University of Macau, China

**Recycling
Expo 2017**

Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Recycling Expo 2017 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Pharmacy.

About Rome

Rome is one of the best cities to organize an international conference on Recycling. The research work going on in the field is in a good range when compared to the other cities. Rome is the fastest growing city in the Italy with an excellent economic growth. Several of the College of Technology degree programs are offered at University of Rome and other Recycling companies.

Rome's history spans more than two and a half thousand years. While Roman mythology dates the founding of Rome at only around 753 BC, the site has been inhabited for much longer, making it one of the oldest continuously occupied sites in Europe. The city's early population originated from a mix of Latins, Etruscans and Sabines. Eventually, the city successively became the capital of the Roman Kingdom, the Roman Republic and the Roman Empire, and is regarded as one of the birthplaces of Western civilisation and by some as the first ever metropolis. It is referred to as "Roma Aeterna" (The Eternal City) and "Caput Mundi" Capital of the World, two central notions in ancient Roman culture.

Venue

Rome, Italy

Important Dates

Abstract submission opens: August 20, 2016

Registration opens: August 22, 2016

Early bird registration: November 30, 2016

On spot registration: July 27, 2017
