ABOUT VENUE

Dubai is one of the most prosperous of the seven emirates that make up the federation of the United Arab Emirates. The city of Dubai is renowned for its skyscrapers, ports, and beaches, where big businesses coexist with sun-seekers. Dubai is characterized by relatively low levels of crime and administrative efficiency, which has allowed for astounding growth among businesses. Dubai's western region is characterized by small stretches of sandy beaches, which have contributed to the city's tourism industry. One of the most famous of these is Palm Jumeirah, which is shaped like a palm tree. The city of Dubai straddles a natural inlet called Dubai Creek on the southern coast of the Persian Gulf. A futuristic arch-shaped building houses the International Financial Centre, and the Burj Khalifa, which was the world's tallest building at the time of its official opening in 2010; it is named after Khalifa ibn Zayed Al Nahyan, the President and Empress of Abu Dhabi. Endure the amazing time with your family, friends, or beloved here and collect several extraordinary moments.
