16TH INTERNATIONAL CONFERENCE ON

OSTEOPOROSIS, ARTHRITIS AND MUSCULOSKELETAL DISORDERS

DECEMBER 05-06, 2022 | DUBAI, UAE

https://osteoporosis.pulsusconference.com/

INVITATION

OSTEOPOROSIS 2022

With a great response and feedback which we received from participants and supporters from Osteoporosis 2021, we are proud to announce our upcoming conferences in the Series 16th International Conference on Osteoporosis, Arthritis and Musculoskeletal Disorders on December 05-06, 2022, in Dubai, UAE with the theme of Theme: Current Innovations and Recent Trends in Osteoporosis.

The main aim of this conference is to solicit the gracious presence of our honourable, to the upcoming conference "**16th International Conference on Osteoporosis, Arthritis and Musculoskeletal Disorders**" that is going to be held during **December 05-06, 2022** in **Dubai, UAE** to share and exchange their knowledge. It is an international platform for business delegates, B2B meetings, poster presentations, workshops, symposia, networking and more. It will offer a platform wherein you can ensure enormous exposure and networking by exhibiting products and services. Grab the opportunities, and share your innovative ideas, new technologies and Recent researches.

Osteoporosis 2022 witness an amalgamation of peerless speakers who enlightened the gathering with their contribution towards the prevention of Osteoporosis related difficulties, its effects and treatment of Osteoporosis.

The centre of the activity of Osteoporosis 2022 is to produce a clear visual definition by undergoing Oral Presentation, Poster presentation, Workshop, Exhibition, networking and interacting session

With the great support we have completed Osteoporosis 2021 and we are expecting huge response and support from the Orthopedics Doctors, Young Researchers, Students, Delegates, Directors and other Orthopedics companies to have your gracious presence at Osteoporosis 2022 on December 05-06, 2022, in Dubai, UAE to make this congress a great successful event of the year 2022.

Join our team Osteoporosis 2022 at this beautiful city of Dubai and let's make this professional gathering a Great success.

Regards
Anne Joseph | Osteoporosis 2022
Organizing Committee

CONFERENCE HIGHLIGHTS

- Osteoporosis
- Arthritis
- Musculoskeletal Disorder
- Orthopedics
- Pediatric Orthopedics
- Orthopedic Trauma
- Physiotherapy and Pain Management
- Exercise & Sports Medicine
- Rheumatology
- Arthroplasty
- Osteoporosis Endocrinology
- Osteoporosis and Nutrition
- Osteoporosis in Women
- Bone Health
- Fracture
- Podiatry
- Bone Sarcoma
- Diagnosis of Osteoporosis
- Advancements in Diagnostic Tools
- Prevention and Treatment of Osteoporosis
- Osteoarthritis
- Rheumatoid Arthritis
- Spine Disorders / Spine Injuries
- Orthopedics Medical Devices

ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

Osteoporosis is a disease which leads to weak and fragile bones due to low bone mass and loss of bone tissue. Osteoporosis means “Porous bone”. Healthy bone is similar as honeycomb. Osteoporosis patients have much larger holes and spaces in bone. People who have Osteoporosis have a high risk of fracture and adequate intake of calcium in early life stage makes bone stronger. Arthritis is an informal way of referring to joint pain or joint disease. There are more than 100 different types of arthritis. It is most common in women and occurs more frequently in people of older age groups. A majority of women and old aged people have Osteoporosis and Arthritis. Arthritis is an informal way of referring to joint pain or joint disease. There are more than 100 different types of arthritis. It is most common in women and occurs more frequently in people of older age groups. Arthritis is the No. 1 causes of disability in nation. 1 in 4 people over age 18 & 1 in 250 children have arthritis. By the year 2040 more than 78 million people expected to have arthritis. Musculoskeletal Disorders or MSDs are disorders that affect the human body’s movement or Musculoskeletal system. MSDs are preventable.

TARGET AUDIENCE

- Orthopedics Surgeons
- Trauma Surgeons
- Rheumatologists
- Orthopedics Students, Scientists
- Trauma Students, Scientists
- Rheumatology Students, Scientists
- Orthopedics Faculty
- Trauma Researchers
- General Surgeons
- Orthopedics Researchers
- Rheumatology Researchers
- Rheumatology Faculty
- Medical Colleges
- Rheumatology Associations and Societies
- Business Entrepreneurs
- Training Institutes
- Software developing companies
- Manufacturing Medical Devices Companies
- Data Management Companies

WHO SHOULD ATTEND

- Researchers in the field of Orthopedics
- Presidents & Vice Presidents
- Directors/Managers/CEO’s
- Surgeons
- Medical Device Companies
- Pharmaceutical Companies
- Health care associations and
- Societies Training Institutions
- Business Entrepreneurs
- Practitioners in Surgery
- Health care Faculty
- Academic scientists
- Students

ABOUT VENUE

Dubai is the most populous and largest city in the United Arab Emirates (UAE). It is situated on the southeast shoreline of the Persian Gulf and is one of the seven emirates that make up the nation. The city of Dubai is situated on the emirate's northern coastline and heads up the Dubai-Sharjah-Ajman metropolitan territory. Dubai has developed as a global city and business center point of the Middle East. It is likewise a noteworthy transport center point for travelers and freight. Dubai has attracted world attention through large construction projects and sports events, the world's tallest building, the Burj Khalifa. By 1960s, Dubai's economy was based on revenues from trade and, to a smaller extent, oil exploration concessions, but oil was not discovered until 1966. Oil revenue first started to flow in 1969. Dubai's oil revenue helped accelerate the early development of the city, but its reserves are limited, and production levels are low: today, less than 5% of the emirate's revenue comes from oil. The emirate's Western-style model of business drives its economy with the main revenues now coming from tourism, aviation, real estate, and financial services. Dubai has recently attracted world attention through many innovative large construction projects and sports events. The city has become iconic for its skyscrapers and high-rise buildings. Dubai provides a world-class education and enormous job opportunities. The most wellknown universities in Dubai are American University in Dubai, Hult International Business School, Al Ghurair University, The American College of Dubai, the University of Wollongong in Dubai and British University in Dubai offering courses in Business Administration, Engineering, Architecture and Interior Design.

Abstract submission opens: June 18, 2022 | **Registration opens:** June 18, 2022
