MARKET ANALYSIS

The neurology sector is experiencing remarkable growth globally and in India, driven by rising incidences of neurological disorders, advancements in technology, and increased investment in research and healthcare infrastructure.

In India, the current market for neurology products is valued at $12.6 billion and is projected to reach $27.2 billion by 2030, reflecting a robust compound annual growth rate (CAGR) of 8.1% from 2020 to 2030. This impressive growth underscores the critical importance of innovation in addressing the increasing demand for effective neurological treatments.

Neurology 2025 in Vienna, Austria, provides an exceptional platform to explore these advancements, discuss emerging challenges, and foster collaborations that will shape the future of neurological care worldwide.
