

Announcement

3RD WORLD CONGRESS ON

PETROLEUM REFINERY AND NATURAL GAS RECOVERY

July 19-20, 2018 | Melbourne, Australia

Theme: Exploring and Enhancing the recent trends and applications in Energy World

Invitation

Conference Series welcomes you to attend the [3rd World Congress on Petroleum Refinery and Natural Gas Recovery](#), which is going to be held in [Melbourne, Australia](#) during [June 19-20, 2018](#).

We cordially invite all the participants who are interested in sharing their knowledge and research in the area of Petroleum.

Petroleum Congress 2018 anticipates more than 100 participants around the globe with thought provoking Keynote lectures, Oral Presentations and Poster Presentations. The attending delegates include Editorial Board Members of related International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Speakers. The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate and speaker early bird offer.

The main theme of the conference is ["Exploring and Enhancing the recent trends and applications in Energy World"](#).

Organizing Committee Members

- Davis L. Ford
President: Davis L. Ford, Ph.D., P.E.
The University of Texas at Austin
USA
- Fabrizio Paolacci
Professor, Roma Tre University
Italy
- Renyuan SUN
Professor
China University of Petroleum
China
- Ridha Gharbi
Senior Consultant - Research
& Development Group
Kuwait Oil Company (KOC)
Kuwait

Regards,
Petroleum Congress 2018
Operating Committee

About Conference

The field of Petroleum Refinery and Natural Gas is growing rapidly and its development is making tremendous impacts in Oil and Gas industries. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

Petroleum Congress 2018

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following Conference Series Journals
- Journal of Petroleum & Environmental Biotechnology
- Journal of Chemical Engineering & Process Technology
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas
- Share your excitement in promoting your skills in the field of designing
- Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers

Tracks

Petroleum geology
 Drilling and Production Technology
 Refinery Gases
 Petroleum and Chemical process control
 Enhanced Oil Recovery
 Petrochemistry and Petrochemicals
 Fossil Fuel and Biofuels

Petroleum products and their uses
 Sustainable Energy
 Computer Applications in Petroleum
 Global oil and Gas Business
 Transportation
 Natural hazards in Petroleum industry
 Entrepreneurs Investment Meet

Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Petroleum Congress 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Petroleum Industries and Refineries.

About Melbourne City

Melbourne is the capital and most populous city in the Australian state of Victoria; it was transformed into one of the world's largest and wealthiest cities, during Victorian Gold Rush in 1850. Melbourne rates highly in education, entertainment, health care, research and development, tourism and sport, making it the world's most livable city—for the fifth year in a row in 2015, according to the Economist Intelligence Unit. It is a leading financial centre in the Asia-Pacific region, and ranks among the top 30 cities in the world in the Global Financial Centers Index. It is home to many of Australia's largest and oldest cultural institutions such as the Australian Centre for the Moving Image, Melbourne Cricket Ground, the National Gallery of Victoria, the State Library of Victoria and the UNESCO World Heritage-listed Royal Exhibition Building. Melbourne is also home to Australia's most extensive freeway network and has the world's largest urban tram network.
