5th INTERNATIONAL CONFERENCE ON

CONTAGIOUS DISEASES

MAY 11 - 13, 2023 | PRAGUE, CHEZ REPUBLIC

https://contagiousdiseases.pulsusconference.com/

INVITAITON

WCCD 2023

Good will,

WCCD 2023 desire the honor and pleasure of your existence at the 5th International Conference on Contagious Diseases is scheduled to take place on May 11–13, 2023 in Prague, Chez Republic. This occasion, the theme of "Novel approach of sculpting the contagious disease breakouts in world and epidemic control" will energize the participants, professors, and researchers in the field of Contagious Diseases. World WCCD 2023 will provide fresh perspectives, convictions, methods, and strategies in areas where none of the other conferences have been able to do so with a strong line up of keynote speakers, qualified participants, and interesting topics. WCCD 2023 invite you everyone to join the conference, where the topics covered in the many theme sessions will be discussed.

WCCD 2023 pleased to encourage prospective writers to submit their original works to this important conference, where you can be sure to have valuable interactions with academics and experts from other cultures and countriesWith WCCD 2023 consists of Oral presentation, Poster presentationand Workshop, and many interactive sessions by the Keynote speakers which provide us a ray of light in the field of Medicine and Surgery. So this conference is all about bringingout the advanced techniques and treatment in this field thereby providing a pathway to lighten in the field of Contagious Diseases. Our goal is to deliver an outstanding program which covers the entire spectrum of research & innovations in Contagious Diseases care and share the cross-cultural experiences of various treatment procedures.

Regards,
Ariana George | Program Manager
Organizing Committee | WCCD 2023

CONFERENCE HIGHLIGHTS

- STD and HIV Infection
- Infectious Diseases
- Coronavirus Disease (COVID-19)
- Research on Medicine and Vaccine for Covid-19
- Bacterial Infectious Diseases
- Parasitology & Infectious Diseases
- Causes and Symptoms of Infectious Diseases
- Vaccines and Vaccination
- Pediatric Infectious Diseases
- Viral Infectious Diseases
- Veterinary Diseases
- Fungal Infectious Diseases
- Tropical Infectious Diseases
- Infectious Diseases Prevention, Control and Cure
- Infection, Immunity, and Inflammation
- Pharmacology of Infectious Diseases
- Internal Medicine for Infectious Diseases
- Clinical and Case Reports
- Blood Infectious Diseases
- Antimicrobials/Antibiotics/ Antibacterial
- Ebola and Zika Viral Infections
- Non communicable Diseases
- Market Analysis of Infectious Diseases

Years Excellence

ABOUT US

Pulsus Group is an internationally renowned peer-review publisher in scientific, technical, and medical journals established in the year 1984 with offices in Ontario, Canada and Hyderabad, India has acquired Andrew John Publishing and openaccessjournals.com to expand its Open Access Publishing through its 50+ journals in association with 20+ International medical and scientific societies.

Pulsus through its cmesociety.com is been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international CME/CPD accredited conferences and meetings.

Pulsus Group is a Medical publisher that adheres to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. Pulsus Group takes pride in getting the endorsements of prestigious associations and societies like Canadian medical societies. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.Pulsus group is closely associated with globally renowned academic and research societies like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand.

MARKET ANALYSIS

The market for diagnostics for infectious disorders is expected to grow from $16.57 billion in 2020 to $ 35.78 billion in 2029, at a CAGR of 6.7%. A few of the factors driving the expansion of this market include the rising prevalence of infectious diseases worldwide, the shift away from integrated labs toward decentralised point-of-care testing, and improvements in funding for inquiries into infectious disorder diagnostics.

The infectious illness market is anticipated to grow with a CAGR of 4percent from 2019 to 2023, but more often than the typical prescription medicine market, where a CAGR of 8% is typical in a similar period. The primary growth driver, the Hf topoisomerase ii inhibitor class, is anticipated to generate $9.5 billion more in sales in 2023 than in 2020 because to the use of combination therapies from Gilead and GlaxoSmithKline. Pneumococcal vaccines and polyvalent immunoglobulin are expected to be the second and third-largest therapies, with revenues of $10.7 billion and $9 billion in 2023, respectively.

Infectious diseases like severe acute respiratory syndrome (SARS), Middle East respiratory syndrome (MERS), Ebola, chikungunya, avian flu, swine flu, and Zika have a greater epidemiological burden, which has made them easier to detect and stop before they spread. Similar to how the current COVID-19 pandemic outbreak has significantly increased the market for various POC diagnostic kits, early coronavirus diagnosis, and coronavirus control are all key goals.

Furthermore, the shift in emphasis from centralised laboratories to decentralised point-of-care testing services and the increased funding for research on infectious disease diagnostics are anticipated to fuel the expansion of the worldwide infectious disease diagnostics market. However, a poor reimbursement environment is anticipated to impede the market's expansion for infectious illness diagnostics.

TARGET AUDIENCE

- Doctor
- Contagious Diseases Professors
- Assistant Professors
- Healthcare Researchers
- Ph.D Students
- Physicians
- Nurses
- Midwives
- Pharmacists
- Allied Health Professionals
- Industrialist

WHO SHOULD ATTEND

- Students Researchers
- Inventers and Professors
- Women's Healthcare Researchers
- Medical Colleges
- Healthcare Associations and Societies
- Business Entrepreneurs
- Training Institutes
- Healthcare Faculty

WHY TO ATTEND

With WCCD 2023, oral presentations, posters, seminars, and numerous interactive sessions offered by keynote speakers who shed light on the topic of Contagious Diseases are all included. In order to develop the field of Contagious Diseases, this conference is focused on showcasing the most cutting-edge methods of treatment. Our mission is to provide an excellent curriculum that covers the whole range of research and advances in Contagious Diseases and shares the cross-cultural experiences of diverse treatment methods.

influential keynote speaker session

5+ Workshops

• 13 Interactive sessions based on evidence from 50+ Speaker

Faculty across 3 full days

• A mix of academic and healthcare delegations

• Interaction

WHY SPONSOR OUR EVENT?

Maximum exposure at a premier conference devoted to those involved in the office professional industry.
An opportunity to build and reinforce strategic relationships within the office professional industry.
Time to network with industry colleagues and key decision makers.
A cost effective way to reinforce your organization's brand and build brand awareness amongst a relevant audience.
Access to a broad network of industry partners from state and federal Government departments and the private sector.
Time to present latest innovations and new products or services to a pertinent audience, and showcase your expertise and capabilities.
Increased marketing opportunities including visibility on the conference website and associated marketing materials

DIAMOND SPONSOR
$10000

- Top billing logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Three corporate sponsored workshop slots (audio visual included).
- Two complimentary exhibit booths with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Four complimentary registrations.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

GOLD SPONSOR
$7500

- Logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Two corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Three complimentary congress registrations.
- Logo recognition on congress website front page with link and logo recognition on congress sponsorship page.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

SILVER SPONSOR
$5000

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- Two complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

BRONZE SPONSOR
$3500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

EXHIBITION SPONSOR
$2500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Half Page A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 25% discount on both Extra Delegate Registrations and Booth

EDITORIAL BOARD MEMBERS

Jana I. Preis
Brooklyn VA Medical Center, USA

Chen Zhang
Royal Institute of Technology (KTH), Sweden

Dr. Safaa AbdulAziz AlKhawaja
Head of infectious diseases & rheumatology, Salmaneya medical center, UAE

ABOUT VENUE

The largest city in the Czech Republic and the former capital of Bohemia is Prague. Prague, which is located on the Vltava River, is home to around 1.3 million people. The city experiences mild oceanic summers and frigid winters. With a rich history and Romanesque, Gothic, Renaissance, and Baroque architectural styles, Prague is a political, cultural, and economic capital of central Europe. Many Holy Roman Emperors lived there, most notably Charles IV, and it served as the Kingdom of Bohemia's capital.

The Austro-Hungarian Empire and the Habsburg monarchy both valued this city highly. The city had a significant impact on the Protestant and Bohemian Reformations, the Thirty Years' War, and the history of the 20th century as Czechoslovakia's capital between the two World Wars and the Communist era. Many of the well-known cultural landmarks in Prague have survived the bloodshed and devastation of 20th-century Europe. The Prague Astronomical Clock, Prague Castle, Charles Bridge, Old Town Square, the Jewish Quarter, Petn Hill, and Vyehrad are among the city's top attractions. The Old Town of Prague has been a World Heritage Site since 1992, according to UNESCO.

The city is home to more than 10 significant museums, as well as numerous theatres, art galleries, theatres, and other historical displays. The city is connected with a robust, contemporary public transit network. Numerous public and private schools are located there, notably Charles Institution in Prague, which is the oldest university in Central Europe. According to GaWC assessments, Prague is a "Alpha-" global metropolis. Mercer ranked the city as the 69th most livable city in the world in 2019. The city was ranked as the 13th most livable city in the world by the PICSA Index that same year. Because of its fascinating past, the city attracts many tourists—as of 2017, it welcomed more than 8.5 million foreigners each year. After London, Paris, Rome, and Istanbul, Prague was ranked as the fifth most visited city in Europe in 2017.

Abstract submission opens: November 15, 2022 | **Registration opens:** November 15, 2022
Early bird registration: February 23, 2023 | **On spot registration:** May 11, 2023
