

International Conference on

# Robotic Surgery 2018

October 26-27,  
2018  
Osaka, Japan

Theme:  
Exploring the novel  
research and discoveries  
in robotic surgery

Dear Colleagues,

Conference Series is delighted to welcome you to Osaka, Japan for the prestigious International Conference on Robotic Surgery 2018. Robotic Surgery 2018 will focus on the theme "Exploring the novel research and discoveries in robotic surgery". We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at Osaka, Japan.

With Regards,  
Robotic Surgery 2018 Operating Committee  
Conference Series Conferences

### Editorial Board Members of Supporting Journals:

Ashokkumar B. Jain  
Temple University, USA

Cherif N. Boutros  
University of Maryland, USA

Yigang Wang  
University of Cincinnati, USA

William G. Cole  
Walter Mackenzie Health Sciences Centre, USA

Dr. Mark Antal  
University of Szeged, Hungary

Antonio Tancredi  
IRCCS Hospital, Italy

Fernando Leal Pereira  
Oeste Paulista University, Brazil

Jimmy Thomas Efrid  
East Carolina Heart Institute, USA

Jean-Paul Joseph Gonzalez  
French Research Institute for Development, USA

Shi-Bin Cheng  
Brown university, USA

Sy Duong-Quy  
Hopital Cochin, France

Thomas Schmitz-Rixen  
Goethe University Frankfurt, Germany

Raouf A Khalil  
Brigham and Womens Hospital, USA

# Program Announcement

## Accommodation

A large number of rooms have been reserved. Discounted room rates for Robotic Surgery 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

## Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Robotic Surgery 2018.

## About Osaka, Japan

OSAKA is an assigned city in the Kansai area of Japan. It is the capital city of Osaka Prefecture and the biggest segment of the Keihanshin Metropolitan Area, the second biggest metropolitan region in Japan and among the biggest on the planet with more than 19 million occupants. Organized at the mouth of the Yodo River on Osaka Bay, Osaka is the second greatest city in Japan by daytime masses after Tokyo's 23 wards and the third greatest city by night time people after Tokyo's 23 wards and Yokohama, filling in as a critical money related focus point for the country. Osaka is considered as an imperative community for advanced education and harbors, social insurance, all around rumored and renowned schools and Universities. Osaka Japan conferences indeed play a vital role in promoting scientific information and ideas all over the world. It can be considered as a suitable medium for the relocation of valuable knowledge about research and novel advancements worldwide. The conferences taking part here would promote a variety of scientific ideas among contenders belonging to diverse areas of science and technology. The kanji that make up Japan's name signify "sun starting point". Japan is regularly alluded to by the acclaimed designation "Place where there is the Rising Sun" in reference to its Japanese name. Japan is a stratovolcanic archipelago comprising of around 6,852 islands. The four biggest are Honshu, Hokkaido, Kyushu and Shikoku, which make up around ninety-seven percent of Japan's property region and regularly are alluded to as home islands. The nation is separated into 47 prefectures in eight areas; Hokkaido being the northernmost prefecture and Okinawa being the southernmost one. The number of inhabitants in 127 million is the world's eleventh biggest. Japanese individuals make up 98.5% of Japan's aggregate populace. Around 9.1 million individuals live in the city of Tokyo, the capital of Japan. Japan gone into a long stretch of disconnection in the mid seventeenth century, which was finished in 1853 when a United States armada influenced Japan to open toward the West. After almost two many years of inside clash and revolt, the Imperial Court recaptured its political power in 1868 through the assistance of a few tribes from Chōshū and Satsuma, and the Empire of Japan was built up. Japan is an individual from the UN, the OECD, the G7, the G8, and the G20 and is viewed as an incredible power. The nation has the world's third-biggest economy by ostensible GDP and the world's fourth-biggest economy by obtaining power equality. It is additionally the world's fourth-biggest exporter and fourth-biggest shipper. The nation profits by an exceedingly gifted workforce and is among the most exceptionally taught nations on the planet, with one of the most noteworthy rates of its nationals holding a tertiary instruction degree.
