PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Frankfurt is all set for an amazing event as PULSUS proudly presents the "International Conference on Material Science and Nanotechnology" slated on March 16-17, 2020 at Frankfurt, Germany.

PULSUS cordially welcomes researchers, academicians, students and business professionals in the field of Material Science and Nanotechnology working around the globe to participate in the upcoming "Material Science 2020". The meeting for this year will revolve around the theme "**Material Science & Nanotech: Designing the future**" thus relaying the most cutting edge findings in the field of Material Science and Nanotechnology. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Conference Highlights

- Material Science And Engineering
- Biomaterials, Tissue Engineering And Medical Devices
- Smart Materials And Structure
- Developing Trends on Polymer chemistry
- Ceramic, Electronic and Optical Materials
- Energy Harvesting Materials
- Computational Material Sciences
- Semiconductors And Superconductors
- Surface Science And Engineering
- Green Materials
- Nano Science And Nano Technology
- Nano Electronics And Nano Photonics
- Nano Toxicology
- Nano Medicine
- Graphene And Carbon Nanotubes
- Nano Robotics
- Nano Sensors
- DNA Nanotechnology
- Nano Fluidics

About PULSUS

PULSUS
WWW.PULSUSCONFERENCE.COM

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

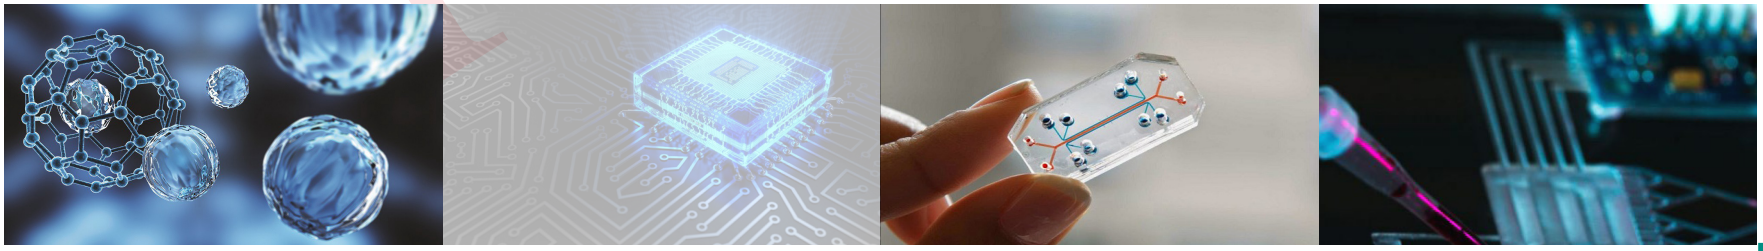

Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

Market Analysis

PULSUS
WWW.PULSUSCONFERENCE.COM

Since the Past Decade Advanced Materials, one of the most important fields of Material Science and Nanotechnology has shown a drastic development. In the nation such as the USA, Germany, Singapore, the UK, China, etc. nanotechnology has a notable development. The nanotechnology industry in Germany comprehends about 2,000 key players. Approx. 24% are university institutions, 9% are research institutions or other organizations such as professional networks, 13% are large companies, and 40% of these are small and medium-sized enterprises (SMEs). Nanoparticles not only used now a day, if we trace back to the root of nanotechnology, we will find that Ayurveda has long been using gold and silver nanoparticles, called "Bhasmas", to treat the various medical affliction. By seeing the development of this field, there is no doubt that conventional technology is going to be replaced by nanotechnology in the next few years in all aspects of the better way of living.

Target Audience

- Nano Science, Nanotechnology and Materials Science Researchers
- Nano Science and Nanotechnology and Materials Science Associations and Societies
- Nano Science, Nanotechnology and Materials Science Faculty
- Business Entrepreneurs
- Industry Professionals
- Materials Science Engineers
- Metallurgical
- Academic scientist
- Students
- Directors/Managers/CEO
- Presidents & Vice Precedents
- Brand Manufacturers/ Marketers of Consumer Products
- Marketing, Advertising and Promotion Agency Executives

Who should attend?
