

International Conference on

Nuclear Chemistry

San Antonio, USA December 08-09, 2016

Theme: "Key implications in Radiation, Nuclear processes and Nuclear properties"

Dear Colleagues,

OMICS Group is delighted to welcome you to San Antonio, USA for the Prestigious International Conference on Nuclear Chemistry. Nuclear Chemistry 2016 will focus on "Key implications in Radiation, Nuclear processes and Nuclear properties". We are confident that you will enjoy the Scientific Program of this upcoming Conference. We look forward to see you in San Antonio, USA.

With Regards,

Nuclear Chemistry 2016 Organizing Committee
OMICS International Conferences

Editorial Board Members of Supporting Journals:

Abass Alavi
University of Pennsylvania, USA

James Michael Mountz
University of Pittsburgh, USA

Jiang Du
University of California, USA

Ayden Jacob
University of California, USA

Salomone Di Saverio
Maggiore Hospital of Bologna, Italy

Yu Kuang
Stanford University School of Medicine, USA

Charbel Saade
American University of Beirut, USA

Edward Yungjae Lee
Harvard Medical School, USA

Robert Evans Heithaus
University of South Florida, USA

Suren A Tatulian
University of Central Florida, USA

Jonathan E Kenny
Tufts University, USA

John R Sabin
University of Southern Denmark, Denmark

Yuming Zhao
Memorial University, Canada

John Yuen
The Hong Kong Polytechnic University, Hong Kong

Malinda W Gilmore
Alabama Agricultural and Mechanical University,
USA

Program Announcement

Venue

San Antonio, USA

Important Dates

Abstract Submission Opens: February 01, 2016

Registration Opens: February 01, 2016

Early bird Registration: May 30, 2016

On spot Registration: December 08, 2016

Accommodation

A large number of rooms have been reserved. Discounted room rates for International Conference on Nuclear Chemistry participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Medical Physics.

About San Antonio

San Antonio is the seventh most populated city in the United States of America and the second most populated city in the state of Texas, with a population of 1,409,019. San Antonio has a diversified economy with about a \$96.8 billion metropolitan Gross Domestic Product. This ranks the

city 4th among Texas metropolitan areas and 38th in the United States. San Antonio's economy is focused primarily within military, health care, government civil service, financial services, oil and gas and tourism sectors.

San Antonio hosts over 100,000 students in its 31 higher-education institutions. The city is home to more than 30 private schools and charter schools. The University of Texas at San Antonio is San Antonio's largest university.

Tourism also brings new annual revenues to the City of San Antonio and other governmental entities with the hotel & motel tax, sales taxes and other revenues from hospitality agreements and contracts. This number exceeded \$300 million

in 2012. San Antonio is home to six Fortune 500 companies. The 14th largest private company in the United States is also headquartered in San Antonio. In 2013, San Antonio ranked 11th on Forbes' list of the Best Places for Business and Careers, with a ranking of 9th best market for job growth.
