MARKET ANALYSIS

The global healthcare services market grew from $8.3 trillion in 2023 to an expected $8.96 trillion in 2024, with a compound annual growth rate (CAGR) of 7.4%. This growth is projected to continue, reaching approximately $10.9 trillion by 2028. Key drivers include advancements in medical technology, expansion of telehealth services, and increased focus on personalized and value-based care models (Cognitive Market Research) (Research & Markets).

The nursing care market specifically is expected to grow at a CAGR of 5.5%, reaching $1,744.94 million by 2029. This growth is fueled by the increasing prevalence of chronic diseases, a growing elderly population, and rising demand for long-term care services (Data Bridge Market Research).
