Michael J Nuara | Virginia Mason Hospital and Seattle Medical Center | USA

Group Photo

Refreshment Break 10:40-11:00

Plenary Session

Session on: Otolaryngology |Ear Surgery and Myringotomy | Sinusitis | Tissue Regeneration

11:00-11:30 — **Liposuction only breast reduction and lift: Excellent results with low wound complication rates**

A E Ingram | Ingram Cosmetic Surgery | USA

11:30-12:00 — **New horizon for the middle ear surgery with regeneration of the tympanic membrane**

Shin-ichi Kanemaru | Translational Research Center for Medical Innovation | Japan

12:00-12:30 — **Clinical and economic burden of diabetic foot ulcers: A 5-year longitudinal multi-ethnic cohort study from the tropics**

Zhiwen Joseph | Woodlands Health, National Healthcare Group | Singapore

Lunch Break 12:30-13:30

Session on: Plastic & Reconstructive Surgery | Laryngology | Otolaryngology | ENT Implants and its Application | Tinnitus

13:30-14:00 — **Effect of soft silicone foam dressings on intraoperatively acquired pressure injuries: A randomized study in patients undergoing spinal surgery**

Tae-Yeong Yang | Samsung Medical certer | South Korea

14:00-14:30 — **Adipose-derived stromal vascular fraction enhances cutaneous wound healing in an animal model**

Eleni Karagergou | Papanikolaou General Hospital | Greece

14:30-15:00 — **Laryngeal function impairment - How can it be functionally restored? Understanding how laryngeal reinnervation works**

Julie van Lith-Bijl | Flevo Hospital Almere | The Netherlands

15:00-15:30 — **Vertical mandibular bone augmentation by the osteodistraction of the transplanted fibula free flap: A case series with long-term follow-up**

Tamas Sass | Bacs Kiskun County Hospital | Hungary

15:30- 16:00 — **Immunological aspects of the use of low molecular weight hyaluronic acid in mesotherapy**

Alexandra I Sergeeva | Rostov State Medical University | Russia

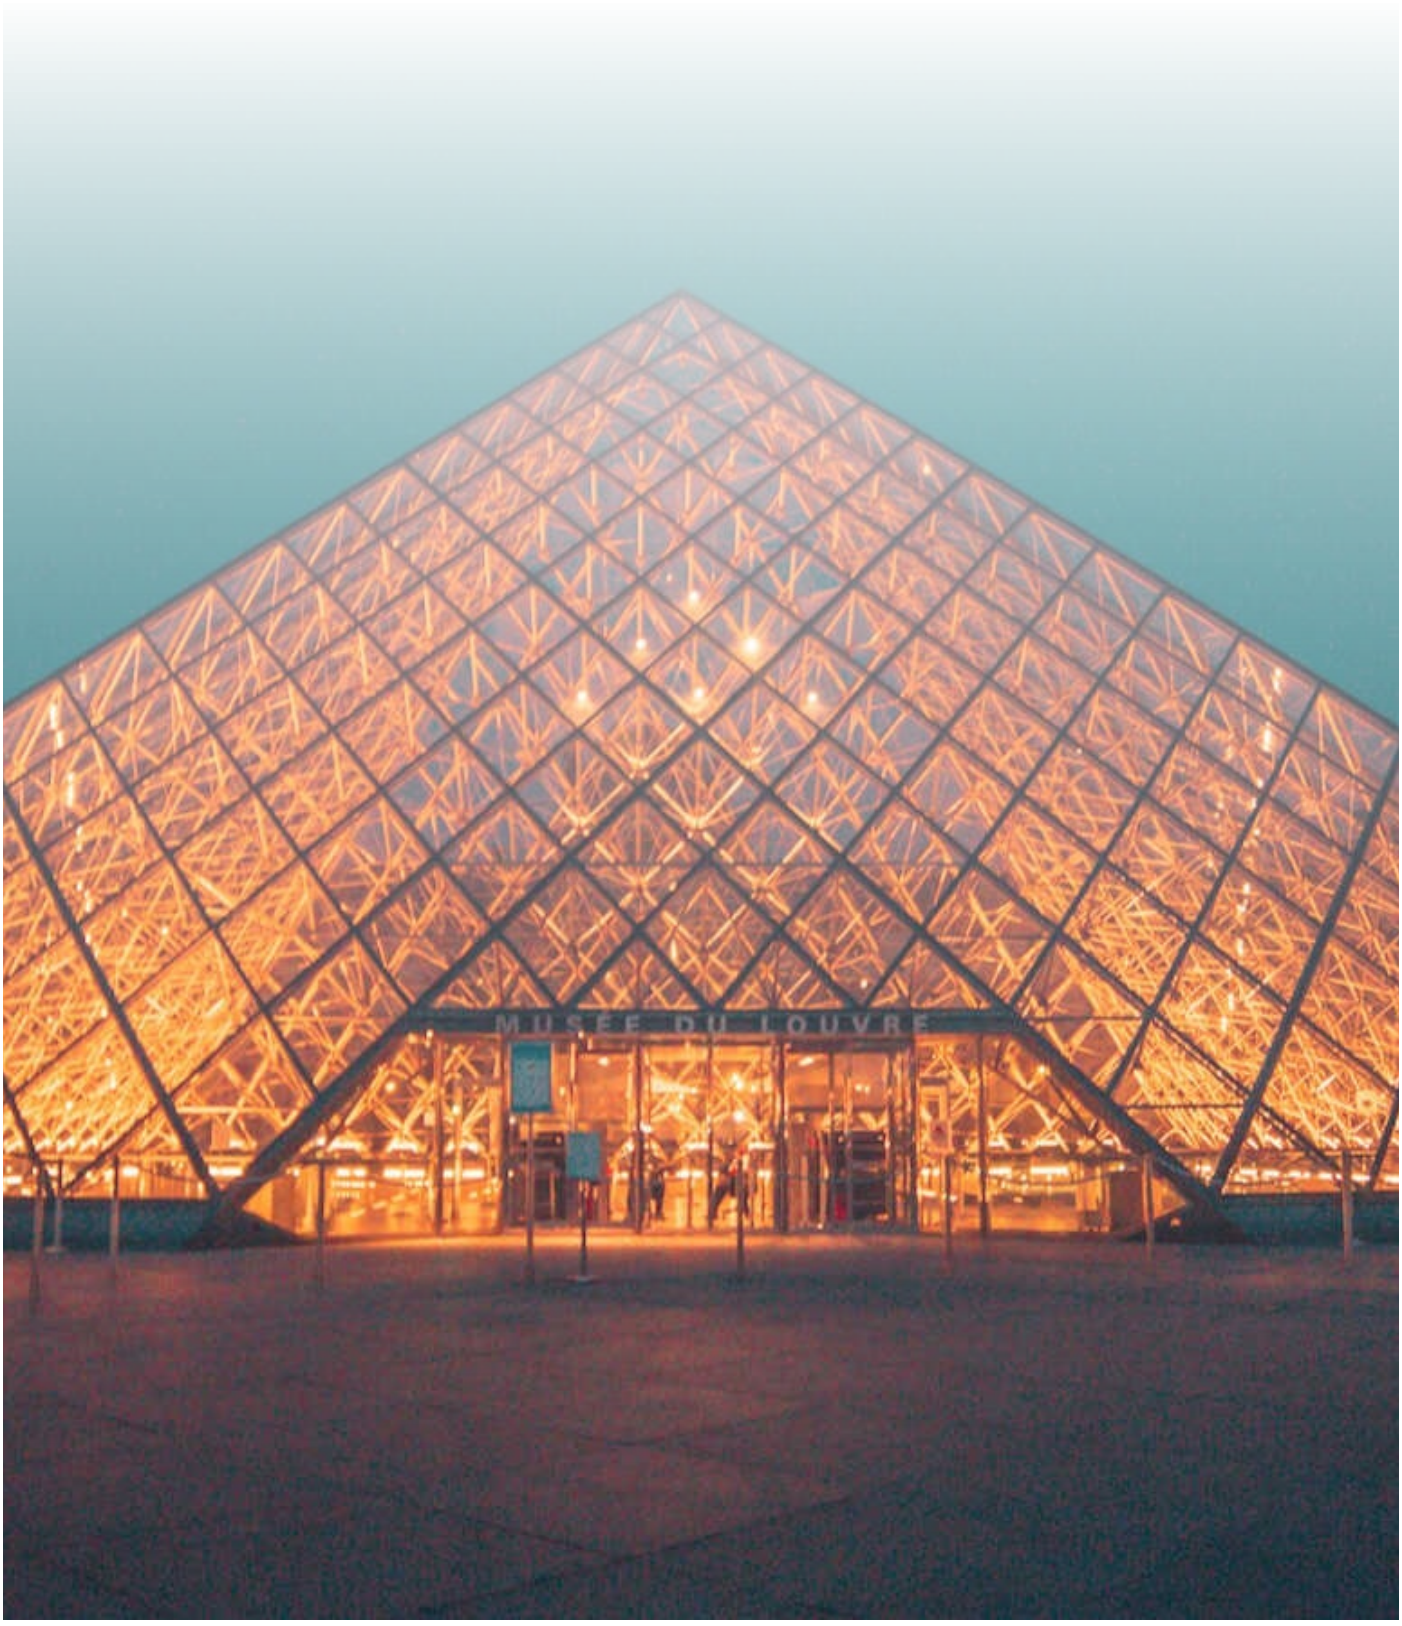

Refreshment Break 16:00-16:30

Session on: Facial Plastic Surgery

16:30- 17:00 — **Comparing the rate of alar pinching after septorhinoplasty with lateral crural steal and lateral crural overlay techniques**

Sevil Nasirmohtaram | GUMS | Iran

Poster Presentation	
17:00-17:30	**The applicability of the tinnitus and hearing survey (THS) in the differentiation of tinnitus and hearing complaints** **Amanda Rodrigues Scheffer | University of Sao Paulo | Brazil**
Day 1 Closing Ceremony	
Day 2: November 17, 2023	
Opening Ceremony 09:00 - 09:10	
Keynote Forum	
09:10-09:55	**Evaluation of resection margins in Transoral Laser Oncologic Microsurgery of the larynx: literature review, meta-analysis and clinical considerations** **Giovanni Paolo Santoro | University Hospital of Parma, Department of Otorhinolaryngology and Otoneurosurgery | Italy**
09:55-10:40	**The role of ChatGPT in Enhancing ENT Surgical Training** **L Brennan | ENT CT1 Severn Deanery, Bristol Royal Infirmary | UK**
Group Photo	
Refreshment Break 10:40-11:00	
Plenary Session	
Session on: Otolaryngology, Head & Neck and Oral Oncology, Audiology	
11:00-11:30	**Evaluating the effect of intranasal desmopressin on bleeding and quality of surgical field during open septorhinoplasty: A randomized double-blind clinical trial** **Maliheh Akbarpour | Gilan University of Medical Sciences | Iran**
11:30-12:00	**Increasing staging and depth of invasion (DOI) in patients with tongue cancer during the COVID-19 pandemic** **Maryam Akbari | Gilan University of Medical Sciences | Iran**
12:00-12:30	**Exploring the Prevalence of Vascular Loops in Patients with Suspected Pulsatile Tinnitus: A literature review analysing radiological findings significance** **University of Oxford | United Kingdom**
12:30 - 13:00	**Comparative analysis of the hearing effects of partial ossicular replacement prosthesis versus conchal cartilage in canal wall down mastoidectomy with type II tympanoplasty: A retrospective case review study** **Fei Lu | Xijing Hospital | China**
Lunch Break 13:00-14:00	
Session on: Otology and Neurotology | Pediatric ENT | Ear Disorders Covid And ENT | Covid-19 or novel coronavirus | Tonsillectomy/ Phoniatrics | Ear Surgery and Myringotomy	
14:00- 14:30	**Piezosurgery – "Hip" or "Hype"** **Jeevan Aiyappa Cholanda | Consultant Oral-Maxillofacial Surgeon & Implantologist | UAE**
14: 30 - 15: 00	**Evaluation of the efficacy of treatment by Probing the Frontal Sinus** **Zukhrob Matmurodov | Tashkent Medical Academy | Uzbekistan**
15: 00 - 15:30	**Improve the treatment of Chronic Inflammatory Diseases of the Maxillary Sinus** **Shukhrat Kurbonov | Tashkent Medical Academy | Uzbekistan**
15:30 - 16:30	**Virtual Presentation**
Refreshment Break (16:30 - 17:00)	
17:00 - 18:30	**Poster presentation & Exhibition**
Thanks Giving & Closing Ceremony
