Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Pharmacovigilance 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Pre-Clinical & Clinical Trials, Clinical Research, Pharmacodynamics and Biopharmaceutical Sciences.

About Munich

Munich is the third largest city in Germany, known for its very high standard and quality of living ranking on the top within Germany and 4th in the world. Munich houses over 300 pharma and biotech companies, 8 world renowned research centers generating revenue of around 9 billion Euro yearly. The pharma and biotech industry in Munich provides employment to 25,000 people in the city and around. Moreover, the city has more than 37 CROs that are engaged in clinical trials. The investment in research in the city of Munich alone is around few million Euro yearly. The Munich metropolitan Region (EMM) is Germany's most notable area for pharmaceutical and biotech firms. 15% of the biotech firms have their headquarters in the EMM region and almost 35% of the country's development in biotech and pharma field happens from EMM region. Effective network management is provided by a cluster organization BioM. It also facilitates collaborations and dialogues between scientific and business bodies, grant and subsidy approvals etc.

Munich also has some world's best tourist spots which attract a large number of tourist from around the world. These tourist attractions are known for their uniqueness and record a huge count of tourists all round the year.
