About

On behalf of Pulsus, **Arthroplasty 2022** welcomes all the eminent researchers and scholars around the globe to be the member of "**15th International Conference on Arthroplasty and Arthroscopy**" scheduled on **March 14-15, 2022** at **London, UK**. The objective of the conference is to reach the advancement in the field of Arthroplasty by the global gathering and meeting of peoples from various diversities to share the knowledge by oral presentations, poster presentation and by the delivery of speech & lectures or as a delegate in the research forum.

Arthroplasty 2022 is an International gathering that unites all the innovators to glaze the entire field of arthroplasty and arthroscopy and to experience the advancements in the research and development of the orthopedics surgery. It is the global platform for all the scholars, researchers, scientist, organizations and industries to converse concerning the current developments, recent advances, new approaches and future approaches and postoperative managements in the field on arthroplasty and orthopaedic surgery. The event comprises the various aspects of arthroplasty and with new emerging prosthesis with applied technologies of biomaterials, nanotechnology and Tissue engineering in Orthopedics are comprised in the conference.

Arthroplasty 2022 is eagerly waiting in addressing all the participants, scholars, researchers and industrial expects to make the gathering more successful. The International symposiums, B2B meetings, International workshops will also be organized to discuss the specific topics in the field of arthroplasty.

London is the capital and most populous city of England and the United Kingdom. Standing on the River Thames in the south east of the island of Great Britain, London has been a major settlement for two millennia. It was founded by the Romans, who named it Londinium. London's ancient core, the City of London, largely retains its 1.12-square-mile (2.9 km2) medieval boundaries. It is often regarded as a world cultural capital. It is a leading global city in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transportation. It is the world's largest financial center and has the fifth or sixth largest metropolitan area GDP in the world.
