Letter Of Recommendation

To: whom my concern.

As a lecturer of university of Gondar, in the institute of technology, in Mechanical engineering department, I would like to recommend one of my previous friend Mr **Nega Chanie Belay,** I have known him for five years he is committed for his responsibilities and accountability spend his time for research and great student in addition that of the teaching and learning process. He has always been oriented towards research based problems. His analytical, Mechanical Engineering software's "CATIA software, "Pneumatics, Electro Pneumatics, Industrial Hydraulics Control Design", Auto Cad, ANSYS software , Solid work and Microsoft tools(words, power point and excel) abilities and perseverance have always stood him apart from rest of the class.

At the time he studies his **Master**'s program Material science and engineering in Bahir Dar science and Technology University and the training is backbone for his research and that I am glad that he wants to attend the training. I am more than sure that he will be an extremely valuable addition in his master's program. I'm confident he will be able to make an immediate as well as positive impact on your organization. If you have any questions or concerns about the capabilities, experience about he, Please feel free to connect with me to discuss anything in the following address.

Sincerely,

Mr. Melese Shiferaw

Lecturer at university of Gondar

DEBRE MARKOS UNIVERSITY

Debre Markos, Ethiopia Africa

CERTIFICATE OF TRAINING

NEGA CHANIE

Attended from Nov. 21-23, 2014/Dec. 13-14 2014/ Jan. 3-4, 2015 the seminar on

"Pneumatics, Electro Pneumatics, Industrial Hydraulics Controls and Design"

The following subject matter was covered in this technology seminar/training:

Generation , Preparation and Distribution of Compressed Air, Design and Functions of Pneumatic Working elements, Pneumatics Symbols and Standards, Basic Pneumatic Circuits, Industrial Applications of Hydraulics and Basic Hydraulics Designs / Functions/ Circuits.

In addition to theoretical instructions, basic circuits were set up and tested.
The participant is capable of designing simple pneumatics and hydraulics controls.

Engr. Raymundo Feliciano, ME, MSME
Seminar/Training Instructor

Ato Habte Bekele
ME Chairman, DMU

Letter of Recommendation

I am writing to give my strong recommendation to Mr. NEGA CHANIE. I have known him since 2006 E.C, while he was learning Mechanical Engineering in BSc. program at DEBRE MARKOS UNIVERSITY, institution of technology.

He was one of the best students of mechanical engineering, being hard working, and devoted. I have been his instructor since 2006 E.C, at DEBRE MARKOS, as a Mechanical engineering department lecturer and his performance was found excellent. He has a very responsible and hardworking personality with a very high level of understanding in mechanical domains.

It is my pleasure to testimony Mr. NEGA CHANIE capacity to pursue his career at any mechanical concerns. I am confident that he will be an outstanding worker and thus I recommend him in the strongest terms for getting an opportunity of any in his future.

Finally, I wish him all the best in his future endeavors. If you need any further information about this promising vibrant person, please feel free to contact me.

Best Regards.
