8TH INTERNATIONAL CONFERENCE ON

PSYCHIATRIC AND NURSING 2024

JUNE 17-18, 2024 | LONDON, UK

https://psychiatricnursing.pulsusconference.com/

INVITATION

PSYCHIATRIC NURSING 2024

It is with great pleasure that I welcome you all to the ***8th International Conference on Psychiatry and Mental Health Nursing***. As we gather here, we celebrate the progress we have made in the field of Psychiatry, and look forward to the opportunities and challenges that lie ahead.

With our theme "Empowerment through Compassionate Care: Enhancing Wellness and Resilience". We invite you to embark on a transformative journey where innovative ideas converge, minds are revolutionized, and lives are positively transformed through the power of psychiatry and mental health nursing.

Upon the insights gathered from the previous conference, this year's event promises to be even more enriching and enlightening by bringing together experts, researchers, clinicians, and scholars from around the globe

Regards
Sahar Ali | Psychiatric Nursing 2024
Organizing Committee

35 Years Excellence

ABOUT US

Since many years Pulsus has also been very instrumental to provide an invaluable channel for Scientists and Researchers to exchange ideas and research by creating a forum for discussing the possibilities of future collaborations between Universities, Institutions, research bodies and Organizations from different countries through International Conferences and Meetings.

Pulsus Group is an International Renowned Medical peer-review publisher and conference organizer established in the year 1984 publishes and hosts the work of Researchers in a manner that exemplifies the highest standards in research integrity.

With a legacy of more than 35 years of excellence in Medical Publishing we are endorsed by various societies like World Association of Medical Sciences, International Academy of Cardiovascular Sciences, International Society of Addiction Medicine, European Biotechnology Thematic Network Association, World Federation of Paediatrics Intensive and Critical Care Societies, International Society for Ceramics in Medicine, Thalassemia International Federation and World Association of Integrated Medicine to nurture the research and development for the beneficence of society.

MARKET ANALYSIS

The global psychiatry and mental health nursing market has witnessed significant growth in recent years, driven by various factors such as increasing awareness about mental health disorders, rising prevalence of mental illnesses, and growing acceptance of psychiatric nursing interventions as integral components of holistic healthcare.

Mental Health Market size was valued at USD 386.10 billion in 2021 and is poised to grow from USD 399.61 billion in 2022 to USD 526.21 billion by 2030, at a CAGR of 3.5% during the forecast period (2023-2030).

The global mental health market encompasses products and services aimed at preventing, treating, and managing mental health disorders, spanning pharmaceuticals, psychotherapy, digital health solutions, and other therapeutic interventions. Its mission is to offer effective and accessible treatment options, alleviating the burden of mental illness on individuals, families, and society. With increasing prevalence and awareness of mental health issues, coupled with technological advancements, innovative treatments like digital health solutions have emerged.

TARGET AUDIENCE

- Psychiatrists
- Social Workers
- Graduates, Post Graduates & PhD Scholars
- Professors, Associate Professors, Assistant Professors
- Pharmaceutical Companies &Manufacturing Companies
- Research Institutes and members
- Business Entrepreneurs

WHO SHOULD ATTEND

- Psychiatric Nursing
- Physicians
- Psychologists
- Nurse Practitioners
- Physician Assistants
- Manufacturing Companies
- Marriage and Family Therapists
- Clinical Psychotherapists

ABOUT VENUE

London, city, capital of the United Kingdom. It is among the oldest of the world's great cities—its history spans nearly two millennia—and one of the most cosmopolitan. By far Britain's largest metropolis, it is also the country's economic, transportation, and cultural center. London's defining characteristic is an absence of overall form. It is physically a polycentric city, with many core districts and no clear hierarchy among them. London has at least two (and sometimes many more) of everything: cities, mayors, dioceses, cathedrals, chambers of commerce, police forces, opera houses, orchestras, and universities.

London, home to about 8.8 million people, is the capital and biggest city of both England and the United Kingdom. At the head of an estuary that stretches 50 miles (80 km) down to the North Sea, it is situated on the River Thames in southeast England. For almost two millennia, it has been a significant settlement. Roman Londinium laid the foundation for the City of London, which still has its medieval borders and serves as the city's financial and ancient core.

Being a major global city, London has a significant impact on media, science and technology, tourism, transportation, communications, education, fashion, entertainment, and finance. It is the largest urban economy in Europe and one of the world's principal financial hubs, with a GDP of €801.66 billion in 2017.

With more than 300 languages spoken there, London is a multicultural city. Greater London is home to slightly under 10 million people, making it the third most populous city in Europe as of 2023. This represents more than 16% of the population of England and 13.4% of the United Kingdom. The Greater London Built-up Area, with 9.8 million people living there as of the 2011 census, is the fourth most populous region in all of Europe.

Abstract submission opens: March 02, 2024 | **Registration opens:** March 02, 2024
Early bird registration: April 16, 2024 | **On spot registration:** June 17, 2024
