# SHAFIQ UR REHMAN

# RESUME

***ADDRESS:*** *Maripur Nala stop Near TCF School*

***Contact No.*** *0308-2615294*

***Email Address****:srehman19845665@gmail.com,srehman198456@yahoo.com*

## OBJECTIVE

*To seek a challenging position in a reputed organization this provides me opportunities for utilizing my entrepreneurial skills and achieves career growth in line with corporative values and objectives.*

## PERSONAL INFORMATION

| | | |
|---|---|---|
| *Father's Name* | : | ***Abdul Hakeem*** |
| *Date of Birth* | : | ***02, 02, 1984*** |
| *C.N.I.C No.* | : | ***42201-4547088-7*** |
| *Marital Status* | : | ***Single*** |
| *Religion* | : | ***Deen-e -Islam*** |
| *Domicile/PRC* | : | ***Karachi (Sindh Urban)*** |
| *Nationality* | : | ***Pakistani*** |

## QUALIFICATION

*S.S.C or Matriculation with "science" from Board of Secondary Education, Karachi with grade A.*
*F.Sc"Pre-Engineering" Or Intermediate with "Pre-Engineering" from Board of Intermediate Education Karachi Board with grade B.*
*Graduate with 71 Percentages.*
*Post Graduate with 3.69 CGPA out of 4.*

## EXPERIENCE

***11 Years' Experience from Sir Syed University of Engineering& Technology since Feb.18 2012.***
***01 Years' Experience in Aligarh Institute of Technology, Karachi.***
***1½ Years' Experience in Newport Institute of Communication & Economics.***
***1 Year Experience in Pakistan Steel.***
***6 Months Experience in Pakistan Institute of Management Science Engineering & Technology.***
***6 month Experience as an" Hotline Administrator" in Mobilink Orascom (EPTSC)***
***3 Months Training in "Reverse Engineering" BBSYDP***

## SOFTWARE

**MS Office (e.g. MS word, MS Power Point, MS Excell,MS Publisher)**
**Matlab**
**Mini Tab**
**HFSS**
**MultiSim**
**ADS2009**
**Air model**

**The Mobilink Orascom (EPTSC) As a Hotline Administrator**
**Dec 2010 to May 2011**

- My responsibility as a hotline Administrator monitor the fault management System of remote areas of Pakistan which are related to BSC, MSC, LTI and hub Sites which are called management System.

**Pakistan Institute of Management Science and Technology(PIMSAT)**
**2011 Jan to June 2011**

- I taught advance Communication system and Microprocessor, In this duration of semester, I have gotten research and development environment system and behavior of adaptation of research and development

**The Santech for Solution**
**Telecommunication Engineer**
**October 2008 to November 2009**

- Design of internet protocol for transmission and receiving because of more than infinite to infinity user and customer exist. I taught and installation of router and switch

**Pakistan Steel**
**Internee Engineer**
**August 2007 to August 2008**

- I have learnt automation and control parameters, pressure, temperature el and flow parameters which are related to every industries plant. Design of pneumatic and hydraulic parameters also with respect safely of plant or non-plant.

**The Outcome based research and development**

- I have modified whole theories with respect to Physical and Biological Science which are the main part of Hybrid Science which are related to each other. I have written five hundred and seventy five research papers acceptance and my one research paper is equal to more than infinity to infinite and infinite to infinity research paper.

- My one research paper is equal to the all research of the world of Science and Technology. I am the owner and conquered the World of Science and Technology. The mine these words are enough for conquered and owner of the World of Science and Technology is that the world and universe are Hybrid with respect to Physical and Biological Science

**Email and Cell No**
Srehman198456@yahoo.com and
+923082615294

**Engr. ShafiqUrRehmanEducation**
**Nanjing University of Aeronautics and Astraunautice**
**Doctor of Philosophy in Electronic in Information Engineering**
**September 2015 to Jan 2016**

- I have gotten 267 marks out 300, Advance Engineering Electromagnetics 89, Numerical Method for Electromagnetics 91 Which is also called Computational Electromagnetic sand Chinese Languages 87.During of my research a and development ,I have develop the methodology of Hybrid High Selected Surface and Hybrid Low Selected Surface.

**NED University of Engineering and Technology**
Master of Engineering in Telecommunication Engineering
**23 June 2008 to 20 June 2011**

- The Synopsis of my course and research work is to discovery of hybrid research world. I have discovered the Hybrid Science[I have gotten 3.69 CGPA out 4 with research based The design of Damping Force Testing Machine].The duration of my three years Master of Engineering, I had developed Hybrid Telecommunication Management System ,this system would and will be Hybrid Future development System.

**Sir Syed University of Engineering and Technology**
**Bachelor of Science in Electronic Engineering**
**Jan 2003-To March 2007**

- I have gotten 71 percentage with First division, develop the methodology of Earthquake detection technique and idea develop the generation of computer Technology now currently latest fifth generation, Similarly the development of Hybrid computer with respect to nth generation windows

**The Board of Intermediate Education Karachi**
**Pre.Engineering(F.Sc) Higher Secondary Certificate**
**August 1999 to December 2001**

- I have gotten with first division over all two years with 61 percentage. Duration of two years study, I have aware the modern Physics theory of relativity with respect the Physical and biological Science.

**Board of Secondary education Karachi]**
**Science Secondary School Certificate**
**May 1997 to august 1999**

- In the duration of study, I have develop the way of Hybrid thinking and I have gotten 71 marks and I try to develop the methodology of research with respect to Physical and Biological Science.

**Adamjee Govt. Science College**
**Jan 2001 to August 2001,**
**B.Sc. Physics, Math and Chemistry**

- Duration of study, I have gotten aware of Physical and Biological Chemistry and also knowledge of morn of Physics. In this study, I equipped Black body radiation.

## Work Experience

**Sir Syed University of Engineering and Technology**
**Post of Lecturer**
**Feb 2012 to till December 2020**

- I was teaching with scheme of Hybrid education and I organize the more than seventh Exhibition for development for hardware and software Skill of education. Duration of research, I have modified every researchers .I am the one in a billion.

**Aligarh Institute of Technology. And Post of Instructor**
**Feb 2011to Feb 2012**

- I was working as a teacher or faculty member and I was also in charge of electronic Lab. Duration of more than one year. I develop the research scheme or algorithm of quantitative and qualitative analysis. I also organize the Exhibition and develop the research of hardware and Software which discover the Hybrid Methodology of Science.

# SHAFIQ UR REHMAN

# RESUME

*S.S.C or Matriculation with "science" from Board of Secondary Education, Karachi with grade A.*
*F.Sc"Pre-Engineering" Or Intermediate with "Pre-Engineering" from Board of Intermediate Education Karachi Board with grade B.*
*BE Electronics from Sir Syed University of Engineering& Technology with 71 Percentages.*
*M.E Telecommunication Engineering from NED University of Engineering& Technology with 3.69 CGPA out of 4.*
*Doctor of Philosophy in Electronic Information Engineering System 89 pecent out of 100(267/300)*

## EXPERIENCE

- ✓ ***09 Years Experience as a "Lecturer" in Sir Syed University of Engineering& Technology since Feb.18 2012.***
- ✓ ***01 Years Experience as an "Instructor" in Aligarh Institute of Technology, Karachi.***
- ✓ ***1½ Years Experience as an "Instructor" in Newport Institute of Communication & Economics.***
- ✓ ***1 Year Experience as a "Trainee Engineer "in Pakistan Steel.***
- ✓ ***1 Year Experience as a "Telecommunication Engineer" in Santech For Solution***
- ✓ ***6 Months Experience as an "Instructor" in Pakistan Institute of Management Science Engineering & Technology.***
- ✓ ***6 month Experience as an" Hotline Administrator" in Mobilink Orascom (EPTSC)***
- ✓ ***3 Months Training in "Reverse Engineering"***

## SOFTWARE

**Multisim**
**Auto Cad**
**Solid Edge**
**Matlab**
**Mini Tab**
**HFSS**
**Model Air**
**Eagle 6.5 (PCB)**

## WORKING EXPERIENCE

**Design of Hardware required in the Project Studying**
**Fault Detection and Report Writing**
**Capability of reading Electrical and Mechanical Drawing**
**Installation of PLC (Siemens step-7 400}**
**Erection work of Coke Oven Battery No.02 and By Product Plant of COBP**
**Drafting and designing**

## PROJECTS

- **Coke Oven By Product Plant (Pakistan Steel) Installation & Erection Work of Coke Oven Plant**
- **Design of Ammonia Liquor controlling Systems**
- **Broadcasting System (B.E Final year Project)**
- **The Design of Shock Absorber Damping Force Testing Machine (Dissertation Final year Project)**

# Covering Letter

Respected Sir,

I have graduated from Sir Syed University of Engineering & Technology, Karachi. He has done Master of Engineering from NED University of Engineering & Technology, Karachi. I have also study the Doctor of Philosophy in Electronic Information System Engineering from Nanjing University of Astronautics and Aeronautics (study duration Four months and I have gotten marks 3.82 ) and NED University of Engineering & Technology. I have gotten first position in the Master of Engineering. My own research papers acceptance all over the world Five hundred and Sixty Nine Research Papers till today.I have more than Seventeen hundred Twenty four Guinness Book of world record (It is mine view about my Guiness Book world) but it needs to register. I have more than twelve years teaching experience. I have organized more than eight exhibition in the world of science and technology. Three years industrial experience in the largest industrial organization of the world of science and technology.

I am the pioneer of Hybrid Engineering, Hybrid Education, Hybrid Management, Hybrid Aircraft, Hybrid Submarine, Hybrid Energy Managements System, Hybrid Economic Management system, Hybrid Window system, Hybrid operating system, Hybrid law of Thermodynamics, Modification of Theory of Relativity, Hybrid Hovert Law and many other theory of biological and physical science and technology. He has also work Largest Industrial Organization of Pakistan, Pakistan Steel. He has more than eleven years also teaching experience. He has also three practical experience in industries of Pakistan Steel and Mobilink Orascome and Santech for solution.The most important breakthrough of cancer tumor growth obliteration expanding musical sound waves technology.

I am also introduced the technology of the hybrid craft. He also broke the theory Albert Einstein's and also modified the Albert Einstein's. He also modify the theory of Noble Prize Winner Mohammad Younus.He also design an innovative algorithm of the Earthquake Detection Asian and world. He also introduced more than four hundred new patents and field in the world of science and technology. His research has been accepted all over the world of science and technology. His Research Papers Acceptance more five hundred Twenty Nine and more than twenty research papers has been published. He has set seventeen hundred twenty four Guinness Book world Records but these world record registration needed. He is pioneer of Hybrid Technology, management, ethics and other many things involved.

The main purpose of this course design of resume is to design renewable energy based projects with respect to understanding the basic knowledge of important of electronics and electrical engineering. This course would be help to make projects of the electronics and electrical founded. The course learning outcomes would be make the hardware and intensifying software also.

The Pakistan hybrid course is totally based on theoretical and experiment analysis based. This course would educate and aware the knowledge is to help also design of Renewable Energy based development. This would be help to make the precision of power of electronics design of power supply system. These course would be very helpful for the spacecraft, aircraft, submarine and helicopter engineer for relevant renewable energy. There are (33) thirty three international research and Development organization membership of the world of science and technology. In this research work, We first time introduction the mind control based electrical switching mechanism system for the people of the world.

This development is introducing first time in the history of the electrical technology world. The mind control fridge basically consist of three control system which are user control, slave control and Master control system. These three control system is connected with the neural network of the people world. The system consist of transmitter and receiver which is called transceiver. The mind is autonomously connected with fridge controlling system. This system basically defines the different level of sensing of the reflection from surface of the bulb then it would be automatically operate according to the instruction of user.

This fridge system has ability to define the thread of the light intensity of the eyes then the bulb and other define equipment would be on autonomously. The straightforward purposes of this research for the help of old age people not only but also other disabilities found realm populate. The all system is connected with wind energy system. The electrical switching mechanism is also based on wind and Solar energy. This is the backup system of the current system of Karachi electric and WAPDA.

I am the number one researcher in world of biological and physical science of the world. He has been brought revolution in the expanding hybrid technology with the fourteen dimensions of the research and development whether it is natural Science and Artificial science. He is king of the research of science and technology both. He brought revolution in the field hybrid technology for the Pakistan hybrid Asian World. The Pakistan Hybrid World give the innovative theory.

## Pakistan Hybrid Pioneer of Electronics Flags

I am pioneer of Electronics Hybrid flags. These flags are working on the principal of renewable energy of the system of the world of science and technology. These would fly expanding solar, wind and geothermal energy and hydroelectricity principle.

## Pakistan Hybrid Pioneer of Earthquake Detection and Broadcasting System

He is pioneer of mathematical model based hybrid earthquake detection model of the Pakistan Asian model of the world This model are working on the principal of queening theory based of the system of the world of science and technology. These model would be runs expanding solar, wind and geothermal energy and hydroelectricity principle.

## Pakistan Hybrid Pioneer of self-made Poverty Reduction of the World People Expanding their own Resources Utilization of the World

I am the pioneer of the world Poverty Reduction of the World People expanding their own Resources Utilization of the World. There is no need of loan just like microfinance system for the Mohammad Younus .There is no need of theory in the world of science and technological world. There is no need of guarantee would especially like to pursue a Ph.D. degree in Electronics or Telecommunication Engineering at Nanjing University of Aeronautics and Astronautics (NUAA) because I fell that the PhD study at NUAA holds a lot of promise to me. The exceptional quality of the faculty, the richness of its teaching and the research environment make it world class University for graduate studies.

The basic purpose of mine is to variety the Pakistan Eight Super power of the world. The designer can create stage of the Super power in the world of science and technology. I have ability to design hybrid Structure of the aircraft. I have capability mobilization natural and artificial resources according to the and situation of the world behavior and atmosphere of the world. I have also excellent record of both academic and industrial development projects which can be minimize the result of the financial assessment of the world just like shut down of American style but my policies are extra-ordinary conferring to research and development expanding the hybrid Economic development resolution of the world.

- Has an excellent technical aptitude, hardworking, result oriented.
- Best Communication skills, adaptability to change and ability to learn quickly.
- Classical analytical and problem solving skills.
- The problems solving designing
- Design of Engineering Projects and Creative Skill of Development
- Design of social methodological background of the world.
- The design of Earthquake Engineering and Civil Engineering structure building methodology
- The design of World best internal Protocol No.08
- The Design of World Best Protocol Number No.09 & 10.

- **Pakistan Hybrid Researcher and Developer**

In the field of research and development, we need to improve the technological thinking of research and development in the field of hybrid technology. I am the pioneer of the Hybrid technology of the every field relevant; I am most quick research developer and quick thinker in the world of science and technology

## ➢ The Pakistan World Hybrid Designer

In the field of design and process of the world. The designer can learn and understand the task of the research, development, process and according to the situation of the world technological point of view. I am the one of the world best researcher and developer of the world of science and technology. After completing the initial studies, I wanted to do B.S in Electronic Engineering from Sir Syed University of Engineering and Technology Karachi. During my Engineering I acquired strong background knowledge in subjects such as Wireless & Mobile Communication, Seismology, Cognitive Radio Network, Advance Communication System and Industrial Control System. However Information Theory, Principle of Radar & Instrumentation captured my deep interest during B.S & I made my mind to pursue M.E with Dissertation in Electrical and Computer Engineering with specialization in Telecommunication Engineering.

## ➢ Pakistan Hybrid Organized Exhibition

I have organized six exhibitions at university level which are given below. I am also pioneer of Telecommunication Engineering department Exhibition of Imagineering Engineering and Imagineering Power Engineering Exhibition.

- Power Engineering and Designing Exhibition
- Interdisciplinary Exhibition
- Circuit Network Exhibition
- Communication System Engineering
- Power Amplification and development Exhibition
- Circuit Designing Application based Exhibition
- Designing of Amplifier and oscillator Circuits
- The Oscillators design
- The Power supply design
- The Internet Protocol Eight Design
- The Polyphase circuits design
- The two port Network Design for high Frequency Surface

## ➢ Pakistan Hybrid World Technology

I am also pioneer hybrid technology. I am also give the vision of the world to think about the methodology of hybrid education system, hybrid technology in the aerospace, aircraft and other technological world of the Engineering science and technology of the world. I have written more than 100 article in the year of 2018 on the hybrid technology based which are accepted all over the world of science and technology.

I am also pioneer hybrid economic management technology. I am also give the vision of the world to think about the methodology of hybrid education system, hybrid technology in the aerospace, aircraft and space craft, Hovert craft and other technological world of the Engineering science and technology of the world. I have written more than 100 in one year article on the hybrid technology based which are accepted all over the world of science and technology.

## ➢ Pakistan Hybrid World Economy System

- I also presented the hybrid management system for world .I am also pioneer of the hybrid economy management system.

## ➢ Pakistan Hybrid World Education System

- I also presented the hybrid education system for world .I am also pioneer of the hybrid education management system.

## ➢ Pakistan Hybrid World Psychology System

- I also presented the hybrid psychology system for world .I am also pioneer of the hybrid psychology management system.

- **Pakistan Hybrid World Cinema System**

I also presented the hybrid Banking Investment system for world .I am also pioneer of the hybrid cinema management system.

- **Pakistan Hybrid World Banking Investment System**
- I also presented the hybrid Banking Investment system for world .I am also pioneer of the hybrid banking investment management system.

- **Pakistan Hybrid World Examination Testing System**
- I also presented the hybrid Examination Testing system for world .I am also pioneer of the hybrid Examination Testing system.

- **Pakistan Hybrid World Banking Investment System**
- I also presented the hybrid Examination Testing system for world .I am also pioneer of the hybrid Examination Testing system.

- **Pakistan Hybrid World Earthquake Detection System**

- I also presented the hybrid earthquake detection system for world .I am also pioneer of the hybrid earthquake detection system.

- **Pakistan Hybrid World Aircraft Detection System**
- I also presented the hybrid Aircraft system for world .I am also pioneer of the hybrid aircraft system.

- **Pakistan Hybrid World Submarine System**

- I also presented the hybrid submarine system for world .I am also pioneer of the hybrid submarine system.

- **Pakistani Hybrid Modification of Theory of Relativity System**

- I also presented the Pakistan hybrid Modification Theory of relativity system for world .I am also pioneer of the hybrid Modification Theory of relativity system.

- **Pakistan Hybrid World Vision For Social Media**

I have spoken to anyway hybrid on-line networking can use as a way higher web-based social networking for the earth of science and innovation world. The boss officer of the Instagram would possibly really wish to accumulate new pattern twitter with encourage of country algorithmic program. The primary motivation behind this examination is to energize the individuals of the hybrid connected what's the precise clarification for the human beings within the realm. The essential goal is to bring correspondence of most up-to-date pattern within the planet. The video conferencing workplace ought to be used, the pdf, document page should be exchange somewhat like new universe of technology. The pdf record ought to be demonstrate somewhat like image. Try alternative Relevant Tools. This tools include twitter and Facebook social media.

- **Pakistan Hybrid World Vision**

In the future world, we need to upgrade our technology utilization of our hybrid resources according to the circumstances of the world. There are many races are going on but we have to careful about the hybrid cyber war with respect to the world of science and technology. My vision is the Pakistan vision how can be increase the economy expanding hybrid Technology. How can we reduce the poverty of world expanding hybrid technology enhancement in the world.

## ➢ The Pakistan Hybrid Home For The World

We presented methodology for the poor people of the world who do not have home for Living purpose, they have to together for sake of home, they can build the nation of world expanding hybrid technology of the world of science and technology also and their home. They can build their life with themselves. One hundred billion people opened account in one bank this is the sharing bank system for the home. This is the big amount which would be earn money in daily basis. This methodology of houses can change the world.

## ➢ The Pakistan Hybrid Banking Investment System For The World

I proposed the hybrid banking investment system for the world of science and technology expanding people of the world money. This system use for the building of Pakistan people. In this work, we build the life of the poor people investment of little amount of money. They can build their home expanding the technological aspects of the world. This research work can accommodate the daily food, living expensive and other domestic needs according to requirement of the poor people of the world. Trendy article would motivate the people of the world towards Shafiq Ur Rehman banking investment method of the world.

## ➢ The Pakistan Hybrid Selected Interview For Vice Chancellor Selection

I am also selected for the post of vice chancellor at Institute of Space and Technology. The Institute of Space and Technology is the one of world best university in the public sector in the world of science and technology.

## ➢ The Pakistan Hybrid Excellence For The Realm Era

- **[1]** Trust in Almighty Allah (God)
- **[2]** Love for People of World
- **[3]** Service of human being Hybrid Technology
- **[4]** Stand like a one man Army in the World
- **[5]** Honest with Job
- **[6**] Honest with Mankind
- **[7]** Honest with Research and Development
- **[8]** To reduce the uncertainity of world people from unscrupulous people of the world
- **[9]** To develop and design best Hybrid space craft
- **[10]** To develop and design best Hybrid Aircraft
- **[11]** To develop and design best Hybrid Submarine
- **[12]** To develop and design best Hybrid Helicopter
- **[13]** To develop and design best Hybrid Ship craft
- **[14]** To develop and design best Hybrid Hovercraft
- **[15]** To develop and design best Hybrid World Craft
- **[16]** Trustworthy
- **[17]** Hybrid Way sophisticated
- **[18]** The ability of thinking according to circumstances of the world
- **[19]** Multitasking System capability
- **[20]** Research and Development Aptitude

In February 2012, I Joined Sir Syed University of Engineering and Technology Karachi. When I joined Engineering University which opened a new aspects of my life. During these nine and half years teaching. I gained enormous amount of theoretical and practical knowledge and incomparable to any other stages in my life. Teaching is one of the most precious experiences I ever had. My aim of life for the near future is to pursue my studies towards Doctor of Philosophy. I have completed my M.E in Telecommunication Engineering with Dissertation (06 credit hours) Title of my thesis "The Design of Shock Absorber Damping Force Testing Machine" by Supervision of Dr. Abdul Qadir from NED University of Engineering & Technology Karachi in 15 June 2011.During my master I have studied different courses such as Advance Commuincation,Wireless & Mobile Communication and Information Theory, Telecommunication management Network, Industrial Electronic, Principle of Radar and Digital Communication theory, which shows my interest towards Wireless & Mobile Communication and Cognitive Radio Network.

Moreover, my unique combination of academic education professional experience and from my childhood, I love predict the Earthquake warning by using Cognitive TV or Radio Network to encourage me to select this field. This doctoral study will take me a step for further towards my career goal of being an accomplished researcher and ultimately a distinguished professor.

I believe, I posses the qualities of working hard and being perseverant in addition to intellectual ability and rive that are needed to do justice to study at your university .I am sure that my extensive research background will help to function well within Ph.D. program.

I sincerely hope to have a mutually beneficial association with your university to contribute my best towards making a successful research endeavor. Keeping this in mind, studying at your university will be the most logical extension of my academic pursuits. I would be thankful, if I am given the opportunity to pursue my Ph.D. studies with financial assistance at your institution. Please urgently send me Acceptance letter of PhD.

Undersigned I was joined Pakistan Steel as an Internee in connection with the Federal Governments plan for training of fresh engineering graduates under the project National Internship Program I was posted in the Automation and Control Section of COBP department from 16$^{th}$ August, 2007 to 15$^{th}$ August 2008.I am the one who selected the from all over the Pakistan for the purpose of training for Electronic equipment with respect to outcome base program. This is my fortunate to serve my Pakistan World economic development program. The best relationship between Russia and Pakistan development

I equip myself with the details of the Automation & Control parameters involved in the production process of Coke Owen By Product Plant. In automation and control department maintenance and installation of temperature,pressure,level and flow parameters Thermo Couple, Thermo resistance Pyrometer, Pressure latest gadgets,Oriface control,Ph meter also other instrument of level,Pressure,Flow and temperature latest gadgets of Russian Apparatus and weight measure weighing scale parameter which measure the weight of flow and level of solid coal.

I remained engaged in re-building process of Coke Oven Battery No. 02 project (Pakistan Steel), during installation & erection work of Automation & Control Section replacing Old Russian gadgets with new version of PLC (S7-400) which is now in final stage.

I have completed my one year training period in erection & installation of new system of COB-2.The result of my latest equipment of awarded is A grade. The overall all training of Automation Control is grade A. Having acquired that knowledge and working skill at my disposal I am confident that I can be useful for the your organization because I know latest technology knowledge of Hybrid equipment of Solenoids Vave, Window Control Centre of Coke Oven By Products Plants with respect Programmable Logic Control system Step Seven 400.

I would like to apply my all ability to learn and how can I useful for your department if you give me opportunity I want to utilize my all effort. If you give me opportunity to serve in this esteemed, national organization I assure your good self that I can prove my mettle as a an Assistant manager Engineer. I have equip about Pneumatic and hydraulics Control System which can use hybrid way in every kind of Aircraft because the disadvantage can be convert into advantages. The most point of Coke Oven development is development the environments of research of Manufacturing of Battery.

We have to use latest Hybrid brick with respect to surrounding environment people of the World of Science and Technology. In Pakistan Steel only we produce ten to 13 product while Russia produce more than three hundred seventy products instead of all of these we are super power of the realm era.

We need develop and utilized the own research and development. We can develop the Hybrid Aircraft, Submarine, Space Craft, Ship, Hovert Craft, Dress and many products can be exports also which increase the economic in the world of Science and Technology. We need to develop research oriented hybrid Transformation System of renewable energy and manufacturing system.

The main purpose of for this email is to make Hybrid Association of Trade and Industry because we can implement outcome based education and industries equipment program between industries and education. The main purpose is to educate and trained the students with respect to industries requirement. The main aims that is to make self confident and reduce the poverty from the World of Science program with the help industries.

If this methodology implement every happy with hybrid science research and development. The second main objective is to make secure the world of Science and Technology. The few security budgets can be use in this way of thinking. Please spread the love, brotherhood, culture of Muslim and hybrid nation. Every industry can be monitor with respect to hybrid science. If there is no discrimination every one can live easily according to constitution of Pakistan. The Growth development program of Science and Technology can automatically increases because everyone can be part of secure research and development of Pakistan.

The jobs, education and adopted of hybrid development program is directly affect the every countries economic. In this project we can combine the public, private and foreigner partnership of the seven continents of the realm era. The all over the more than two fifty countries can run our methodology and will be reduce poverty,security,education,economics are also directly related to world of Science and Technology.

The whole world can be united in this people the world of Hybrid. The all pillar of the world of Science and Technology can be combine as a hybrid nation for the love of humanity and change the world of artificial and natural. This research and development spread love every nation hybrid nation of world. The main pillars of every motherland and father land are Army, Navy, Airforce and common people of the World.

The third main reason is that in the world of Science and Technology every citizen of Pakistan and rest of the world is to give equal opportunity of the Science and Technology because we have to develop the nation freely live and free to get education with respect to industries and education both are related to each other.

In this current world, I want to educate the people according to requirement of industry. If most important issue jobless is directly proportional to the insecurity of every continent of the realm. The fourth main purpose is to develop the refugee with the help radio frequency identification system and cognitive television and radio system.

In the many countries of the world are facing refugee problem, This issue can be resolve easily system. We should give job easily and we can reduce the secure the world with respect to internet protocol ten and Eight, The easily can be utilized the people of the foreigners of the seven continent of the world. The half problems if do not follow the might is right. The main causes of the world insecurity problem are discrimination, curse, greedy, jealousy. We should respect the hybrid nation culture. Civilization, love, brotherhood, honesty, unity and discipline which are related to each other.

The evidence of research Paper Acceptance indicate that I am Coqueror, Owner, Designer, Wealth, Researcher am Winner of the World of Science and Technology. Please see my evidence of research Paper Acceptance. I am Conqueror, Owner, Designer, Wealth, Researcher am Winner of World. I want to ask what your opinion of these achievements. The natural climate change and artificial can change the natural black hole with respect to Sun, star.moon. The is different with to Physical and Biological Science. The main awareness is to analysis the digestive system with respect to Hybrid metabolism and their natural fruit, vegetable,dry fruits. We should analysis that how different type of disease increases with respect to natural and artificial problems. In my research analyzed that the most dangerous disease environment and honesty.

In the World of Science and Technology everything are related to each other because every country has different civilization culture, love and Passion to serve human being with respect to hybrid nation. The most important discovery of culture civilization, love, brotherhood every nation are related to each other. These love and civilization create the symbol of excellence in the world of Science and Technology. I modified every theory of hybrid Science with respect to Physical and Biological Science. These enough for the Conqueror, Owner, Designer, Winner Wealth and researcher of the World of Science and development. This is called Live modification of Literature of Nobel Prize.

I give the mathematical expressions of feeling.. Instead of all that I have won All Alfred Prize Price from beginning to end of future. I have sent all evidence of research Paper acceptance of Winner, Wealth, Conqueror, Designer,, Owner and Researcher with respect to Physical and Biological Science. Instead of all of these I could not gotten anything. Please don't discuss Deen e Islam. I bear every kind of hybrid terrible affect. Instead of all these I could not get anything with respect to Physical and Biological Science.

In this innovation and research work, i introduce the hybrid transformation system for saving life from the natural and artificial system with respect to physical and biological science system for human being, animal and artificial. in this research work hybrid design analysis of submarine transform into ship or straight board this is first stage of hybrid transformation system,similiarly second stage transform into ship, the ship transform into helicopter, the fourth stage helicopter transform into space craft, the fifth stage aircraft convert into space craft and sixth stage the space craft and aircraft transform into hybrid hovercraft for the space science.

The main purpose of research is to develop the quantitative and qualitative model for the hybrid transform system for the world of science and technology. These more than six stage transform more than twenty sub stages of hybrid science with respect to physical and biological science according to hybrid physical and biological science. The background of this research nothing before develop in in this research and development. I am the one in billions who develop the methodology of saving life from natural and artificial disaster. The main goal of this research modification of law of conservation of energy that energy can be create nor destroy from one forms to another form of energy.

The energy never losses but it can also recovery of energy with respect to matter,solid.liquid,gas,plasma,blackhole and hybrid energy. It is the only one model for the Science and Technology that define direction of saving every living and nonliving .Please do not discuss the religious matter because the political matter. The most important of our research is to develop the system for the economic system which reduce the poverty of the poor people of the realm era. The methodology is twenty two disciplines of Engineering and similarly for non-engineering world.

The outcome of my research and development reduce the poverty with self-confidence. The main purpose my discovery and invention is to predict the climate change with respect to Hybrid renewable energy and recovery of loss and consumption of energy never loss but it transform the hybrid state of energy because everything are related to each other.

I am making it hybrid because for the purpose of saving life from natural and artificial disaster with respect to Physical and Biological Science. In the first hybrid type of question eleven parameters to infinity parameters they are related to each other. load forecasting, Energy theft, predictive maintenance, Emission Control and other parameters are relative to each other. With help these parameters we can run Aircraft, Submarine, Spacecraft, Ship, Hybrid Craft, overt Craft expanding renewable and recovery of energy. We can use Solar, Wind, Hydro, geothermal Conasense and hybrid energy. The main purpose of my research is to save millions of life from the artificial uncertainity,

The whole parameters will be very useful for remote and urban people of the world of Science and Technology. In this research of innovation and discovery are related to each other. This research will be transform the submarine convert into ship, ship convert into Aircraft, Aircraft convert into space craft and all parameter convert into seven stage of Aircraft and space craft. This research is directly proportional to economic growth of the countries and continent of the world of Science and Technology. The main solution is that everyone Owner of this project and it will be benefit to everyone in the world of Science and Technology.

I have design the quantitative and qualitative analysis with the help of Physical and Biological Science I am the one in the Billion of the world of Science and Technology. The most important purpose of my analysis is to reduce poverty, make Owner equal opportunity world of Science and Technology. The most important I am facing that my research and development are stealing day by day. The most important challenge is for me to develop the climate predicted Aircraft, ship, submarine, Spacecraft, Hovert craft and Hybrid combination craft, Radom, Air Born Radar also.

The main objective of my research and develop is to develop the human brotherhood, love, culture, civilization with respect to Physical and Biological Science. The second most important purpose of my research is to make Pakistan Eight Super Power of the World of Science and Technology. I have also made Pakistan number one Super Power of the World with respect to Hybrid Science. The hybrid research is to educate the researcher, Scientist, Engineer. Economist, Doctors and all research and development are Hybrid. We can reduce the poverty all over the world if we give the opportunity to people of the world then they automatically develop the World and reduce poverty system of the World.

The main advantage of my research and development is to reduce poverty, terrorist,discriminist and different type of spiritual problems. The most important objective of my research is that it fully fit every type of profession Engineering,medical,economics and many other which are very beneficial for the system of the Science and Technology. The main problem is to secure the world of Science and Technology and it will be save the lives of the human world. My project has not disadvantages. It is only one project all the world and Technology in which everyone can be part of this project.

The main objective of my research and develop is to develop the human brotherhood, love, culture, civilization with respect to Physical and Biological Science. The second most important purpose of my research is to make Pakistan Eight Super Power of the World of Science and Technology. I have also made Pakistan number one Super Power of the World with respect to Hybrid Science. The hybrid research is to educate the researcher, Scientist, Engineer. Economist, Doctors and all research and development are Hybrid. We can reduce the poverty all over the world if we give the opportunity to people of the world then they automatically develop the World and reduce poverty system of the World.

The main advantage of my research and development is to reduce poverty, terrorist,discriminist and different type of spiritual problems. The most important objective of my research is that it fully fit every type of profession Engineering, medical,economics and many other which are very beneficial for the system of the Science and Technology. The main problem is to secure the world of Science and Technology and it will be save the live of the human world. My project has not disadvantages. It is only one project all the world and Technology in which everyone can be part of this project.

1. The main innovation is that it will be include more than twenty two profession people of the World of Science and Technology. It will be reduce Poverty. It will be save life from the terrorist of the world of Science and Technology Expanding the Cognitive TV and Radio. The underwater Submarine will be recovery of Loss of Hybrid Energy.The most important merit of my research and Development it will be transform from one stage to several stage according to circumstances and situation. The Conasense can use Space craft and hybrid craft energy.

The most important problems is that it will solve the saving life from terrorist attack with the help of Cognitive radio and TV network. The second most important implementation of my project under and above the surface of the earth which defense the countries and continent of the world of Science and Technology.It can be implement all over the World of Science and Technology people from thief of everything with respect to Physical and Biological Science. I want to secure my Pakistan Asian World of Science and Technology with the help of radio frequency identity. The my research and development is that no one in the World can theft anything.The Cost is more than one Billion

In this research and development is that I have analyzed the mathematically which perfectly result as compare to the other result. This is my own analysis that Theft cannot run automatically detected. The all camera based internet protocol. The climate predicted mathematical analyzed which prove hundred percent true analyzed. The Transformation of Hybrid Energy System. The Hybrid Transformation System for above and under the Surface

The my research and development is unique. There is no copy. And past I discover and invent the World of Science and Technology with respect to Physical and Biological Science. This is first time I discover the recovery of Energy and never loss energy but it can recovery energy whether it is artificial and natural.

Thanking You
Yours Obediently

**(SHAFIQ UR REHMAN)**

# Hybrid Methodology of All Research and Development Conquered and Owner With respect to Hybrid Science

- 1.0 The Design Hybrid Economy Development System Expanding free energy, solar
- 2.0 The Design Earthquake Predicted System Expanding Quantitative Analysis System.
- 3.0 The Design modification of Muhammad Younus Noble Prize System
- 4.0 Hybrid Methodology of the World
- 5.0 Design discover the Internet Protocol of Eight and ten.
- 6.0 The one who Design investigate the everyone ancestor are related to each other.
- 7.0 The world and universe is Hybrid with respect to Physical and Biological Science.
- 8.0 Discover and the Hybrid Law of Archimedes for hybrid forces.
- 9.0 I'm the one invent the Methodology expanding sweat waves for cancer cell
- 10.0 The design of Hybrid transform System With respect to Aircraft System.
- 11.0 The design of Hybrid transform System With respect to Helicopter System
- 12.0 The design of Hybrid transform System With respect to Submarine System
- 13.0 The design of Hybrid transform System With respect to Ship System
- 14.0 The design of Hybrid transform System With respect to Aircraft System
- 15.0 The design of Hybrid transform System to respect to Hovercraft System
- 16.0 I have also modified the Albert Einstein theory of general and special theory
- 17.0 The Design Electronic Flag of our nation
- 18.0 The Hybrid Design Engineering Discipline
- 19.0 The Design of Hybrid Archimedes
- 20.0 The Design Correction of Albert Einstein Energy Equation
- 21.0 The Hybrid Design Psychology of the World Science and Technology
- 22.0 The Hybrid Design Eight Wonder of the Science and technology.
- 23.0 The Hybrid Water distribution System
- 24.0 The Hybrid Design Aerodynamic System o the World
- 25.0 The Anticipated the Hybrid Windows operating system
- 26.0 The design the hybrid radar system for Hybrid Aerodynamics System
- 27.0 The proposed cognitive radio and television.
- 28.0 The design of Impact Hybrid Language with respect to Hybrid Nation
- 29.0 I am the one brought revolution of Hybrid Technology
- 30.0 The race of Super Power in the world of Science and Technology.
- 31.0 Hybrid safety System for World of Science and Technology
- 32.0 human and non-living Safety System expanding Hybrid Mechanism
- 33.0 Algorithm of Gases Analysis of human being of the world of Science and Technology
- 34.0 The Hybrid transform analysis of with Animal and human being
- 35.0 The Hybrid Vote System with related to Hybrid Bank
- 36.0 The Hybrid Temperature Scale for measuring Farenheit,centigrade and Kelvin
- 37.0 The Hybrid voting and justice System for Election Commission
- 38.0 The Radio Frequency Identification For Hospital of the World
- 39.0 The modification of Shakes Pear Seven Stages of human and animals System
- 40.0 Medication of Darwain Theory with respect to Negative and Positive Hybrid
- 41.0 Reverse Energy gain System expanding Solar, Wind, and Hydroelectricity 42.0 Methodology modification of Archimedes
- 43.0 The design concept of Hybrid Psychology and Neurology
- 44.0 The design of Hybrid Transformation System of Hybrid Aerodynamics Aircraft
- 45.0 The design of Hybrid Transformation System of Hybrid Aerodynamics Aircraft and Aero elastics Hybrid Dynamics 'system with respect to every dynamics System.

**The Mobilink Orascom (EPTSC) As a Hotline Administrator**
**Dec 2010 to May 2011**

- My responsibility as a hotline Administrator monitor the fault management System of remote areas of Pakistan which are related to BSC, MSC, LTI and hub Sites which are called management System.

**Pakistan Institute of Management Science and Technology(PIMSAT)**
**2011 Jan to June 2011**

- I taught advance Communication system and Microprocessor, In this duration of semester, I have gotten research and development environment system and behavior of adaptation of research and development

**The Santech for Solution**
**Telecommunication Engineer**
**October 2008 to November 2009**

- Design of internet protocol for transmission and receiving because of more than infinite to infinity user and customer exist. I taught and installation of router and switch

**Pakistan Steel**
**Internee Engineer**
**August 2007 to August 2008**

- I have learnt automation and control parameters, pressure, temperature el and flow parameters which are related to every industries plant. Design of pneumatic and hydraulic parameters also with respect safely of plant or non-plant.

## The Outcome based research and development which are Hybrid

- I have modified whole theories with respect to Physical and Biological Science which are the main part of Hybrid Science which are related to each other. I have written five hundred and seventy five research papers acceptance and my one research paper is equal to more than infinity to infinite and infinite to infinity research paper.

- My one research paper is equal to the all research of the world of Science and Technology. I am the owner and conquered the World of Science and Technology. These words are enough for conquered and owner of the World of Science and Technology is that the world and universe are Hybrid with respect to Physical and Biological Science.

- These words show that I am the one in a billion of the world. The research and development are related to each other. They are directly proportional to each other. The discovery of Hybrid research, development, Equipment and further dependence of Engineering and non-

## Engr. Shafiq Ur Rehman Education

**Email and Cell No**
**Srehman198456@yahoo.com and +923082615294**

**Nanjing University of Aeronautics and Astraunautice**
**Doctor of Philosophy in Electronic in Information Engineering**

- I have gotten 267 marks out 300, Advance Engineering Electromagnetics 89, Numerical Method for Electromagnetics 91 Which is also called Computational Electromagnetic sand Chinese Languages 87.During of my research a and development ,I have develop the methodology of Hybrid High Selected Surface and Hybrid Low Selected Surface.

**NED University of Engineering and Technology**
**Master of Engineering in Telecommunication Engineering**
**23 June 2008 to 20 June 2011**

- The Synopsis of my course and research work is to discovery of hybrid research world. I have discovered the Hybrid Science[I have gotten 3.69 CGPA out 4 with research based The design of Damping Force Testing Machine].The duration of my three years Master of Engineering, I had developed Hybrid Telecommunication Management System ,this system would and will be Hybrid Future development System.

**Sir Syed University of Engineering and Technology**
**Bachelor of Science in Electronic Engineering**
**Jan 2003-To March 2007**

- I have gotten 71 percentage with First division, develop the methodology of Earthquake detection technique and idea develop the generation of computer Technology now currently latest fifth generation, Similarly the development of Hybrid computer with respect to nth generation windows

**The Board of Intermediate Education Karachiv**
**Pre.Engineering(F.Sc) Higher Secondary Certificate**
**August 1999 to December 2001**

- I have gotten with first division over all two years with 61 percentage. Duration of two years study, I have aware the modern Physics theory of relativity with respect the Physical and biological Science.

**Board of Secondary education Karachi]**
**Science Secondary School Certificate**
**May 1997 to august 1999**

- In the duration of study, I have develop the way of Hybrid thinking and I have gotten 71 marks and I try to develop the methodology of research with respect to Physical and Biological Science.

**Adamjee Govt. Science College**
**Jan 2001 to August 2001,**
**B.Sc. Physics, Math and Chemistry**

- Duration of study, I have gotten aware of Physical and Biological Chemistry and also knowledge of morn of Physics. In this study, I equipped Black body radiation.

## Work Experience

**Sir Syed University of Engineering and Technology**
**Post of Lecturer**
**Feb 2012 to till December 2020**

- I was teaching with scheme of Hybrid education and I organize the more than seventh Exhibition for development for hardware and software Skill of education. Duration of research, I have modified every researchers .I am the one in a billion.

**Aligarh Institute of Technology. And Post of Instructor**
**Feb 2011to Feb 2012**

- I was working as a teacher or faculty member and I was also in charge of electronic Lab. Duration of more than one year. I develop the research scheme or algorithm of quantitative and qualitative analysis. I also organize the Exhibition and develop the

Engineering Science.

- Therefore I conquered and Owner of World of Science technology and nth world associated research with respect to Physical and Biological Science.

## Email and Cell No

**Srehman198456@yahoo.com and**
**+923082615294**

## Basic Goal of the Resume

- The main purpose of this resume is to develop the world Number one resume of the world of Physical and Biological World of Science and Technology. The world No.01 Science and Technology because this curriculum vitae cover the all world discovery and invention.

### The Wonder of research and development

- The main purpose of mine research and development, the discovery of our finding research based outcome education and technological system are related everyone in the world of Science and Technology.

### Modification of Albert Einstein Theory of Relativity

- In my research and development that I modify theory of relativity because in my analysis everyone related to each other but different nation with respect to ancestors. My law is that everyone has infinity to infinite and infinite to infinity direction of thinking because the whole research and development are related to each of every person are related to Hybrid Science with respect to Physical and Biological Science.

### Modification of Muhammad Younus Theory Nobel Laurate

- In my theory is that we will make economic Development of the system for everyone in the world of Science and Technology Connected with more than five Billion people, kids Women, girls, babies and boys will be Connected Hybrid economic System for poverty reduction System for Hunger People. In my hybrid economic Development system.

### Modification of Shakepear Nobel Laurate

- The seven stages of human according to human life and death but I modified that There is no seven stage of human because the human has nth and infinity to infinite and Infinite to infininity.The first stage of human at inner body of women there are many stages of human being in human body. When babies came into world then positive and negative human body start of outer human body. These mine scientific observation which show every human, research of hardware and Software which discover the Hybrid Methodology of Science.

## Noor e Islam Girls and Boys School

**Post of Teacher**
**Jan2002 to July 2002**

- I have taught Physics and Maths and I learnt the Methodology of Teaching and also English language methodology of English speaking.

### The whole Performance of Secondary School Certificate, Higher Secondary Certificate

- In my secondary School System I always had gotten first and second position overall school and college performance is A and A-one. In this duration, I aware the hybrid theory of relativity duration of study of Physics, chemistry, Mathematics. In first year I have gotten first position my college.

### Sports Design Activity of Hybrid Design

- The main research of development in cricket, football, Table Tennis, Volley ball, Wrestling and other sport the use of radio frequency identification system which would be monitor the corruption of everyone in the sports. The main advantage is that we have to check of ball, weight, forces of cricket bowler and batsman. Apply the wireless sensor network. The cricket, football, wrestling, Tennis, table Tennis and everyone are hybrid with respect to Physical and Biological. The ball and ball are related to each other.

## Software Design Analysis

- **The High Frequency Selective Surface**
- **ADS2009**
- **Air model**
- **Network Analysis tool Electronic Bench**
- **C language**
- **MS Office**

## Hardware or Mathematical Model Design

- **The design of Renew Energy**
- **The Design of Aircraft hybrid fuel**
- **The Design of Aircraft hybrid fuel**
- **The design of Space craft hybrid energy**
- **The design of Hybrid Helicopter craft**
- **The design of Hybrid Aerodynamic System**
- **The design of Hybrid Aero elastic System**
- **The Hybrid Pneumatic Design System for Aircraft**
- **The Hybrid Hydraulic for Hybrid Craft**
- **Hybrid Renewal Energy System for Spacecraft**
- **Hybrid Renewal Energy System for Submarine**
- **Hybrid Renewal Energy System for Spacecraft**
- **Hybrid Renewal Energy System for Ship**
- **Hybrid Renewal Energy System for Helicopters**

### The Owner and Conquered Shafiq Ur Rehman Son Biography for the Science and Technology owner and Conquered System of World and Science and Technology with respect to Physical and Biological Science

- The main important of my resume is that I have modified Albert Einstein theory, Mohammad theory, Internet Protocol eight,ten,twelve.I have also develop the system of Younus Earthquake Warning Mathematical based. I have also discover the Black body radiation of Hybrid Scheme.

- I have also advance cheapest cancer cell reduction method. The main achievement is that which can be use for poor people help Cancer cell reduction methodology with variable Sound with respect to religious matter. The main purpose mine research is to develop the World and Technology which mean develop poor, orphans and other people. The poverty would be reduce according to hybrid education system of Science and technology.

animal, birds, ant and other.

- The whole evidence show that There is no seven stage of human being because world is hybrid because everyone has infinite dimension with respect to everybody thinking. The age is Hybrid because all human, animals, birds, ant and other human are Hybrid system with respect to Physical and Biological System.

## The reason of Corona and reduce the Corona Disease according to Shafiq Ur Rehman research methodology

- The main cause of corona is digestive system because all disease Centre of human and is being human body according to blood circulation when metabolism does not broken down of food.
- If does not work then it is directrelated to liver then it will be gone fatty liver and slowly it will be goes to large intestine and small intestine which are related to pulmoray,respiratior ,kidney, excretion and heart system. These reason are enough for that because liver and heart related to each other. If blood circulation is not complete cycle of vein and arteries.
- Then the blood flow cannot reach the and circulate in the human body then human suffer sick,caugh and feel sophistication because of uncertainity of human being and biochemical weapon. Because there are many types of corona in my point of research with respect to environment and curse of People of the world.
- I discover that the corona is the transformation of malaria, Typhoid, TB, Respiratory system and many other disease are related to other. The main part of human and animals bodies trought which are relative to every human and animal body because this is the main system of metabolism which break down the food with respect to trought and mouth swallow food which inhall the oxygen and out the carbon dioxide.

## The main reason of corona whole disease Digestive System

- The main disease I discover that every system of human and animal bodies system are related to each other. Whether it is living and non-living body because the digestive system is the Centre of human bodies system if it is don't develop the methodology of digest the food.

- The core purpose of exploration and development is to aware the real concept of design of latest research, ability, growth and knowledge with respect to Hybrid Science convert into scientific principle which are based on fundamental scheme which are related to every human, animals, ants, unicellular, multicellular and other infinite to infinity and infinity to infinite way of research which are related to each

**The Owner and Conquered Shafiq Ur Rehman Son Biography for the Science and Technology owner and Conquered System of World and Science and Technology with respect to Physical and Biological Science**

## The reason of all education certificate are also Hybrid because every research, technology and development are related to each other

- The second objective of my research and development is to educate the hybrid education and technology with respect to Physical and Biological Science because every Science education are related to design of technology, research and development. The all primary's,secondary,Intermediate doctorate, post doctorate and doctor Science degree are also hybrid because every degree are related to each other degree because whether it is Physical and Biological Science which are called Hybrid.

## The reason of Conquered and Owner of the World

- I conquered and owner of the world of Science and technology because all research,development,innovation and other related which are related Hybrid Science and Physical and Biological Science. I modified the whole theory of research, Technology, development innovation which are hybrid also. Therefore everyone has different direction about thinking methodologies.Smiliarly whether it is living and nonliving thing all related thing are hybrid excluding of religious matter. I cannot explain every aspect of scientific conclusion because there are many terrorist group are creating misconception of religious matter. The problems I identified the world and universe are hybrid which are related to Hybrid Science. In this research work, I discover the world and universe with respect to Physical and Biological Science because everything or everyone are related to each other whether it is living thing and non-living things, In this article, we are talking about hybrid discovery and invention.

## The Hybrid Nation Discovery

- The role of speaking nation related to hybrid nation theory because every people are Hybrid because every countries has different nationality people. Therefore all nation are called Hybrid Nation. Because different nationality people of the Science and technology people which are related to each nation of the world that why I discover Hybrid Nation theory of the Science and Technology.

## Hybrid Nobel Prize Modification

- I have also modified the Alfred Nobel Prize because all Nobel prize are also Hybrid whether it is Physics,Chemistry,Natural,Medicine, and other Nobel Prize also Hybrid because Nobel Prize must be merit work other research and development. Therefore I conclude every Nobel Laurate are Hybrid because every Laurate are Hybrid which are related to every science and technology.

## Pakistan Hybrid Internet protocol

- The modification and invention of Internet Protocol Eight, Ten and twelve because according to need of customer choice internet protocol whether at under and above the surface of internet Protocol. The main purpose of my research is to develop the input and output based internet protocol which are address of infinite to infinity and infinity to infinite. We have analysis out of the future and end of future research with respect to hybrid science which are related to everyone in the world of Science and technology.

- Then it would be create new different type of disease, I have designed humanity food digestive system with respect to water, vegetables, fruit, dry fruits. The blood circulation system should be complete cycle otherwise the disease will be create different disease according to the race of technology.

- The main disease cause because blood circulatory which does not complete, therefor the whole system slowly and steadily transform the disease system that's why blood cancer cell are growth.

## The statement of Purpose

- The main purpose of this research aware the research and development with respect to Qualitative and quantitative analysis for every disease after result I conquered and owner of the world of Science and Technology all over the world of seven continent of the realm and Medical Council.

- The reason of conquered and Owner of world because every technology, research, development and design are related to each other than world is hybrid with respect to physical and biological science.

## The Discovery and invention of Hybrid Aerodynamic ,Aero elastic System

- The main purpose of Aerodynamic and Aero elastic system which will be transform one stage to second stage, third stage, third stage to four stage, four stage to five stage, five stage to six stage, six stage to seven stage and seven stage and similarly to the nth stage of transformation of submarine, ship, aircraft, space craft, helicopter Hybrid craft .which are related to each other. These are research and development from stage to nth stage.

- The main purpose of Aerodynamic and Aeroelastic system which will be transform one stage to second stage, third stage, third stage to four stage, four stage to five stage, five stage to six stage, six stage to seven stage and seven stage and similarly to the nth stage of transformation of submarine, ship, aircraft, space craft, helicopter Hybrid craft .which are related to each other.

- These are research and development from 1st to nth stage. In this research we have to develop hybrid economic development system with aerodynamic and aeroelastic system for aircraft, Space craft, submarine, ship helicopter and other many aerodynamics and aeroelastic system.

## Earthquake Detection and predicted System of World and Universe System with respect to Physical and Biological Aspects

- I discover the methodology of earthquake broadcasting system with cheapest System of world and universe expanding unknown quantitative and qualitative system which accepted all over the realm. The main purpose of this article unknown waves mathematical model develop for nth wave whether it is love, Raleigh, primary and secondary waves.

## Hybrid Computer and Windows System

- The main purpose of hybrid window system the backup recovery of windows which run at a time more than nth window according to situation and circumstances of the world of the Science and technology. The hybrid window can send data from earth to space. In this system we also include the hybrid computer with respect to every situation.

## The discovery of Hybrid Physics

- The interaction of mass and energy and express these theories in analysis which are interaction between energy and Mass therefore it is called hybrid Physics. Similarly I modified Albert Einstein Theory of relativity, Newton classified Physics and nth theory of mine research and development.

## Discovery of Hybrid Aerospace Engineering

- I have develop Hybrid Aerospace Aircraft which will be perform at a time Multi-function which are related to each other for example earthquake earlywarning, world magnetic model, track while scan radar**, hybrid Selected Surface.**

## The Discovery of Hybrid Radio frequency Identification System

I discovery of radio frequency identification system which track the primary to nth order of user we identified vender service according to rule regulation Pakistan telecommunication authority because of fault **management** telecommunicationauthority. We have to develop the hybrid customer net with to Hybrid poor help discovery system which identify the misuse of frequency will be two hundred person identified.

## The Discovery of Hybrid World Economic Management System with respect to every hybrid help System

- The main reason of Hybrid world management system develop the world economic system with respect to area, city, province, countries, continent of the Science and Technology because we make the H and W system with respect to family identification system which are based on security system with submit only twenty to ten rupees daily basis share the Hybrid and World economic system all user can get everything with respect world and Science and technology. This is a system in which system every one owner of this system. There is no loss only profit.

## The discovery of Hybrid Transformation Energy

- In my analysis the energy can created or not destroy with respect to Biological Science and Technology but it can transform one form of energy to another form of energy, It is similarly apply on animal, human and human being with respect to Biological and Physical Science. The energy cannot loss, but it transform every energy in the world of science and Technology. The main research is to conosene energy which used to satellite energy and this energy can get as recovery of the Science and Technology. This hybrid energy can transform every way research and Technology.

- The main article indicate that develop to Hybrid system for reducing poverty which are related to each other. According to my law of hybrid everyone are related to each other whether it is human and non-human. The main purpose this is to develop people of skill and non-skill. This investigation of this article we have to develop the world and science Technology.

## The discovery of Hybrid Chemistry

- The most importance discovery branch of chemistry that the natural element total discover natural ninety two or more than ninety six element has been discover therefor the study of physical and chemical properties which are related each other. Therefore the chemistry also hybrid with respect to physical and chemical properties of the element and artificial element also include the total elements are more one hundred and sixteen at the time of One thousand and Nine hundred ninety nine.

## The Hybrid Discovery Psychology or Chemistry

- In this research and development there is no relation between Psychology and chemistry because one psychology is indicate the mental behavior while the study of all elements chemical and physical system with respect to study natural and artificial elements.Iconclude my resume the effort neverdies and love has no religion.

## The Design Electronic Flag of our nation

- The main reason to hybrid free energy flag because I want to install our flag fly always at moon, sun and every counties in the world. The energy always can get free, renewable energy. The free energy is to recovery of loss energy with respect to flag installation whether natural energy and artificial energy.

## The Hybrid Design World Science Expanding Psychology System

In Psychology system basically there is no symptoms for mental problems according to Dr. Syed Mubeen Akhter book for human behavior of Science and Technology. But people of the age of android Mobile, People surrounding are using discrimination with human voice .The main cause of my research and development, they are usingdifferent methodology killing way.

## The discovery of Hybrid Language

- The main reason in discovery of Hybrid language is to develop the nation with respect to different language if we have to progress in the science and technology then we have develop the hybrid language of roman words. We can make it comparative analysis between cryptography convert the hybrid language for hybrid nation of the world.

## The Discovery of Hybrid World of Science and Technology

- The research work is not English race basically it is the way of communication Which indicate the culture,civilization,brotherhood ,love. The English language is the way of communication which spread love of between hybrid nations.

- These mine words are enough for the World in which Shafiq Ur Rehman conquered and owner of the Science and Technology that the all world and universe are Hybrid because all research, development, technology with respect to My discovery that Everyone are related to each other whether it is living and non-living with respect to Physical and Biological Science.

- I need help to get all Noble Prize from early to till future of the World of Science and Technology. Please if we united for the Get of Alfred Nobel Prize then We will be Number one in the World of Science and technology and best Industries in our country. The foremost objective of Alfred Nobel Prize winning because the whole Nobel Prize are Hybrid.

- In this seven continent world of science and technology, the only competition between technology and development which are related to each other, they need every one help otherwise they cannot develop the world.

## The Discovery of Hybrid World of Science Technology Education

- The main purpose of mine research is to make Super Power in the World of Science and technology and other. If we get all Noble Prize from early to till of future because they whole laureate are related to each other according to rule and regulation of higher Commission if we correct or enhancement Physical and Biological Science, Patents, Doctor of Philosophy, Doctor of Science, Post doctor of Philosophy the all field are related to each other whether it is Engineering or Non-Engineering.Similiarly all physical and Biological are also related to each other. In every country there is no hybrid education system then there is no development of Science and Technology. This nation will be used for different purpose of world. They cannot develop the defense system for protection of education system.

## The Design Hybrid Economy Development System Expanding free energy, solar

In this article, I design the economic development for people of the world because reduce poverty and secure the world of Science and Technology with respect hybrid economic development system of renewable energy. The design system would be connect hybrid poverty development system in which the everyone equal share in this research and technology. This project is produce profit and there is no loss system with natural energy.

## Discover Hybrid Law of Archimedes for hybrid forces

- In this research, I modified the Archimedes because in this law has nth dimension with to Scientific principal of Physical and Biological Science according to different situation and circumstances. The main principle of ship and submarine are same.

- The up thrust and down thrust would be difference between right and left forces with respect to hybrid law of forces is to depend the surface of under and above it is depend the seas, river and Iceland. The dynamic forces activate when all forces are equal to each other. The main cause of this research and development of this submarine and ship they are related to each other different between ship and

submarine are under and above the surface.

## The Shafiq Ur Rehman Methodology for Noble Prize 2021 Medicine

- The main purpose of this research is to design the medicine for the poor people of world which reduce the disease from the people of the world. I discovered that the main reason of our bodies' disease which is digestive system which are related to each other people and many other disease. The metabolism is the key factor of the every disease in the world, because if digestive system will not work in human body then the artery and vein cannot send blood all part of the human body and excretion food, therefore the all system of the body cannot supply blood to our body system.
- 
- The main reason cause of Blood cancer, Liver cancer, Lung cancer, Heart problems cause of incomplete of blood circulation. Therefore Hepatitis A, B, C, D are active of cell, then, Heart problem arise in the human body. The medicine is cure to save patient of all different type of disease. We have better idea for patient who can reduce the cancer cell from the every kind of disease fruits and vegetable. The most important fruits banana, Papaya, Orange, Mango and other fruits.Similiarly vegetable are Onion, Radish and other. The medicine has advantage and disadvantage.

- **The Shafiq Ur Rehman Methodology for Noble Prize 2021 Medicine**
- The main purpose of this research is to design the medicine for the poor people of world which reduce the disease from the people of the world. I discovered that the main reason of our bodies' disease which is digestive system which are related to each other people and many other disease. The metabolism is the key factor of the every disease in the world, because if digestive system will not work in human body then the artery and vein cannot send blood all part of the human body and excretion food, therefore the all system of the body cannot supply blood to our body system.
- 
- The main reason cause of Blood cancer, Liver cancer, Lung cancer, Heart problems cause of incomplete of blood circulation. Therefore Hepatitis A, B, C, D are active of cell, then, Heart problem arise in the human body. The medicine is cure to save patient of all different type of disease. We have better idea for patient who can reduce the cancer cell from the every kind of disease fruits and vegetable. The most important fruits banana, Papaya, Orange, Mango and other fruits.Similiarly vegetable are Onion, Radish and other. The medicine has advantage and disadvantage.

- Therefore we should concentrate in natural fruits and vegetable. The fruits and vegetable can save millions people life. Please don't use gens vegetable and fruits because it can destroy human natural body structure. The research and development are related to each other because if we develop the world automatically people also develop. The every vaccine has negative and positive impact in the world, because every country has different temperature that's why the vaccine can act negative and positive. We can live safely with respect to natural environment.
- 
- The main reason of this research for the world and universe people of the everywhere The amendment of radio, televionon and their sound energy can hear and beautiful voice of hearing power slowly and steadily reduce the human bodies electronic magnetic field because everywhere hidden many system in the human,animal,birds,ants and other system. The sound waves we hear with respect to inner and outer system which we hear according to different religion way of hearing whether of Muslims,Hindu,christain and similarly other religion, we can

## The Shafiq Ur Rehman Modification of Black hole Nobel Prize 2021

In this research work, the black hole are hybrid one is earth and other is human body, the sun is directly proportion to the hybrid pollution hazard and other human artificial disaster, which effecting the all kind of disease which related to each other system of human body. The main reason this research spread the knowledge of about Hybrid natural and artificial disease which cause the increase temperature of earth and also human body temperature pressure and heart pumping of every human, animals which are related to each other, this is Shafiq Ur Rehman modification of Albert Einstein theory of relativity.

- 
- According to Shafiq Ur Rehman medication of both general and special Theory of relativity everyone are related to each other because every research and development of Physical and Biological Science are related to each other technology and development. I discover the every human medical and Physical team are hybrid because All Biological and Physical Science are related to each other because the whole equipment of Physical science, temperature, blood pressure and heart pumping measure the instrument otherwise we cannot measure all parameter of biological system.
- 
- Therefore everyone in the world of Science of Technology are needed to each other. The main reason is that every person are related each other whether it is human, animals and birds. In my point of view everyone has infinite dimension with respect to my theory is that the whole world and universe are related to each other but their think of Infinite dimension. The main advantage is that they are related to each other Hybrid Science, Engineering and Technology. With the help of this hybrid technology we can make Hybrid Bank with profit and no loss system. It can built without curse and with small of group system.

## The Shafiq Ur Rehman Algorithm Electromagnetic Field Nobel Prize 2021

The main purpose of this research is to design the medicine for the poor people of world which reduce the disease from the people of the world. I discovered that the main reason of our bodies' disease which is digestive system which are related to each other people and many other disease. The metabolism is the key factor of the every disease in the world, because if digestive system will not work in human body then the artery and vein cannot send blood all part of the human body and excretion food, therefore the all system of the body cannot supply blood to our body system.

- 
- The main reason cause of Blood cancer, Liver cancer, Lung cancer, Heart problems cause of incomplete of blood circulation. Therefore Hepatitis A, B, C, D are active of cell, then, Heart problem arise in the human body. The medicine is cure to save patient of all different type of disease. We have better idea for patient who can reduce the cancer cell from the every kind of disease fruits and vegetable. The most important fruits banana, Papaya, Orange, Mango and other fruits.Similiarly vegetable are Onion, Radish and other. The medicine has advantage and disadvantage
- 
- Therefore we should concentrate in natural fruits and vegetable. The fruits and vegetable can save millions people life. Please don't use gens vegetable and fruits because it can destroy human natural body structure. The research and development are related to each other because if we develop the world automatically people also develop. The every vaccine has negative and positive impact in the world, because every country has different temperature that's why the vaccine can act negative and positive. We can live safely with respect to natural environment.
- 
- The main reason of this research for the world and universe people of the everywhere The amendment of radio, televionon and their sound energy can hear and beautiful voice of hearing power slowly and steadily reduce the human bodies electronic magnetic field because everywhere hidden many system in the human,animal,birds,ants and other system. The sound waves we hear with respect to inner and outer system which we hear according to different religion way of hearing whether of Muslims,Hindu,christain and similarly other religion, we can

Please don't use gens vegetable and fruits because it can destroy human natural body structure. The research and development are related to each other because if we develop the world automatically people also develop. The every vaccine has negative and positive impact in the world, because every country has different temperature that's why the vaccine can act negative and positive. We can live safely with respect to natural environment.

## The Shafiq Ur Rehman Methodology for Noble Prize 2021 Literature

- In this research of literature, I hypothesis, observed, Experiments, result and analysis the Shakespeare the seven stages of human that I modified the seven stage of human and human being is that There are infinite stage of human and human being because when baby came in the world before nine months live at mother body at that time is first stage of human and being.Similiarly Everyone has own memory, They are independent with respect to other.
- 
- The second stage is that when he or she came in the world. The third stage when he or she speak. The fourth stage of when he or she goes to school.Similiay fifth stage when he or she completed primary, similarly sixth stage of human being when he or she completed secondary class this is seventh stage of human being.similiarly every class are related to other. The Shafiq Ur Rehman modification of theory of relativity.
- 
- That's why I modify of Shakespeare theory of seven age of human being, every human being are related to each other. The first class is eight stage of human being, there are hybrid category of human being one is educated and second human is uneducated people of the world and other people of the world are unknown people.Similiarly all stage are related to each other from second, third, fourth, fifth,seventh,Eight,Tenth class, F.Sc Pre-Engineering,Bachelore of Science, Master of Engineering and doctor of Philosophy, Post Doctor of Philosophy and Doctor Science and till the death of people of the Science and Technology.
- 
- These are example of Hybrid Science which are education are related each other. Every stage of human being are related to each other. This education analysis of age of the infinite stage of human and animals because they are related to each other. These are example shows the age of human and animals are also hybrid which everyone has infinite ages of dimension of human and other type of unhuman.
- In this article I prove that every human, animal, plant, unicellular and multicellular system are related to each system in the world of science and Technology. I prove that everyone has infinite thinking of every healthy as comparative to kaimothraphy, it will be better.by the way we can experiment both way of research

## The Shafiq Ur Rehman Methodology for Noble Prize 2021 Economics

- In this hybrid economics system are related to each other system, because I modified the cheapest economics system which are related to every poor people connected to the hybrid economics system. The drawback of the all economics based on credit and debit which are sometime useful and disadvantage according to world economics methodology of the world economics form. The my theory is that modification of Muhammad Younus theory because I will make Hybrid economics system in which everyone is owner of the bank which automatically connect to Hybrid Economics System which connect bank which are Radio frequency Identification technique, This bank connect automatically every radio frequency identification card they would collect according to everyone requirement of user.
- 

- The Hybrid bank would invest the different type of projects and this projects will get profit every month and hybrid Economics development program investment would increase online all owners can see or hear all projects details and income automatically watch every research and developments details. The owner category are different with respect to countries of the world because more than two hundred and fifty countries of the world. The main purpose of this research and development is to reduce the poverty.
- 
- The second important is to secure the world countries because we are relate to each other. This project owner are small kids to old age people of the world. The love has no religion therefore everyone is dependent on the other one. The main objective of this article is to develop the poor populaces life and motivate the everyone in the world of Science and Technology.Similiarly all economic development approach are related to each other, All economics Schemes are modification of Albert Einstein Theory of relativity which shows that everyone in this realm the whole system are equal to each economic system with respect to Physical and Biological System. This is also example of modification of both general and special theory of relativity.

## The Shafiq Ur Rehman Methodology for Psychology and Neurology Noble Prize

- The Psychology main objective is to reduce the mental illness according to research and development which are related to each other because this is the neurology department which help to reduce impose ailment of Psychology which is create the brain problems using high intensive electromagnetic field for destroy the human brain slowly and steadily, it is basically use for neural network for human being which destroy brain because there is no need of this type problems. The psychology and Neurology are directly proportional to each other because the main brain part of medulla oblongata are decreasing size of this brain would be increase and decrease according to honest people of the Science and Technology because every technology and research and development are related to each other.

- The mankind are being used for welfare purpose but they are using technology for the destruction purpose of human being. The Psychology and Neurology both are related to each other. These technology are using different purpose. Every patient should think about the people of the world don't go hospital, Patient needs love, brotherhood, care with their family, they automatically soon well because we should spend with someone at home. The home is the one where there is need of medicine and only needs of love from family. The disease automatically remove from the patient. The most important outcome based cure of brain problems family sickness and other greedy, curse people of the world. If we follow the rule and regulation of Islam then automatically spread love immediate people of the realm. The smile and laugh are related to each other. These two things most important parameter of this research and development.

- This research and development is to motivate the people of the world where is no need to go hospital and problems for the people of world can be change sudden death because everyone in this country can live independently with constitution of Pakistan and international ordinance, because I faced many problems with my life uncertainty and sometime sudden death. Therefore everyone should use natural fruits and vegetables which would be make people healthy without any doctor, because the natural fruits and vegetables will make us strong healthy.

object with respect to hybrid way of thinking.

## The Shafiq Ur Rehman Hybrid modification of Kepler Law

- The Kepler law of movement of planets is also wrong because everything is related each other. Because of magnetic, electrostatic electric field. The whole field are related each other. The reason for all field are related to each of my discovery hybrid theory are related to each other. These hypothesis based more than nine planets in the world whom are also hybrid quantitative and qualitative analysis which are also relative of the world.

- The main reason of this poleomagnetism based on hybrid modification natural magnetic field. (This is also Nobel Prize work.).Please don't discuss religious matter. The main drawback of in the space between earth every things hybrid they don't have constant and variable speed of planets of the universe, because the climate changes has been changing minute to, minute hours, minute day everything are changing months month and year by years.Therfore planet earth temperature, pressure, level of seas and river are changing with respect to research and development. That's why I collude the magnetic and tectonic plate direction day by day and temperature.

- The main reason of all disease is blood circulation because all disease are hybrid with respect to neurology, digestive system, Heart, Pulmonary, Excretion and Kidney, Liver and related system each other,smiliarly the disease would be increasing due to Physical and biological system. The metabolism is the main part of living things both human and animals. Please don't discuss religious matter.

## The main reason cause of Corona

- The broken down of food material with respect to all organs, system are related to each other. If food material do not digest then all system to each other, otherwise blood circulatory system would not complete .Therefore several system cause different kind of disease. That why the whole system are related to each other. Please don't discuss religious matter.
- 
- The main problems of health of human is directly proportional to the human being and animals, because we don't accept reality of the research and development. The whole world of Science and technology are relative to each other. The art of war has been changed with respect to Hybrid Biological and Physical Science methodology.

## Modification of Modern Theory of Science

- According to rule and regulation of Royal Academy of Science, I modified Albert Einstein theory and discover the Hybrid theory of

## The Shafiq Ur Rehman Methodology for Psychology and Neurology Noble Prize 2021 Prize

- The Psychology main objective is to reduce the mental illness according to research and development which are related to each other because this is the neurology department which help to reduce impose ailment of Psychology which is create the brain problems using high intensive electromagnetic field for destroy the human brain slowly and steadily, it is basically use for neural network for human being which destroy brain because there is no need of this type problems.

- The psychology and Neurology are directly proportional to each other because the main brain part of medulla oblongata are decreasing size of this brain would be increase and decrease according to honest people of the Science and Technology because every technology and research and development are related to each other. The mankind are being used for welfare purpose but they are using technology for the destruction purpose of human being. The Psychology and Neurology both are related to each other. These technology are using different purpose. Every patient should think about the people of the world don't go hospital, Patient needs love, brotherhood, care with their family, they automatically soon well because we should spend with someone at home.

- The home is the one where there is need of medicine and only needs of love from family. The disease automatically remove from the patient. The most important outcome based cure of brain problems family sickness and other greedy, curse people of the world. If we follow the rule and regulation of Islam then automatically spread love immediate people of the realm. The smile and laugh are related to each other. These two things most important parameter of this research and development.

- This research and development is to motivate the people of the world where is no need to go hospital and problems for the people of world can be change sudden death because everyone in this country can live independently with constitution of Pakistan and international ordinance, because I faced many problems with my life uncertainty and sometime sudden death. Therefore everyone should use natural fruits and vegetables which would be make people healthy without any doctor, because the natural fruits and vegetables will make us strong healthy.

## The Shafiq Ur Rehman son of Abdul Hakeem Discovery of Hybrid Negative and Positive

- Therefore negative and positive research and development which run the all over the world of science and technology. I explained the every things about the condition of get the Alfred Nobel Prize is to make innovate and discover the research development. The world and universe is Hybrid with respect to physical and biological Sconce please exclude the religious matter, because People will be politicize.

- The all educational degree doctor of Science, doctor of Philosophy are also hybrid because they are relative to each other. From begin to today all educational world of science and technology don't know the doctor of science in Physical and biological science because wholly the Science and technology world is hybrid. That why all degree of title has to change with respect to hybrid technology. Therefore whole degree name should be change Hybrid with respect of Biological and physical science. The entirely research, knowledge and improvement are relative to each other, according to rule and regulation world of Royal Alfred Nobel.

- The main purpose of research and development is to share knowledge and technology which produce new world of science and technology according to Hybrid economic development (The group of twelve people of world invest everyday ten rupees that automatically goes Pakistan Asian Profit bank. The Radio Frequency Identification transfer the Profit based Pakistan Asian Hybrid Profit.

- The main reason of Hybrid positive are that we will follow the straight path according Deen e Islam with respect to research and development, then We will success everywhere which develop the countries also and people of every Islamic

research and development which shows every dimension has infinite direction which are related to each other, merit of my Pakistan Shafiq Ur Rehman modification of theory of relativity that the mass and energy can change with respect to Physical and Biological Science but velocity of light also vary with respect to environmental effect.

- The velocity of light cannot be constant because the behavior of the environment is different. The energy and mass cannot constant, that why Energy and Mass can transform from one stage to infinite stage. Therefore I have modified the theory of relativity according to innovation of the world of Science and technology. Instead of all of these I modified everyone theory, quantitative and qualitative analysis is related to each other. Please tell me why I still not receive Noble Prize and All degrees of Physical and Biological Science.

- According to rule and regulation of Royal Academy of Science, I modified Albert Einstein theory and discover the Hybrid theory of research and development which shows every dimension has infinite direction which are related to each other, merit of my Pakistan Shafiq Ur Rehman modification of theory of relativity that the mass and energy can change with respect to Physical and Biological Science but velocity of light also vary with respect to environmental effect.

- The velocity of light cannot be constant because the behavior of the environment is different. The energy and mass cannot constant, that why Energy and Mass can transform from one stage to infinite stage. Therefore I have modified the theory of relativity according to innovation of the world of Science and technology. Instead of all of these

- I modified everyone theory, quantitative and qualitative analysis through related to each other. Please tell me why I still not receive Noble Prize and All degrees of Physical and Biological Science.

## The Shafiq Ur Rehman Son of Abdul Hakeem Owner and Conquerer the World of Science and Technology and also Pakistan Medical Commission with respect to Physical and Biological Science and Technology

- In this article, I analyzed the world of Engineering and medical council which are related to each other according to scientific hypothesis,Observation,Experiment,Result and analysis of world Science because everyone in the world of Technology. Which are related to medical and engineering Technology because these research, development, Technology and design which are Hybrid Medical and Engineering council.

- In this article show that every hospital are related to each other. Because is a precious republic of Pakistan. In the light of Pakistan and other rest of countries constitution act of nine, four, five and fourteen and total thirty help the community of every nation according to the article of fourteen article mother enforcement people has to stop of human harassment of wireless and with wireless.

## The reason for Conquered and Owner of World of Science and Technology

- The reason of hybrid Conquered and Owner of the Science and Technology because the world and universe are hybrid with respect to physical and biological Science of Technology, research and development are also related to each other, therefore all research,development,Technology and innovation are related to each other. The world is Hybrid with respect to research, development and all world, factories, building and other research are related to each other. I have achieved the research paper acceptance letter. According to their review and notification of research paper acceptance letter.

Therefore I request to Army Chief, Air Marshal, Admiral, Prime Minister, and Chief Justice of Pakistan Please help me to get All Royal Academy of Science award of Alfred Nobel Prize because.

- I have won the world of Science and Technology with respect to Hybrid Physical and Biological Science. My one research paper is equal to the whole research paper of world of science and technology, because every research has infinite dimension. Therefore I have won without certificate all degree of Hybrid Physical and Biological Science.

## The Shafiq Ur Rehman Son of Abdul Hakeem hybrid of Nobel Prize

The main reason is that the physics and their branches of physics bout physics because it is the relation interaction between mass and energy. When we develop the in the form mathematical expression then it convert the field of Physics which related to chemistry,Aeronautics,Astraunautics and many other branches are related to everyone in the hybrid science and Hybrid physical and biological Science.

- The Physics are called father and mother of physics. They are hybrid nation because everyone related to each other and also no one know about ancestors with respect to religion. The main reason of my discovery is that the Physics are also Hybrid.Similiarly Biological System which are related to other system of Biological Science which are related to bioinformatics. That's why all things are related each other.

## The development of Hybrid Education in the race of research and Technology

- The main purpose of every hybrid education is to develop the quantitative and qualitative and measurement analysis with respect to Physical and Biological system of hybrid education adopted then it would be more beneficial system for the world of Science and technology. Both Hybrid medical and Engineering council has to develop the Hybrid Hospital system with respect to poor, minor poor, intermediate, major, critical system based of Hybrid wireless which are related to every country and other rest of seven continents of the World of Engineering, Science and Technology monitory system all over the world of Science. In this article we are talking about race of research and development with respect to discrimination and non-discrimination system which are related to each other.

## The Shafiq Ur Rehman Son of Abdul Hakeem Owner and Conquerer the World of Science and Technology and also Pakistan Medical Commission with respect to Physical and Biological Science and Technology

- I develop the world of Medical and Science Engineering Council. The purpose transformation of hybrid medical and engineering council develop the system with respect to distributed control system and Supervisory data acquision and control System. We should develop the Hybrid DCS and SCADA system they can develop the poverty health and care system for people of the world of realm people.

profession which are related to Hybrid way to thinking which analysis according to attendant not but design of methodology of medical and surgery way of hybrid Science with respect to Physical and Biological science.

- The both profession Engineering and medical profession are directly proportion to each other because they are both needs medical and engineering needs equipment without ,we cannot specify proper diagnose**Disease, therefore everyone basically mathematical and measurement analysis.**

## Hybrid Methodology of All Research and Development Conquered With respect to Hybrid Science

### Synopsis

- 1.0 The Design Hybrid Economy Development System Expanding free energy, solar
- 2.0 The Design Earthquake Predicted System Expanding Quantitative Analysis System
- 3.0 The Design modification of Muhammad Younus Noble Prize System
- 4.0 Hybrid Methodology of the World
- 5.0Design discover the Internet Protocol of Eight and ten.
- 6.0 The one who Design investigate the everyone ancestor are related to each other.
- 7.0 The world and universe is Hybrid with respect to Physical and Biological Science.
- 8.0 Discover and the Hybrid Law of Archimedes for hybrid forces.
- 9.0 I'm the one invent the Methodology expanding sweat waves for cancer cell
- 10.0 The design of Hybrid transform System With respect to Aircraft System.
- 11.0 The design of Hybrid transform System With respect to Helicopter System.
- 12.0 The design of Hybrid transform System With respect to Submarine System.
- 13.0 The design of Hybrid transform System With respect to Ship System.
- 14.0 The design of Hybrid transform System With respect to Aircraft System.
- 15.0 The design of Hybrid transform System the respect to Hovercraft System.
- 18.0 The Hybrid Design Engineering Discipline
- 19.0 The Design of Hybrid Archimedes
- 20.0 The Design Correction of Albert Einstein Energy Equation
- 21.0 The Hybrid Design Psychology of the World Science and Technology
- 22.0 The Hybrid Design Eight Wonder of the Science and technology.
- 23.0 The Hybrid Water distribution System
- 24.0 The Hybrid Design Aerodynamic System of the World
- 25.0 The Anticipated the Hybrid Windows operating system
- 26.0 The design the hybrid radar system for Hybrid Aerodynamics System
- 27.0 The proposed cognitive radio and television.
- 28.0 The design of Impact Hybrid Language with respect to Hybrid Nation
- 29.0 I am the one brought revolution of Hybrid Technology
- **30.0 The race of Super Power in the world of Science and Technology.**
- 31.0 Hybrid safety System for World of Science and Technology
- 32.0 human and non-living Safety System expanding Hybrid Mechanism
- 33.0 Algorithm of Gases Analysis of human being of the world of Science and Technology
- 34.0 The Hybrid transform analysis of with Animal and human being
- 35.0 The Hybrid Vote System with related to Hybrid Bank
- 36.0 The Hybrid Temperature Scale for measuring Farenheit,centigrade and Kelvin
- 37.0 The Hybrid voting and justice System for Election Commission
- 38.0 The Radio Frequency Identification For Hospital of the World
- 39.0 The modification of Shakes Pear Seven Stages of human and animals System
- 40.0 Medication of Darwain Theory with respect
- 41.0 Reverse Energy gain System expanding Solar, Wind, and Hydroelectricity
- 42.0 Methodology modification of Archimedes

43.0 The design concept of Hybrid Psychology and Neurology

- 44.0 The design of Hybrid Transformation System of Hybrid Aerodynamics Aircraft
- 45.0 The design of Hybrid Transformation System of Hybrid Aerodynamics Aircraft and Aero elastics Hybrid Dynamics 'system with respect to every dynamics System.

- 16.0 I have also modified the Albert Einstein theory of general and special theory

- 17.0 The Design Electronic Flag of our nation.

## The Shafiq Ur Rehman son of Abdul Hakeem Owner and Conqurer World of Hybrid Transformation Material Expanding Shafiq Ur Rehman Methodology for Hybrid Aircraft

- In my research article, I developed the Hybrid Aircraft Scheme for the transform the aircraft with respect to hybrid state of materials with respect to hybrid way of aerodynamic elasticity and aeroelastisity with help materials science which would change the methodology of submarine to Ship and ship to aircraft and aircraft to helicopter and helicopter to spacecraft. These are state of hybrid dynamic with help of hybrid aerodynamic and aeroelastic and these algorithm transform the different stage according to requirement of the state. In this article,

- I educate the hybrid transformation system from start to end whether it is human being and human with respect to Pakistan transformation system. The most important research finding that in this research hybrid material only transform and energy can be created and cannot destroy but it would be transform from one stage to nth stage. I found the research dynamic with the help of day by day experience. Everyone are related to each other with respect to spacecraft, Helicopter, Aircraft, Ship, Submarine and hybridcraft. In this research show that I am the one in billions.

## The Shafiq Ur Rehman son of Abdul Hakeem Owner and Conqurer World of Science and Technology With Respect to Physical and Biological Science and Also Conquered and Owner of Nobel Prize from early to end of future

- In this article, I conquered and owner of Science and Technology because the world and universe are Hybrid with respect to world of Science and Technology. The rule and regulation of doctor of Science, doctor of Philosophy and other research and development are also Hybrid. In this research work .I discover the Science and Technology facts that our world and Technology are hybrid according to advance Engineering, Science and technology are also Hybrid.

- Therefore every engineer are related to other engineer, similarly non-engineer are related to other non-Engineer and also Scientist are related to other Scientist. The main purpose of my discovery is that I want to aware the hybrid education of Engineering and non-Engineering with

## Modification of Kepler Law Expanding Shafiq Ur Rehman Son of Abdul Hakeem

- The Kepler law of movement of planets is also wrong because everything is related each other. Because of magnetic, electrostatic electric field. The whole field are related each other. The reason for all field are related to each of my discovery hybrid theory are related to each other. These hypothesis based more than nine planets in the world whom are also hybrid quantitative and qualitative analysis which are also relative of the world. This is poleomagnetism based on hybrid modification. (This is also Nobel Prize work.).Please don't discuss religious matter.

- Planet of the world are also relative to each other because of Electromagnetic field forces strength increasing each other with different way of tectonic movement of plate. Every planet are moving different speed because otherwise they would collapse with respect of star, earth and sun. (This is also Nobel Prize work.) Please don't discuss religious matter.

## World Magnetic Model

The World Magnetic Model thirteen to infinity model has been develop with respect to climate change of around the atmosphere which are related to sun temperature is also increasing day by day. Please don't discuss religious matter. The world magnetic field is also broader with respect to biological and physical Science. Please don't discuss religious matter. The wonder of the world is to transform the under surface, above the surface, under the water and space of zero gravity. This is my vision of the world of science and technology that everybody transform whether it is living and nonliving. This is also example of Modification theory of relativity which are also related to each other. Please don't discuss religious matter.

## Pakistan Hybrid EAACSHFDTD Mongrel Modernizing Marginal Maneuver using Diverse Lexicon Scheme echanism is to develop the multi-function performing system

- The major purpose of the Pakistan Hybrid EAACSHFDTD Mongrel Modernizing Marginal Maneuver using Diverse Lexicon Scheme mechanism is to develop the multi-function performing system in one aerodynamics system but Pakistan Hybrid EAACSHFDTD Mongrel Modernizing Marginal Maneuver using Diverse Lexicon Scheme mechanism aircraft system is multi-reliable and multiple task system. This is proposed model of the Pakistan Hybrid EAACSHFDTD Mongrel Modernizing Marginal Maneuver using Diverse Lexicon Scheme mechanism Aerodynamics system. More than nine package contain in one Pakistan Hybrid EAACSHFDTD Mongrel Modernizing Marginal Maneuver using Diverse Lexicon Scheme mechanism. I think no one has this kind of idea, according to my point of view. It consist of many giant areas of the world hybrid Engineering (Physical and Biological science), which are given below

- These above engineering play very important role in the world of modern era, which are essential of these engineering for each other's. This project would fetch rebellion in the design of contemporary era. There are a lots of benefit of this whether it is earthquake detection for pre earthquake early warning for safety purpose, whether it can be used as a elasticity purpose or crawl in the air according to the prediction of the incoming birds or missile any direction or other things no matter what things, it determination very interesting and challenging. It can be transform according to situation of just like movement of Snake Rabot.It can be used as a satellite.

respect to hybrid science. According to the research and development point of view, I conquered the world of Science technology with respect to living and non-living with respect to Hybrid Science. The research and development are also each other modification theory of relativity.

## The Shafiq Ur Rehman Algorithm Electromagnetic sound Waves Field

In this research and development ,I discover the Electromagnetic field would be used in variable speaker to listen the infected different type of people disease which can reduce the cancer cell affected people of the world it can be slowly reduce the cancer cell from the human body.

The most important advantage of this research when listen the Holy books it create the spiritual power which reduce the cancer cell affected cell. Whether it is cancer, Hepatitis, COVID-19, lung cancer, blood cancer, Liver cancer which related to other. The blood cancer and digestive cancer are main hub of the disease, If metabolism don't broke down the food of the system then it cannot provide the protein the blood circulation of human body, if metabolism broke down the food then it the blood cell complete the cycle of the system. Then more than seven system of human body are well then all the system will be work properly.

The waste material excretion system also work fantastic. The main advantage of this research discovery of Hybrid body system which are related every system of the human body to each other. The hybrid vein, artery and other system are related to each other. This is my wonder discovery of medical Science and Technology because every technology are related to each other.

The all phycology are related each other of medicine of the world of Science and Technology because everyone whether it is psychology or medicine everyone related to each other, they are related to each other. That why medicine and Psychology are related to each because every human body system are digestive system, blood circulatory, Heart, Pulmonary system, respiratory system, neurology (the brain control system).

I discovered that the main problems cause liver system which control the all blood circulatory system, that's why if liver health condition is well then the whole system will be fine according the blood circulation has to complete the cycle of blood.

## The Shafiq Ur Rehman Methodology for Noble Prize 2021 Peace Prize

- The peace is the most important parameter of human being because it is the language between the human and human being. There are infinity type of peace maker who bear and face every type of circumstances and situation of the world of politics and other people of the region. Everyone has own duty to protect the innocent people of the Science and Technology. In peace time

The Shafiq Ur Rehman Son of Abdul Hakeem Conquered and Owner World For the Pakistan Hybrid Transformation System of Modification System of Aircraft F-22,F-35,C-20 and other Hybrid Dynamics Aircraft for saving the People of the World

- In this research work, I comparative analysis the whole top Aircraft of the world who save life and also cannot destroy hybrid Aircraft with respect to human life, speed of Aircraft, speed of Spacecraft, speed of Helicopter, Speed of Submarine, speed of Ship, speed of Hybrid craft, speed of Hovercraft and other aircraft.

- The speed depend on the weight of every hybrid machine of human being. I have to develop the system life saving system for the people of the world of science and Technology.Similiarly all different type of Aircraft with respect to upload, download, left and right forces and other forces are related to each other. In this article, I have to develop the methodology of the Aircraft, unmanned vehicle and other flying equipped. In the race of the Science and Technology.

- I discovery the hybrid way of thinking which can save the life human and other. In this aircraft has ability to detect the Earthquake Waves, buried human pulse detector, High and low Frequency Selective, free Energy, Solar, Wind, Hydro energy, World Geomagnetic Model, Hurdle and mountain model for Aircraft. The most important significance of this advance Researcher and developer is that all area, province, countries and seven continent of Science and technology people based because it would be develop the all share holder of the more than two hundred fifty motherland of the World of Science and development.

- In this project everyone has equal share holder with respect to research and development. In this research work everyone are related to each other also with respect to Non-Engineering and Engineering Science. There is no loan and loss System of World of people economics development System for orphans, poor system. Everyone are connected to radio frequency Identification System.

- The main purpose of Aerodynamic and Aeroelastic system which will be transform one stage to second stage, third stage, third stage to four stage, four stage to five stage, five stage to six stage, six stage to seven stage and seven stage and similarly to the nth stage of transformation of submarine, ship, aircraft, space craft, helicopter Hybrid craft .which are related to each other. These are research and development from 1st to nth stage. In this research we have to develop hybrid economic development system with aerodynamic and aeroelastic system for aircraft, Space craft, submarine, ship helicopter and other many aerodynamics and aeroelastic system.

## The Shafiq Ur Rehman Methodology of Modification of Shakespeare Theory for Literature

- In this research of literature, I hypothesis, observed, Experiments, result and analysis the Shakespeare the seven stages of human that I modified the seven stage of human and human being is that There are infinite stage of human and human being because when baby came in the world before nine months live at mother body at that time is first stage of human and being.Similiarly Everyone has own memory,
- 
- They are independent with respect to other. The second stage is that when he or she came in the world. The third stage when he or she speak. The fourth stage of when he or she goes to school.Similiay fifth stage when he or she completed primary, similarly sixth stage of human being when he or she completed secondary class this is seventh stage of human being.similiarly every class are related to other. The Shafiq Ur Rehman modification of theory of relativity. That's why I modify of Shakespeare theory of seven age of human being, every human being are related to each other.
- 
- The first class is eight stage of human being, there are hybrid category of human being one is educated and second human is uneducated people of the world and other people of the world are unknown people.Similiarly all stage are related to each other from second, third, fourth, fifth,seventh,Eight,Tenth class, F.Sc Pre-Engineering,Bachelore of Science, Master of Engineering and doctor of Philosophy, Post Doctor of Philosophy and Doctor Science and till the death of people of the

every one engage to the altogether with respect to Physical and Biological Science. In peace maker role of world is to protect the human being and help the countries for poverty reduction. If no one help this country then it will be security risk and other different type of problems are increasing and according to rule and regulation of United Nation, we should help the people of the world with food program and other different types of security risk.

- 
- I am struggling for seeking education from childhood till future of the world. The main purpose of this research is to develop the Hybrid Engineering education system which will be develop their own technology which will self-development nation of the world. The main peace maker are languages which shows the peace maker and non-peace maker. The main objective of peace maker is to motivate the people of the world hybrid education system, hybrid engineering system which are related to each other because if the people develop automatically their countries would be develop. The second objective of peace maker is to provide food hunger according to their needs of people of the realm.

## The Shafiq Ur Rehman Modification for Psychology and Neurology

- The Psychology main objective is to reduce the mental illness according to research and development which are related to each other because this is the neurology department which help to reduce impose ailment of Psychology which is create the brain problems using high intensive electromagnetic field for destroy the human brain slowly and steadily, it is basically use for neural network for human being which destroy brain because there is no need of this type problems.

- The psychology and Neurology are directly proportional to each other because the main brain part of medulla oblongata are decreasing size of this brain would be increase and decrease according to honest people of the Science and Technology because every technology and research and development are related to each other. The mankind are being used for welfare purpose but they are using technology for the destruction purpose of human being. The Psychology and Neurology both are related to each other. These technology are using different purpose.

- Every patient should think about the people of the world don't go hospital, Patient needs love, brotherhood, care with their family, they automatically soon well because we should spend with someone at home. The home is the one where there is need of medicine and only needs of love from family. The disease automatically remove from the patient. The most important outcome based cure of brain

Science and Technology. These are example of Hybrid Science which are education are related each other. Every stage of human being are related to each other. This education analysis of age of the infinite stage of human and animals because they are related to each other. These are example shows the age of human and animals are also hybrid which everyone has infinite ages of dimension of human and other type of unhuman. In this article I prove that every human, animal, plant, unicellular and multicellular system are related to each system in the world of science and Technology. I prove that everyone has infinite thinking of every object with respect to hybrid way of thinking.

## The Shafiq Ur Rehman Methodology for Noble Prize 2021 Peace Prize

- The peace is the most important parameter of human being because it is the language between the human and human being. There are infinity type of peace maker who bear and face every type of circumstances and situation of the world of politics and other people of the region. Everyone has own duty to protect the innocent people of the Science and Technology. In peace time every one engage to the altogether with respect to Physical and Biological Science. In peace maker role of world is to protect the human being and help the countries for poverty reduction. If no one help this country then it will be security risk and other different type of problems are increasing and according to rule and regulation of United Nation, we should help the people of the world with food program and other different types of security risk.
- 
- I am struggling for seeking education from childhood till future of the world. The main purpose of this research is to develop the Hybrid Engineering education system which will be develop their own technology which will self-development nation of the world. The main peace maker are languages which shows the peace maker and non-peace maker. The main objective of peace maker is to motivate the people of the world hybrid education system, hybrid engineering system which are related to each other because if the people develop automatically their countries would be develop. The second objective of peace maker is to provide food hunger according to their needs of people of the realm.

## The Shafiq Ur Rehman Modification for Psychology and Neurology

- The Psychology main objective is to reduce the mental illness according to research and development which are related to each other because this is the neurology department which help to reduce impose ailment of Psychology which is create the brain problems using high intensive electromagnetic field for destroy the human brain slowly and steadily, it is basically use for neural network for human being which destroy brain because there is no need of this type problems.

- The psychology and Neurology are directly proportional to each other because the main brain part of medulla oblongata are decreasing size of this brain would be increase and decrease according to honest people of the Science and Technology because every technology and research and development are related to each other. The mankind are being used for welfare purpose but they are using technology for the destruction purpose of human being. The Psychology and Neurology both are related to each other. These technology are using different purpose.

- Every patient should think about the people of the world don't go hospital, Patient needs love, brotherhood, care with their family, they automatically soon well because we should spend with someone at home. The home is the one where there is need of medicine and only needs of love from family. The disease automatically remove from the patient. The most important outcome based cure of brain problems family sickness and other greedy, curse people of the world. If we follow the rule and regulation of Islam then automatically spread love immediate people of the realm.

- The smile and laugh are related to each other. These two things most important parameter of this research and development. This research and development is to motivate the people of the world where is no need to go hospital and problems for the people of world can be change sudden death because everyone in this country can live independently with constitution of Pakistan and international ordinance, because I faced many problems with my life uncertainty and sometime sudden death. Therefore everyone should use natural fruits and vegetables which would be make people healthy without any doctor, because the natural fruits and vegetables will make us strong healthy.

problems family sickness and other greedy, curse people of the world. If we follow the rule and regulation of Islam then automatically spread love immediate people of the realm.

- The smile and laugh are related to each other. These two things most important parameter of this research and development.
- This research and development is to motivate the people of the world where is no need to go hospital and problems for the people of world can be change sudden death because everyone in this country can live independently with constitution of Pakistan and international and national law
- Because I faced many problems with my life uncertainty and sometime. Therefore everyone should use natural fruits and vegetables which would be make people healthy without any doctor, because the natural fruits and vegetables will make us strong healthy.
- The strong mind can help the growth of economic development of every countries of the world of science and Technology. In the recent world there are two hundred and fifty countries of the Science and Technology which needs healthy mind people of the world
- The neurology and Psychology are related to each other because they are hybrid because of soft and hard thinking each other, they are researcher and thinker in the world of Science and Technology. If someone thinking about environment of hybrid Science and Technology then they are think tank of world and Technology. Therefore no one patient of hybrid Psychology and neurology because thinker and developer of Science and Technology.
- Every countries has thinker, researcher, developer and innovator of the defense of mother and father land. Ifwe doresearch and develop the methodology for human development reducing the poverty system and develop the human skill with respect to Physical and Biological Science. I have also modified Noble Prize Muhammad Younus Theory with help of World hybrid economic development system.

1.0 The main purpose of for this email is to make Hybrid Association of Trade and Industry because we can implement outcome based education and industries equipment program between industries and education. The main purpose is to educate and trained the students with respect to industries requirement. The main aims that is to make self confident and reduce the poverty from the World of Science program with the help industries.

2,0 If this methodology implement every happy with hybrid science research and development. The second main objective is to make secure the world of Science and Technology. The few security budgets can be use in this way of thinking. Please spread the love, brotherhood, culture of Muslim and hybrid nation. Every industry can be monitor with respect to hybrid science. If there is no discrimination every one can live easily according to constitution of Pakistan. The Growth development program of Science and Technology can automatically increases because everyone can be part of Secure research and development of Pakistan.

3,0 The jobs, education and adopted of hybrid development program is directly affect the every countries economic. In this project we can combine the public, private and foreigner partnership of the seven continents of the realm era. The all over the more than two fifty countries can run our methodology and will be reduce poverty,security,education,economics are also directly related to world of Science and Technology.

4.0 The whole world can be united in this people the world of Hybrid. The all pillar of the world of Science and Technology can be combine as a hybrid nation for the love of humanity and change the world of artificial and natural. This research and development spread love every nation hybrid nation of world. The main pillars of every motherland and father land are Army, Navy, Airforce and common people of the World.

5.0 The third main reason is that in the world of Science and Technology every citizen of Pakistan and rest of the world is to give equal opportunity of the Science and Technology because we have to develop the nation freely live and free to get education with respect to industries and education both are related to each other.

6,0 In this current world, I want to educate the people according to requirement of industry. If most important issue jobless is directly proportional to the insecurity of every continent of the realm. The fourth main purpose is to develop the refugee with the help radio frequency identification system and cognitive television and radio system.

7,0 In the many countries of the world are facing refugee problem, This issue can be resolve easily system. We should give job easily and we can reduce the secure the world with respect to internet protocol ten and Eight, The easily can be utilized the people of the foreigners of the seven continent of the world. The half problems if do not follow the might is right. The main causes of the world insecurity problem are discrimination, curse, greedy, jealousy. We should respect the hybrid nation culture. Civilization, love, brotherhood, honesty, unity and discipline which are related to each other.

# The Shafiq Ur Rehman Modification World of Science and Technology

## Engr. Shafiq Ur Rehman son of Abdul Hakeem

**No body know what will be happen next few movement.**

**The researcher and Engineer can design of every machine**

**The Designer conquered and Owner of the World**
