

Initial Announcement

2nd International Conference on Plant Science & Physiology

Bangkok, Thailand June 26-27, 2017

Dear Colleagues,

Conference Series Ltd is delighted to welcome you to Bangkok, Thailand for the prestigious **2nd International Conference on Plant Science & Physiology**. It will focus on "**Advancement in botanical research**". We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at Bangkok, Thailand.

With Regards,
Plant Science & Physiology 2017 Organizing Committee
Conference Series Ltd Conferences

Editorial Board Members of Supporting Journals:

Steven Hutcheson

University of Maryland, USA

Steven Hutcheson

University of Maryland, USA

Stephen K. Herbert

University of Wyoming, USA

Michelina Ruocco

The Italian National Research Council, Institute for Plant Protection, Italy

Xiangyang Shi

Cornell University NYSAES Geneva, USA

Jack Brown

University of Idaho, USA

Rodrigo A Valverde

Louisiana State University Agricultural Center, USA

Guangming Zhong

University of Texas Health Science Center, USA

Mark T Muller

University of Central Florida, USA

Weili Yang

Michigan State University, USA

Zonglie Hong

University of Idaho, USA

Anthony Oyegoke Adesemoye

University of California, USA

Rebecca Creamer

New Mexico State University, USA

Leland Stanley Pierson III

University of Arizona, USA

CO Thoen

Iowa State University, USA

Shujian Zhang

University of Florida, USA

Konstantin Kanyuka

Centre for Sustainable Pest and Disease Management, UK

Florence V. Dunkel

Montana State University, USA

Deshpal Singh Verma

Ohio State University, USA

John Burand

University of Massachusetts, USA

Brian Traw

University of Pittsburgh, USA

Svetlana Folimonova

University of Florida, USA

Nicole Donofrio

University of Delaware, USA

Li Huang

Montana State University, USA

Supriya Sen

University of California San Diego
USA

Rubella Goswami

North Dakota State University, USA

David Meigs Beyer

Pennstate College of Agricultural Sciences, Canada

David B Hannaway

Oregon State University USA

Program Announcement

Venue

Bangkok, Thailand

Important Dates

Abstract submission opens: June 27, 2016

Registration opens: July 10, 2016

Early bird registration: January 28, 2017

On spot registration: June 26, 2017

Accommodation

A large number of rooms have been reserved. Discounted room rates for Plant Science & Physiology 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Plant Science & Physiology.

About Bangkok

Bangkok, The City of Angels or "Krungthep" in Thai, is the capital city of Thailand. Bangkok is the hub for most of the commercial and economical activities of the Kingdom. At the same time, the City is very famous and appreciated by visitors for its versatility and multiple points of interests. From temples, the Grand Palace, all the way over the some of Asia's largest shopping centers and the largest outdoor market of Asia (Chatuchak), Bangkok definitely has what it takes to entertain visitors from all origins, either first time or return travelers. Whilst Taxi fares are very reasonable, most of the sightseeing can comfortably be reached by Skytrain (BTS) or Underground train (MRT). Aside of the sightseeing and shopping, Bangkok has developed into a magnet for food lovers of all origins. The same range of choice applies to the accommodation options all over town, from high end international chain hotels to family run guesthouses, demands of all travelers are met. In terms of wellness and relaxation – Bangkok has recently seen a huge development of city Spas and Wellness centers, in addition to the long established Thai massage centers. Bangkok has a large range of cultural attractions to visit. From the various Royal residences to the temples and other religious sites all the way over to the recently opened Bangkok Art and Culture Center, as well as numerous smaller galleries and museums. The main monuments are easy to access and widely known while some of the smaller venues or more recently opened venues are sometimes a bit challenging to locate.
