ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international conferences and meetings.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.v

With a legacy of 30 years of excellence in Medical Publishing we are endorsed by various societies like International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, World Association of Medical Sciences, International Society for Ceramics in Medicine, Thalassaemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

The global health care sector continues to rise up to the new challenges presented by the ongoing pandemic, which continues to dominate health care systems' attention and resources. They continue to elevate the human experience of their workforce and reshaping what, how, and where work is performed, swiftly scaling virtual health services for patients, and forging partnerships to produce and procure the required vaccines, treatments, and supplies. At the same time, they continue to address the heightened importance of inequities of health care, sustainability and the environment.

TARGET AUDIENCE

- Medication doctors
- Clinicians
- Microbiologists
- Researchers and educators
- Clinical Professionals Experts
- Specialists
- Clinical Colleges
- Nurses
- Students
- Researchers

- Research Institutes and individuals
- Healthcare Industries
- Healthcare and Nursing Associations, Societies
- Researchers
- Training Institutes
- Hospitals
- Government medical care
- Nursing Departments
- Doctors
- Physicians
- Nurses
- Clinicians
- Registered Nurses

WHY TO ATTEND

Medical services meetings are significant on the grounds that it is a chance to bring a ton of medical services experts together to share and talk about a point. This has been a staple in medication and is something we do each day in our expert lives-we talk with one another. Updating of information and abilities. Introducing research papers and getting important knowledge into the examination done by other clinical understudies.

Get valid statements for your resume.

In case you're intending to do a Residency abroad or seek after an MPH/M. Res/Ph.D., at that point it adds to your CV.

The most significant of everything is Awareness. Be mindful of what everything is going on around you and your partners.

globalhealth@pulsusseries.com

WHY SPONSOR OUR EVENT?

Maximum exposure at a premier conference devoted to those involved in the office professional industry.

An opportunity to build and reinforce strategic relationships within the office professional industry.

Time to network with industry colleagues and key decision makers.

A cost effective way to reinforce your organization's brand and build brand awareness amongst a relevant audience.

Access to a broad network of industry partners from state and federal Government departments and the private sector.

Time to present latest innovations and new products or services to a pertinent audience, and showcase your expertise and capabilities.

Increased marketing opportunities including visibility on the conference website and associated marketing materials

ABOUT VENUE

Dubai is the most populous city in the United Arab Emirates (UAE). It is located on the southeast coast of the Persian Gulf and is one of the seven emirates that make up the country. The city of Dubai is located on the emirate's northern coastline and heads up the Dubai-Sharjah-Ajman metropolitan area.

Dubai has emerged as a global city and business hub of the Middle East. It is also a major transport hub for passengers and cargo. By the 1960s, Dubai's economy was based on revenues from trade and, to a smaller extent, oil exploration concessions, but oil was not discovered until 1966. Oil revenue first started to flow in 1969. Dubai's oil revenue helped accelerate the early development of the city, but its reserves are limited, and production levels are low: today, less than 5% of the emirate's revenue comes from oil. The emirate's Western-style model of business drives its economy with the main revenues now coming from tourism, aviation, real estate, and financial services. Dubai has recently attracted world attention through many innovative large construction projects and sports events. The city has become iconic for its skyscrapers and high-rise buildings, in particular the world's tallest building, the Burj Khalifa.

Dubai provides world-class education and also enormous job opportunities. The most well-known universities in Dubai are American University in Dubai, Hult International Business School, Al Ghurair University, The American College of Dubai, the University of Wollongong in Dubai, and British University in Dubai offering courses in Business Administration, Engineering, Architecture, and Interior Design.

American University in Dubai is one of the six UAE universities featured in QS World University Rankings 2015/2016. In 2013 Synergy University Dubai Campus opened its campus in Jumeirah Lakes Towers being the first University in Dubai to be located outside of Educational Zones.
