## ABSTRACT

Master Linda Paradis has developed and launch a safe and non-invasive tattoo removal technique, which guarantees great and fast results no matter the complexity of your tattoo, without using laser or the micro-needling on the skin just by the concept of Magnetic Cartridge 88, and Tattoo Remoov with basic PH 9, composition is 40% water and molecules made of food and cosmetic industry molecules and deionized water. Used along with cartridges 88, it only works its magic on the surface of the skin and **attracting heavy metals of the ink without penetrating the dermis** or forming any crust, or pain or scars after the treatment the person can live life normally, shower, spa, and do any physical activities among others

**Some of the features of Tattoo Remoov 88**
100% no risk of scarring by using Cartridges 88
No collagen induction
Contains no acid
Contains no Saline Solution
Contains no Lactic Acid
Simple use, quick and safe
Fast and painless treatment, no need for numbing body
