

International Conference on

Next Generation Sequencing and Biostatistics

October
22-23, 2018
Osaka, Japan

Theme:
Exploring the Facets
of SEQUENCING & BIO
STATISTICS

Dear Colleagues,

Conference Series is delighted to welcome you to Osaka, Japan for the prestigious International Conference on Next Generation Sequencing and Biostatistics. NGS Congress 2018 will focus on the theme "Exploring the Facets of SEQUENCING & BIO STATISTICS". We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at Osaka, Japan.

With Regards,
NGS Congress 2018
Conference Series Conferences

Editorial Board Members of Supporting Journals:

Robert L Jernigan

Iowa State University, USA

Tamanna Sultana

University of Pittsburgh, USA

Krestyaninova M

Wellcome Trust Genome Campus, UK

Alexander E Berezin

Zaporozhye State Medical University

Zaporozhye, Ukraine

James Lyons-Weiler

University of Pittsburgh, USA

Jixiang Wu,

South Dakota State University, USA

Haipeng Shen

University of North Carolina, USA

Yufeng Liu

The University of North Carolina, USA

Jennifer Dommer

National Institutes of Health, USA

Simon Daefler

Mount Sinai School of Medicine, USA

Accommodation

A large number of rooms have been reserved. Discounted room rates for NGS Congress 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Nutrition.

About Osaka

Osaka is the second largest metropolitan area in Japan and serves a major economic hub. Historically a merchant city, Osaka has also been known as the "Nation's Kitchen". With a population of 2.5 million, Osaka is Japan's third largest and second most important city. It has been the economic powerhouse of the Kansai region for many centuries. The city's west side has the main port as well as a tourist destination with attractions such as Kyocera Dome, Universal Studios Japan, Osaka aquarium, Minami, Osaka castle, Umeda sky building and the Tempozan Harbour Village. Osaka is known for its food, both in Japan and abroad. Author Michael Booth and food critic François Simon of Le Figaro have both suggested that Osaka is the food capital of the world. Osaka's culinary prevalence is the result of a location that has provided access to high quality ingredients, a high population of merchants, and close proximity to the ocean and waterway trade. In recent years, Osaka has started to garner more attention from foreigners with the increased popularity of cooking and dining in popular culture.

Important Dates

Abstract submission opens: August 01, 2017

Registration opens: August 15, 2017

Early bird registration: October 10, 2017

On spot registration: October 22, 2018

Venue

Osaka, Japan

Abstract Submission
