About Dallas

Dallas is a major city in Texas and is the largest urban center of the fourth most populous metropolitan area in the United States. The city proper ranks ninth in the U.S. and third in Texas after Houston and San Antonio. The city's prominence arose from its historical importance as a center for the oil and cotton industries, and its position along numerous railroad lines. The bulk of the city is in Dallas County, of which it is the county seat; however, sections of the city are located in Collin, Denton, Kaufman, and Rockwall counties.

Dallas is centrally located and within a four-hour flight from most North American destinations. DFW International Airport is the world's fourth busiest airport, offering nearly 1,750 flights per day and providing non-stop service to 145 domestic and 47 international destinations worldwide annually. In addition, Dallas Love Field Airport is conveniently located 10 minutes from downtown. Once here, visitors can ride DART, one of the fastest-growing light rail systems in the nation or the historic, free McKinney Avenue Trolley from the Dallas Arts District throughout the Uptown area with its restaurants, pubs, boutique hotels and shops.

Throughout the city, a visitor will enjoy the best shopping in the southwest, four-and five-diamond/star hotels and restaurants, the largest urban arts district in the nation, 14 entertainment districts and much more. Blend in moderate weather, year-round sports and true Southern hospitality for a true "taste" of the Dallas difference. Visitors are exposed to a city of success ... where optimism meets opportunity. Its pioneering spirit is alive and well, and the philanthropic contributions from its many residents continue to enrich the community and quality of life.
