7th INTERNATIONAL CONFERENCE ON

ROBOTICS AND ARTIFICIAL INTELLIGENCE

DECEMBER 07-09, 2023 | MADRID, SPAIN

https://robotics.pulsusconference.com/

INVITAITON

ROBOTICS 2023

Good will,

Pulsus Conference warmly welcome you to the "7th International Conference on Robotics and Artificial Intelligence," which will be held in Madrid, Spain, on December 07-09, 2023.

This conference revolves around the theme: Innovations in Robotics and Artificial Intelligence for Better world," brings together computer engineers, researchers, and scientists from around the world to provide a forum for the sharing of concepts and ideas as well as the improvement of knowledge and skills.

It gives aspiring researchers the chance to investigate several areas of robotics and artificial intelligence. The leading producer of conferences, workshops, video presentations, and symposia in all of the key areas of science, engineering, and medicine is Pulsus Conference.

And for hosting of international conferences and events, Meetings Worldwide has been working with national and international institutes, universities, industries, and highly associated people.

Pulsus Conferences main goal is to encourage and provide a forum for dialogue between the academic and industrial communities regarding engineering and science research.

We look forward to your fervent participation in Robotics 2023

Regards,
Rebecca Parrilla | Program Manager
Organizing Committee | Robotics 2023

CONFERENCE HIGHLIGHTS

- Introduction to Robotics
- Artificial Intelligence
- Robotics & The impact of robots on society
- Artificial Neural Networks & Deep Learning
- Block chain and Machine learning
- Artificial Intelligence in Healthcare
- Internet of things (IOT)
- Human Robotics
- Computer vision
- Cloud Robotics
- Role of AI & Robotics in Industry & Business
- Robotic Rehabilitation Systems
- Neuromorphic Learning
- Artificial Intelligence in Multimedia Technologies
- Surgical Robots and Medical Robots Systems
- Robotic System Based on soft computing
- Micro-robots and Nano-robots
- Future Potential of AI
- Natural Language Processing
- Applications of robotics
- Data Science
- Data Analytics
- Big Data

Years Excellence

ABOUT US

Pulsus Group is an internationally renowned peer-review publisher in scientific, technical, and medical journals established in the year 1984 with offices in Ontario, Canada and Hyderabad, India has acquired Andrew John Publishing and openaccessjournals.com to expand its Open Access Publishing through its 50+ journals in association with 20+ International medical and scientific societies.

Pulsus through its cmesociety.com is been very instrumental to provide an invaluable channel for scientists and researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between universities, institutions, research bodies and organizations from different countries through international CME/CPD accredited conferences and meetings.

Pulsus Group is a Medical publisher that adheres to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. Pulsus Group takes pride in getting the endorsements of prestigious associations and societies like Canadian medical societies. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.Pulsus group is closely associated with globally renowned academic and research societies like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand.

MARKET ANALYSIS

According to a recent exploration by Intellectual Market perceptivity Research, the global robotics Market was valued at USD28.28 billion in 2023 and is anticipated to reach USD78.28 billion by 2028, rising at a CAGR of17.28 from 2021 to 2028.

The Robotics 2023 Market exploration report examines both the current and unborn state of this assiduity perpendicular. While broadening the company's view, the exploration identifies important trends and possibilities, as well as obstacles, for multitudinous parts and sub-segments. The study report also contains substantial information grounded on literal and present patterns across different assiduity verticals to prop in the identification of possible expansion openings. Several estimates for request share, request size, and assiduity growth rate are offered throughout the cast period. The study offers information on competition analyses, consumption trends, and price strategies for the Robotics request.

The European Service Robots Market is estimated to grow at a CAGR of roughly 14% between 2021 and 2026. Europe is a significant market for service robotics. The market for service robotics is expanding across a wide range of industries. To execute specified jobs, autonomous robots can make their own judgements in real-time and in uncertain circumstances. Service robots are typically utilised for duties that are hazardous, tedious, unclean, or inept.

TARGET AUDIENCE

- Lab Associates / Directors
- Research Scientists
- Academic Faculty
- Technologist
- Doctorates
- Industrialists
- Manufacturing Devices Companies
- Smart innovators
- Robotics doctorates
- Robotics Testers
- Defence Research Professionals
- Mechatronics expertise and Control systems
- Professors
- Students

WHO SHOULD ATTEND

- Lab Associates / Directors
- Research Scientists
- Academic Faculty
- Technologist
- Doctorates
- Industrialists
- Manufacturing Devices Companies
- Smart innovators
- Robotics doctorates
- Robotics Testers
- Defence Research Professionals
- Mechatronics expertise and Control systems
- Professors
- Students

WHY TO ATTEND

The Greatest Minds-The world's top robotics minds will gather at Robotics and Al 2023 to exchange knowledge and experiences in the field of commercial robotics development.

Highlights of this conference include the most recent methods, advancements, and updates, as well as keynote sessions by eminent researchers who are internationally known.

Keynote sessions by eminent researchers | Outstanding Young Researcher Award | Thought provoking Workshops and Symposium | Preconference workshops in all major countries | Top Industry Representations | Group Registration benefits

WHY SPONSOR OUR EVENT?

Maximum exposure at a premier conference devoted to those involved in the office professional industry.
An opportunity to build and reinforce strategic relationships within the office professional industry.
Time to network with industry colleagues and key decision makers.
A cost effective way to reinforce your organization's brand and build brand awareness amongst a relevant audience.
Access to a broad network of industry partners from state and federal Government departments and the private sector.
Time to present latest innovations and new products or services to a pertinent audience, and showcase your expertise and capabilities.
Increased marketing opportunities including visibility on the conference website and associated marketing materials

DIAMOND SPONSOR $10000

- Top billing logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Three corporate sponsored workshop slots (audio visual included).
- Two complimentary exhibit booths with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Four complimentary registrations.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

GOLD SPONSOR $7500

- Logo recognition (Chamber website, event website, invitation/publicity, event signage)
- Two corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Three complimentary congress registrations.
- Logo recognition on congress website front page with link and logo recognition on congress sponsorship page.
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

SILVER SPONSOR $5000

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- Two complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

https://robotics.pulsusconference.com/registration

BRONZE SPONSOR
$3500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 50% discount on both Extra Delegate Registrations and Booth

EXHIBITION SPONSOR
$2500

- Larger name recognition (Chamber website, event website, invitation/publicity, event signage)
- One complimentary congress registrations.
- One corporate sponsored workshop slot (must honor deadlines, catering and audio visual included).
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm).
- Half Page A4 color advertisement in the congress program or book of abstracts (excluding cover pages).
- 25% discount on both Extra Delegate Registrations and Booth

CONFERENCE

AGENDA/ TENTATIVE PROGRAM

DECEMBER 07,2023 | THURSDAY	
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Introduction to Robotics | Artificial Intelligence
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Robotics & The impact of robots on society | Artificial Neural Networks & Deep Learning | Block chain and Machine learning
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Artificial Intelligence in Healthcare | Internet of things (IOT)
Day Concludes	
DECEMBER 08,2023 | FRIDAY	
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Tracks: Human Robotics | Computer vision | Cloud Robotics
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Tracks: Role of AI & Robotics in Industry & Business | Robotic Rehabilitation Systems | Neuromorphic Learning
13:00-13:45	Lunch Break**
13:45-16:00	Tracks: Artificial Intelligence in Multimedia Technologies | Surgical Robots and Medical Robots Systems
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Tracks: Robotic System Based on soft computing | Micro-robots and Nano-robots
Day Concludes | Award Ceremony	
DECEMBER 09,2023 | SATURDAY

ABOUT VENUE

The capital city of Spain, Madrid is most popular for its cultural and artistic heritage. It also has the liveliest nightlife in the world. It is a cosmopolitan city which is the main centre of business as well as the seat of the government. It is also the political centre of Spain. Located in the centre of the Iberian Peninsula, Madrid is the largest city in Spain. With a population of over 3.3 million, the city is best known for its cosmopolitan nature. The city provides too a wide range of things to do, places to eat and it has all the facilities that a tourist needs. The city provides many conference resorts, leisure facilities and some of the best restaurants in Spain. It is also a great place for shopping, theatre, opera, museums, parks and more. The international airport of Madrid has three terminals and is the busiest airport in Spain. It is an amazing place for the children as well as there are numerous theme parks, excursions and zoos to keep them occupied. It is also a place to spend some romantic evenings in the stunning gardens and parks that provides tranquillity. Few cities boast an artistic pedigree quite as pure as Madrid's: many art lovers return here again and again. For centuries, Spanish royals showered praise and riches upon the finest artists of the day, from home-grown talents such as Goya and Velázquez to Flemish and Italian greats. Masterpieces by these and other Spanish painters such as Picasso, Dalí and Miró now adorn the walls of the city's world-class galleries. Three in particular are giants – the Museo del Prado, Centro de Arte Reina Sofía and Museo Thyssen-Bornemisza – but in Madrid these are merely good places to start.

Madrid may lack the cachet of Paris, the monumental history of Rome, or Barcelona's reputation for Modernista masterpieces. And no, there is no equivalent of the Eiffel Tower, Colosseum or La Sagrada Família that you can point to and say 'this is Madrid'. But Madrid has nothing to be envious of. Spain's broad sweep of architectural history provides a glorious backdrop to city life, from medieval mansions and royal palaces to the unimagined angles of Spanish contemporary architecture, from the sober brickwork and slate spires of Madrid baroque to the extravagant confections of the belle époque. Put simply, this is one beautiful city.

Abstract submission opens: October 15, 2022 | **Registration opens:** October 15, 2022
Early bird registration: January 31, 2023 | **On spot registration:** December 07,2023
