MARKET ANALYSIS

Advanced Wound Care Market (AWC Market) was valued at $7,117 million, and is expected to reach $12,454 million by 2023, supported by a CAGR of 8.7%. Advanced wound care products and traditional wound care products are used to treat acute and chronic wounds. Chronic wounds take considerable time to heal and are expensive to treat. Due to its high cost, advanced wound care has emerged as a standard solution for treating chronic wounds. Advanced wound care products are gradually replacing the traditional wound care products due to their efficacy and effectiveness in managing wounds by enabling faster healing The global wound dressing market size was valued at USD 9.16 billion in 2017 and is expected to grow at a CAGR of 4.4% over the forecast period. Wound infection is a major safety concern for patients as well as for healthcare professionals globally, thus wound care is essential to reduce infections and promote well-being of patients.

ABOUT VENUE

London, the capital of England and the United Kingdom, is a 21st-century city with history stretching back to Roman times. At its centre stand the imposing Houses of Parliament, the iconic 'Big Ben' clock tower and Westminster Abbey, site of British monarch coronations. Across the Thames River, the London Eye observation wheel provides panoramic views of the South Bank cultural complex, and the entire city. London, the nerve centre of Europe, is endowed with rich history and contemporary architecture and historical monuments. It also houses world-class museums, galleries, and cosmopolitan vibes, attracting tourists worldwide
