molecular Genetics and Gene Therapy. Molecular Genetics Congress** will focus on the theme **“An insight into molecular basis of life”**. We are confident that you will enjoy the Scientific Program of this upcoming Conference. We look forward to see you at Thailand, Bangkok.

With Regards,
Molecular Genetics Congress Operating Committee
Conference Series Ltd Conferences

Editorial Board Members of Supporting Journals:

Marek Malecki

Genetic and Biomolecular
Engineering PBMEF,
San Francisco, USA

Sergei Zolotukhin

University of Florida, USA

Arun Srivastava

University of Florida
USA

Philip Ng

Baylor College of Medicine, USA

David Neil Cooper

Institute of Medical Genetics
Cardiff University, UK

Paul L Hermonat

University of Arkansas, USA

George Perry

University of Texas at San Antonio,
USA

Thomas Lufkin

Clarkson University, USA

Yinling Hu

National Cancer Institute
Frederick, USA

Gang Zhang

Harvard University, USA

Gregory M. Pastores

New York University School of
Medicine, USA

Gullu Gorgun

Dana-Farber Cancer Institute, USA

Gaetano Santulli

Columbia University Medical
Center
New York, NY USA

James H. Segars

Unit on Reproductive Endocrinology
and Infertility, USA

Lee Philip Shulman

Northwestern University Chicago,
USA

**Molecular Genetics
Congress**

Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Molecular Genetics Congress participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Molecular Genetics and Gene Therapy.

About Thailand

Bangkok is the capital and most populous city of Thailand. The city occupies 1,568.7 square kilometres (605.7 Sq mi) in the Chao Phraya. River delta in Central Thailand, and has a population of over 8 million, or 12.6 percent of the country's population. Over 14 million people (22.2 percent) live within the surrounding Bangkok Metropolitan Region, making Bangkok an extreme primate city, significantly dwarfing Thailand's other urban centres in terms of importance. Bangkok welcomes more visitors than any other city in the world and it doesn't take long to realise why. Bangkok is a city of contrasts with action at every turn; marvel at the gleaming temples, catch a tuk tuk along the bustling Chinatown or take a longtail boat through floating markets. Food is another Bangkok highlight, from local dishes served at humble street stalls to haute cuisine at romantic rooftop restaurants.

Venue

Thailand, Bangkok

Important Dates

Abstract Submission Opens: November 03, 2016

Registration Opens: May 15, 2017

Early Bird Registration: January 06, 2017

On Spot Registration: July 03, 2017

Conference Secretariat

2360 Corporate Circle, Suite 400, Henderson, NV 89074-7722, USA
