About PULSUS

Pulsus Group is an internationally renowned peer-review publisher in scientific, technical, and medical journals established in the year 1984 with offices in Ontario, Canada and Hyderabad, India has acquired Andrew John Publishing and openaccessjournals.com to expand its Open Access Publishing through its 50+ journals in association with 20+ International medical and scientific societies.

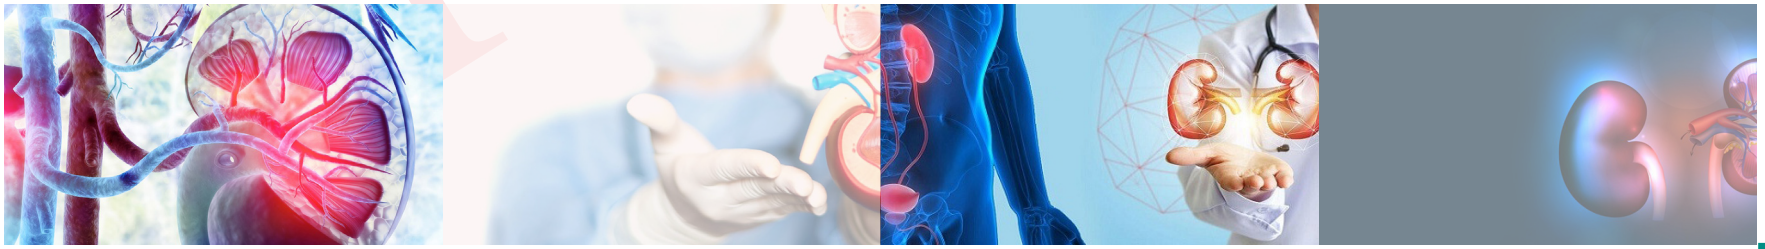

Pulsus through its cmesociety.com is been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international CME/CPD accredited conferences and meetings.

Pulsus Group is a Medical publisher that adheres to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. Pulsus Group takes pride in getting the endorsements of prestigious associations and societies like Canadian medical societies. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.Pulsus group is closely associated with globally renowned academic and research societies like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand..

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve..

Market Analysis

As indicated by the late statistics report, complications of Chronic Kidney Disease are experienced by about 26 million middle-aged people apart from young and old people, and a large number of others are at increased risk. Medical expenses per person increase from $15,000 in stage 3 to $28,000 in stage 4 to more than $70,000 in stage 5 each year with kidney disease. Medicare has consistently spent nearly $28.6 billion on treating people with a kidney disorders. About 26 million adults, apart from young and old people, suffer from concerns about chronic kidney disease, and millions of others are at increased risk, according to recent statistics research. The number of kidney transplants continues to be very high, and around 15,000 kidney transplants happen in 2015 alone. For research work, the National Kidney Foundation has received more than $100 million. The US spent $41 billion or 17 percent of its Medicare spending plan on people with kidney disease each year. The amount of kidney transplants continues to be high and there are around 35000 in 2017 alone. Nephrological work has earned an annual subsidy of more than $5 billion across the globe as one of the main fields of internal medicine. About $560 million is spent annually on kidney ailments alone due to the rapid increase in the risk of kidney disease.
