

Title: Alternative medicine: an intelligent choice

Name: Larisa Anatolievna Maksimadzhi

University of Moscow, 1986, URSS

Alternative medicine is an alternative choice because it have successfully cured such diseases as cancer, fibroids, atopic dermatitis, vitiligo, asthma, diabetes, spinal disorders, epilepsy, Alzheimer's disease, Parkinson's disease, multiple sclerosis, female infertility and many others. Mrs. Maksimadzhi´s innate bioenergetics skills help to diagnose diseases, understand how the disease begins and cure them completely.

There are more than 100 videos filmed by ten different television channels in Nicaragua and the USA, where they talk about specific patients that Mrs. Maksimadzhi cured successfully. You can see my work on my youtube channel:
https://www.youtube.com/user/mrMaksim1961/videos?spfreload=10

Several newspapers and magazines in Nicaragua published articles about Mrs. Maksimadzhi´s work and cured patients. Also, she published articles about disease prevention, for example in the American Journal of Alternative Medicine "Medicinal aromatic plants", she published the article about a cure for incurable diseases: http://www.omicsgroup.org/journals/alternative-medicine-2167-0412-S3-009.php?aid=73128. You can also check the website: www.manosmilagrosas.ru and also a Google + channel: https://plus.google.com/+mrMaksim1961/posts Currently, more than 7,000 patients have been treated at the Center for Bioenergetic Medicine. You can call (505) 88357777 Viber and WhatsApp, as well as through Skype lbcr.salud, for a health diagnosis.

Just looking at a person, whether on a screen, a photograph, or in person Mrs. Maksimadzhi gets information about not only health problems, but also in events that surround his or her life. There are few people in the world with these skills which make it hard to believe but just giving the opportunity to have a session of Mrs. Maksimadzhi´s work, she can demonstrate in a matter of minutes that she can cure people through bioenergy. She speaks with the people of Nicaragua every Tuesday through National Television, and she stops patients' pain of those who call the studio during the television program.

Biography

In 1986, after graduating from Moscow University, Mrs. Maksimadzhi started working on her own. In 2008, she moved to Nicaragua, She opened a bioenergetic medicine center called "Manos Milagrosas" in Managua. So for more than 30 years she is healing patients through the bioenergy methods.
