

International Conference on

Robotic Surgery-Da Vinci System

May 14-16,
2018
Tokyo, Japan

Theme:
Where Innovation Begins
and Life Improves

Dear Colleagues,

Conference Series is delighted to welcome you to Tokyo, Japan for the prestigious International Conference on Robotic Surgery 2018. Robotic Surgery-Da Vinci System will focus on the theme "Where Innovation Begins and Life Improves". We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at Tokyo, Japan.

With Regards,

Robotic Surgery-Da Vinci System Operating Committee
Conference Series Conferences

Editorial Board Members of Supporting Journals:

Ashokkumar B. Jain
Temple University, USA

Cherif N. Boutros
University of Maryland, USA

Yigang Wang
University of Cincinnati, USA

William G. Cole
Walter Mackenzie Health Sciences Centre, USA

Dr. Mark Antal
University of Szeged, Hungary

Antonio Tancredi
IRCCS Hospital, Italy

Fernando Leal Pereira
Oeste Paulista University, Brazil

Jimmy Thomas Efrid
East Carolina Heart Institute, USA

Jean-Paul Joseph Gonzalez
French Research Institute for Development, USA

Shi-Bin Cheng
Brown university, USA

Sy Duong-Quy
Hopital Cochin, France

Thomas Schmitz-Rixen
Goethe University Frankfurt,
Germany

Raouf A Khalil
Brigham and Womens Hospital,
USA

Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Robotic Surgery-Da Vinci System participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Robotic Surgery 2018.

About Tokyo, Japan

Tokyo authoritatively Tokyo Metropolis, is the capital of Japan and one of its 47 prefectures. The Greater Tokyo Area is the most crowded metropolitan zone on the planet. It is the seat of the Emperor of Japan and the Japanese government. Tokyo is in the Kantō locale on the southeastern side of the principle island Honshu and incorporates the Izu Islands and Ogasawara Islands. Some time ago known as Edo, it has been the accepted seat of government since 1603 when Shogun Tokugawa Ieyasu made the city his base camp. It authoritatively turned into the capital after Emperor Meiji moved his seat to the city from the old capital of Kyoto in 1868; around then Edo was renamed Tokyo. Tokyo Metropolis was shaped in 1943 from the merger of the previous Tokyo Prefecture and the city of Tokyo.

Tokyo is frequently alluded to as a city, however is formally referred to and represented as a "metropolitan prefecture", which contrasts from and joins components of a city and a prefecture, a trademark one of a kind to Tokyo. The Tokyo metropolitan government manages the 23 Special Wards of Tokyo (each represented as an individual city), which cover the range that was the City of Tokyo before it consolidated and turned into the metropolitan prefecture in 1943. The metropolitan government additionally regulates 39 regions in the western piece of the prefecture and the two peripheral island chains. The number of inhabitants in the uncommon wards is more than 9 million individuals, with the aggregate populace of the prefecture surpassing 13 million. The prefecture is a piece of the world's most crowded metropolitan range with upwards of 37.8 million individuals and the world's biggest urban agglomeration economy. The city has 51 of the Fortune Global 500 organizations, the most astounding number of any city on the planet. Tokyo positioned third in the International Financial Centers Development IndexEdit. The city is likewise home to different TV stations, for example, Fuji TV, Tokyo MX, TV Tokyo, TV Asahi, Nippon Television, NHK and the Tokyo Broadcasting System.

Important Dates

Abstract submission opens: July 07, 2017

Registration opens: July 07, 2017

Early bird registration: January 17, 2018

On spot registration: May 14, 2018

Venue

Tokyo, Japan
