# About PULSUS

PULSUS
WWW.PULSUSCONFERENCE.COM

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

# Market Analysis

Osteoporosis is a disease which leads to weak and fragile bones due to low bone mass and loss of bone tissue. Osteoporosis means "Porous bone". Healthy bone is similar as honeycomb. Osteoporosis patients have much larger holes and spaces in bone. People who have Osteoporosis have a high risk of fracture and adequate intake of calcium in early life stage makes bone stronger. Arthritis is an informal way of referring to joint pain or joint disease. There are more than 100 different types of arthritis. It is most common in women and occurs more frequently in people of older age groups. A majority of women and old aged people have Osteoporosis and Arthritis. Arthritis is an informal way of referring to joint pain or joint disease. There are more than 100 different types of arthritis. It is most common in women and occurs more frequently in people of older age groups. Arthritis is the No. 1 causes of disability in nation. 1 in 4 people over age 18 & 1 in 250 children have arthritis. By the year 2040 more than 78 million people expected to have arthritis. Musculoskeletal Disorders or MSDs are disorders that affect the human body's movement or Musculoskeletal system. MSDs are preventable.

## Target Audience:

- Orthopedics Surgeons
- Trauma Surgeons
- Rheumatologists
- Orthopedics Students, Scientists
- Trauma Students, Scientists
- Rheumatology Students, Scientists
- Orthopedics Faculty
- Trauma Researchers
- General Surgeons
- Orthopedics Researchers
- Rheumatology Researchers
- Rheumatology Faculty
- Medical Colleges
- Rheumatology Associations and Societies
- Business Entrepreneurs
- Training Institutes
- Software developing companies
- Manufacturing Medical Devices Companies
- Data Management Companies

## Why to attend?

Osteoporosis conferences provide an International platform for sharing information and ideas and keeps on updating about the latest innovations and advancements in the field of surgical education. Opportunity to attend the presentations; delivered by Proficient Scientists from all over the world.

## Osteoporosis 2022 most noticeable features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

# About City and Venue

Dubai is the most populous and largest city in the United Arab Emirates (UAE). It is situated on the southeast shoreline of the Persian Gulf and is one of the seven emirates that make up the nation. The city of Dubai is situated on the emirate's northern coastline and heads up the Dubai-Sharjah-Ajman metropolitan territory. Dubai has developed as a global city and business center point of the Middle East. It is likewise a noteworthy transport center point for travelers and freight. Dubai has attracted world attention through large construction projects and sports events, the world's tallest building, the Burj Khalifa. By 1960s, Dubai's economy was based on revenues from trade and, to a smaller extent, oil exploration concessions, but oil was not discovered until 1966. Oil revenue first started to flow in 1969. Dubai's oil revenue helped accelerate the early development of the city, but its reserves are limited, and production levels are low: today, less than 5% of the emirate's revenue comes from oil. The emirate's Western-style model of business drives its economy with the main revenues now coming from tourism, aviation, real estate, and financial services. Dubai has recently attracted world attention through many innovative large construction projects and sports events. The city has become iconic for its skyscrapers and high-rise buildings. Dubai provides a world-class education and enormous job opportunities. The most wellknown universities in Dubai are American University in Dubai, Hult International Business School, Al Ghurair University, The American College of Dubai, the University of Wollongong in Dubai and British University in Dubai offering courses in Business Administration, Engineering, Architecture and Interior Design.

# Sponsorship

PULSUS
WWW.PULSUSCONFERENCE.COM

## Why Sponsor Our Event?

- Maximum exposure at a premier conference devoted to those involved in the office professional industry.
- An opportunity to build and reinforce strategic relationships within the office professional industry.
