OMICS International welcomes you to attend the **International Conference on Neurorehabilitation** during **July 21-22, 2016** at **Brisbane, Australia**.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Neurorehabilitation.

Neurorehabilitation 2016 anticipates more than 300 participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates include Editorial Board Members of related OMICS International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is “**Future Challenges and Opportunities of Neurorehabilitation Technologies and their Implementation**”.

Regards,
Neurorehabilitation 2016 Organizing Committee
The field of Neurorehabilitation is growing rapidly and its development is making tremendous impacts in medical sciences. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

**Neurorehabilitation 2016**
- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following OMICS International Journals
  - Journal of Neurorehabilitation
  - Journal of Physiotherapy & Physical Rehabilitation
  - International Journal of Physical Medicine & Rehabilitation
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas

**The Conference Highlights the following Topics**
- Neurorehabilitation
- Neural Repair
- Addiction and Rehabilitation
- Conditions treated by Neurorehabilitation
- Postsurgical and Post-Disaster neurorehabilitation
- Pediatric Neurorehabilitation
- Neurorehabilitation Medicine
- Neurorehabilitation Therapies
- Neuro Rehabilitation Exercises
- Neuro Rehabilitation Nursing
- Neurorehabilitation Engineering
- Neuromodulation and neuroplasticity
- Neuro rehabilitation and Motor control
- Technological Developments in neurorehabilitation
- Case Studies in Neurological Rehabilitation
- Robotics, Orthotics and related technology
Around 1 in 45 Australians (432,700 people) had brain injuries with activity limitations or participation restrictions due to disability. Almost three-quarters of these people were aged less than 65 years.

In Australia 90000 and in Brisbane more than 16450 members associated with health professional. In Australia more than 12 top industries associated with healthcare research.

In 2014, there were 223,013 new companies registered in Australia – an increase of over 10% from the level we saw in 2013. In the 2014-15 Budget funding for hospitals was increased by a record $5.3 billion (40%) over four years. The government has given environmental approval for more than $1 trillion worth of projects.

Australia has 37 government-funded universities and two private universities, as well as a number of other specialist institutions that provide approved courses at the higher education level.

Australia’s pharmaceutical sector was valued at $22.7 billion in 2015, and will increase at a Compound Annual Growth Rate of 5.1% to $32.1 billion by 2020.

Australia, officially the Commonwealth of Australia, is an Oceanian country comprising the mainland of the Australian continent, the island of Tasmania, and numerous smaller islands.
Wayne Carter, University of Nottingham, UK

We had an excellent day of talks thank you, lots of interest and questions for each of the talks.

Emily Clionsky, Clionsky Neuro Systems, USA

Based on what we saw and with whom we spoke, we are sure that you enjoyed a productive and worthwhile experience. We ask that you share your experience with your colleagues, as well as urge them to support these meetings.

Kathy Sexton Radek, Suburban Pulmonary & Sleep Associates, USA

The presentations varied from Basic Science in the physiological correlated Sleep Disorders to practice applications involving diagnostic, assessment and treatment of Sleep Disorders. Scientists and Practitioner from around the world attended our conference.

Hans Von Holst, Royal Institute of Technology, Sweden

Thank you for a well-organized Brain Disorders Conference.

Wayne Carter, University of Nottingham, UK

The feedback from the participants was really positive - we all thought the meeting was a great success. Relatively small meetings such as this one enabled us to get to know each other better and discuss overlapping interests and future collaborations.

Howard Prentice, Florida Atlantic University, USA

We take great pleasure in welcoming you to our Neurology Conferences and understand that this will be an excellent opportunity for disseminating new research findings as well as enabling investigators to explore innovative and emerging aspects of this critically important research field.

Alon Y. Avidan, California Sleep Society, USA

Sleep Medicine 2015 illuminated the gravity of the topic, how it affects our day to day lives, prevention and stairway to a healthier tomorrow.

Norman S. Miller, Michigan State University, USA

The priority aim of this Conferences will also be to deepen our understanding around the interrelationship of addictive disorders between each other, as well as with mental health, Addiction Psychiatry, family, community, and culture.

Michiaki Nagai, Jichi Medical University, Japan

It was very grateful that I could participate the congress, I was very impressed because the contents of the discussion were very high quality, and I enjoyed the interesting talk with many investigators, So, I think that the conference was very high level and well organized.

Emily Clionsky, Clionsky Neuro Systems, USA

Based on what we saw and with whom we spoke, we are sure that you enjoyed a productive and worthwhile experience. We ask that you share your experience with your colleagues, as well as urge them to support these meetings.

Kathy Sexton Radek, Suburban Pulmonary & Sleep Associates, USA

The presentations varied from Basic Science in the physiological correlated Sleep Disorders to practice applications involving diagnostic, assessment and treatment of Sleep Disorders. Scientists and Practitioner from around the world attended our conference.

Michael Prentice, Florida Atlantic University, USA

We take great pleasure in welcoming you to our Neurology Conferences and understand that this will be an excellent opportunity for disseminating new research findings as well as enabling investigators to explore innovative and emerging aspects of this critically important research field.

Alon Y. Avidan, California Sleep Society, USA

Sleep Medicine 2015 illuminated the gravity of the topic, how it affects our day to day lives, prevention and stairway to a healthier tomorrow.

Norman S. Miller, Michigan State University, USA

The feedback from the participants was really positive - we all thought the meeting was a great success. Relatively small meetings such as this one enabled us to get to know each other better and discuss overlapping interests and future collaborations.

Heinz Reichmann, University of Dresden, Germany

This conferences is really timely and informed about symptoms, diagnosis and modern treatment of neuro patients.

Minh Vu, Biogen, USA

The meeting went well and lot of questions today! I will attend the OMICS meeting again!
Shireen Qureshi, Saudi Stroke Association, Dubai
It is my pleasure to welcome you to this important event with great honor and respect, we are delighted to invite you to be part of our International meet.

Joao Maria Nabais, Portugal
I must confirm to you, my grateful pleasure being part and has participated in this important International Conference

Ayman Alboudi, UAE
It was a great pleasure to be there. Hope we meet soon

Suhera Abrewal, University of Tripoli, Libya
It’s been my pleasure to participate in this event, and beneficial by sharing interests with attendees and new connections.

Odeda Peled, Integrative Therapy Center, Israel
The convention itself was very nice, dignified and well organized

Pablo Bellido Correa, University of Valencia, Spain
We wanted to thank all the work this committee has made for us and for the Best Poster Presentation. We have received recognition in Spain, both at our University and at local and National media. Much of our activity is tracked by media and news

Oleksandr Makarenko, Taras Shevchenko National University of Kyiv, Ukraine
I want to write, that the organization of the Conference was almost on high level

Guang-Xian Zhang, Thomas Jefferson University, USA
Congratulations for your excellent organizing!

Jacqueline Sidman, The Sidman Institute, USA
It was my pleasure to participate. I enjoyed it very much

Susan Henning, DeVry University, USA
Absolutely good quality Programs, Thank you

Nagwa Abdel Meguid, National Research Centre, Egypt
It was really wonderful conference
Australia, officially the Commonwealth of Australia, is an Oceanian country comprising the mainland of the Australian continent, the island of Tasmania, and numerous smaller islands. It is one of the wealthiest countries in the world, with the world’s 12th-largest economy. Health care in Australia is provided by both private and government organizations. Medicare is the publicly funded health care system for everyone in Australia. In Australia 90000 and in Brisbane more than 16450 members associated with health professional. In Australia more than 12 top industries associated with healthcare research.

**Why Neurorehabilitation 2016 in Australia?**

- In Australia 90000 and in Brisbane more than 16450 members associated with health professional. As the capital city of Queensland, Brisbane is the hub of health care. Australia’s medical infrastructure and healthcare systems are world class.
- It is one of the wealthiest countries in the world, with the world’s 12th-largest economy. Health care in Australia is provided by both private and government organizations.
- The Australian pharmaceuticals industry comprises bio-medical research, biotechnology firms, originator and generic medicines companies and service-related segments including wholesaling and distribution.
- Medicare is the publicly funded health care system for everyone in Australia. In Australia 90000 and in Brisbane more than 16450 members associated with health professional.
- Australia is a member of the United Nations, G20, Commonwealth of Nations, ANZUS, Organization for Economic Co-operation and Development (OECD), World Trade Organization, Asia-Pacific Economic Cooperation, and the Pacific Islands Forum.
- In Australia more than 12 top industries associated with healthcare research. Australia is the 15th largest pharmaceutical industry and is leading country in research and Development. Australia has a proud history of seven Nobel winners in medicine. Australia has high expenditure on R &D with increase in generic growth.

Venue
Brisbane, Australia

Important Dates
Abstract submission opens: November 01, 2015
Registration opens: December 01, 2015
Early bird registration: January 15, 2016
On spot registration: July 21, 2016

Registration Details
Register online: http://neurorehabilitation.conferenceseries.com/registration.php
Register online: http://conferenceseries.com/onlinepayment/

Registration Benefits
• Contribute to and learn about the most recent advances in Epilepsy Research
• Accepted abstract will be published in respective OMICS journals
• Each abstract will receive a Digital Object Identifier (DOI) provided by crossref
• Access to All programs and Reception banquet
• Coffee and Lunch during the conference
• Handbook and A free paper abstract
• Conference will contribute to increment in overall research profile
• Golden chance to meet other researchers in neurology field and potential contacts for future positions

OMICS International Journals
- 700+ Open Access Journals
- Scholarly Journals Index- PubMed, ISI, Scopus, Chemical Abstracts Service, ProQuest, Gale EBSCO
- 21 Days rapid review process
- 70000 Editorial Team
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features
- User friendly/feasible website translation of your paper to 50 world’s leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

OMICS International Conferences
- 3000+ Global Events with over 600+ Conferences, 1200+ Symposiums and 1200+ Workshops
- 15 Million unique visitors/year (36 million page views/year)
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features
- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Live Streaming Conferences and Meetings
- Platform for global networking
- Connecting scientific community

Special Issues
All accepted abstracts will be published in respective OMICS International Journals
Each abstract will be provided with digital Object Identifier by CrossRef
