ACM 2017

Theme:Epidemiology of Infectious Disease and its Management

Annual Summit on

Clinical Microbiology

04-05 DECEMBER, 2017

DALLAS, TEXAS, USA

PULSUS is all set for an optimistic tone for the conferences to escalate medical & scientific know-how and create cognizance on the latest research findings & unfoldings in a manner that testifies not only brilliance but also transparency

Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Microbial Biofilms, Immunity and vaccination, Microbial Pathogenesis, Nosocomial Infections, Infection Control and Hospital Epidemiology, Microbial Infections, Disease, Diagonsis and Prevention, Antimicrobials and Chemotherapy, Antimicrobial Resistance, Microbial Biochemistry, Health Science, Host Pathogens Interaction, Medical Microbiology is all set for an amazing event as PULSUS proudly presents the "**Annual Summit on Clinical Microbiology**" on **04-05 December, 2017.**

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Clinical Microbiology & Infectious Diseases from around the world to participate in the up coming ACM 2017. The meeting for this year will revolve around the theme "Epidemiology of Infectious Disease and its Management towards tomorrow" thus relaying the most cutting edge findings in the field of Clinical Microbiology Research.

The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach.

Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

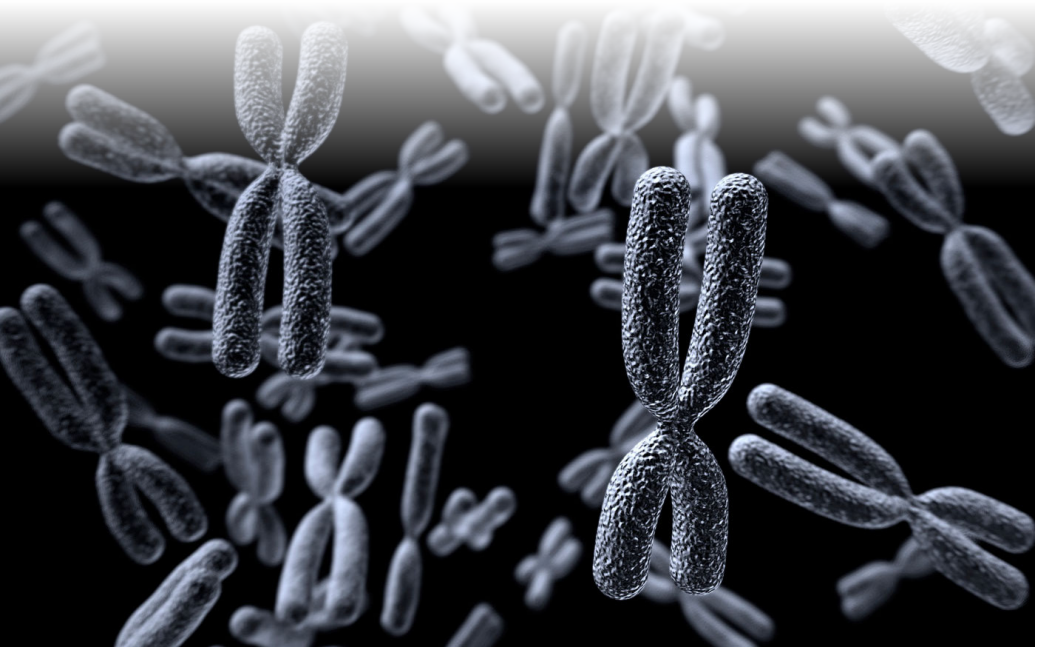

Regards

ACM 2017

Conference Highlights

- Microbial Biofilms,
- Immunity and vaccination
- Microbial Pathogenesis
- Nosocomial Infections
- Infection Control and Hospital Epidemiology
- Microbial Infections, Disease
- Diagonsis and Prevention
- Antimicrobials and Chemotherapy
- Antimicrobial Resistance
- Microbial Biochemistry
- Health Science
- Host Pathogens Interaction
- Medical Microbiology

Pulsus Group Conferences

300+ International Medical & Scientific Conferences, summits and events

Distinctive Features

- Attend and earn CE, CME & CPD credits.
- Learn about the latest developments in your field and aid your own growth.
- Meet your target audience & expand your B2B network.
- Get your research published in conference proceedings and renowned journals.
- Go live streaming on Youtube.
- Spread your knowledge. Conduct workshops, symposiums and exhibit your best products
- Call for Investors-Investors Meet

About Pulsus:

- PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, Pulsus Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancementde la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.
- Pulsus Conferences explore the future by connecting minds and spreading brilliance at Pulsus Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. Pulsus group is closely associated with globally renowned academic and research societies.
- Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives. We want our conferences, societies, associations and the technology communities and companies who participate in them, to include, encourage, and recognize people of all races, ethnicities, genders, ages, and abilities. Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

ACM 2017

ANNUAL SUMMIT ON

CLINICAL MICROBIOLOGY

04-05 DECember, 2017 | Dallas, Texas, USA

http://clinicalmicrobiology.cmesociety.com/

Email: clinicalmicropulsus@gmail.com

Pulsus Group Journals (www.pulsus.com)

- **30 years excellence in Medical publishing**
- **50+ journals in association with 20+ International medical and scientific societies**
- **Peer review publishing for Associations, Societies and Universities in Highly Indexed Reputed Journals**
- **Summary proceedings, custom publications and electronic publications.**

Exhibition and Sponsorship

- **An Exhibition will be held simultaneously with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new developments in the field of Clinical Microbiology**

Additional benefits as follows:

- **Free exhibition booth for your association.**
- **Honorable guests for your presidents.**
- **Logo advertisement in the conference proceedings.**
- **Data sharing for your association.**

Conference Agenda

CONFERENCE AT A GLANCE

Day-1	Day-2
08.00-09.00	**08.00-09.00**
Reception/Registration	Reception/Registration
09.00-09.15	**09.00-09.45**
Opening Ceremony	Introduction of Keynote Speakers
09.15-09.45	**09.15-09.45**
Keynote Talk 1	Keynote Talk 1
09.45-10.15	**09.45-10.15**
Keynote Talk 2	Keynote Talk 2
10.15-10.45	**10.15-10.45**
Keynote Talk 3	Workshop Session
Group Photo	Panel Discussions
Coffee/Tea Break 10.45-11.00 (Networking) in the Exhibit Hall	
11.00-12.40	**11.00-12.40**
5 Speakers (20 Mins Each)	5 Speakers (20 Mins Each)
Lunch Break 12.40-13.30	
13.30-15.30	**13.30-15.30**
6 Speakers (20 Mins Each)	6 Speakers (20 Mins Each)
Young Researcher Forum	Poster Sessions
Coffee/Tea Break 15.05-15.20 (Networking) in the Exhibit Hall	
15.20-17.00	**15.20-17.00**
5 Speakers (20 Mins Each)	5 Speakers (20 Mins Each)
Panel Discussions	Panel Discussions
Awards & Closing Ceremony	

NOTE: Program Shedule is subject to change with final allotment of the speaker slots

Important Dates

Abstract Submission Opens: January 9, 2017
Online Registration Opens: January 9, 2017
Early Bird Registration: February 27, 2017
On spot Registration: December 2, 2017

Registration & Timings

December 2, 2017 (08:00 am to 06:00 pm)
December 3, 2017 (08:00 am to 06:00 pm)
Group Photo Time: 09:00 am to 09:10 am

Annual Summit on Clinical Microbiology

04-05 December, 2017 Atlanta, USA

Pulsus *Group takes pride in getting the endorsements of prestigious societies and medical research assosiations world wide.*

Global Market:

- The global clinical microbiology market is envisaged to reach USD 5.77 Billion by 2021 from USD 3.35 Billion in 2016, growing at a CAGR of 11.5% from 2016 to 2021. The clinical microbiology market is on surge due to increase in technological advancements, persavasiveness of pathogenic diseases, increasing extent of infectious diseases, growth in the adaption of microbes to various antibiotics, rise in mutations, epidemic outbreaks, growing awareness and increase in expenditure in health care and the immediate need for faster microbiological testing methods.
- Drug Discovery Technologies
- The global market for drug discovery technologies reached nearly $39.5 billion and $46.5 billion in 2013 and 2014, respectively. This market is expected to grow at a compound annual growth rate (CAGR) of 11.3% to nearly $79.5 billion for the period 2014-2019.
- Antibiotics: Technologies and Global Markets
- The global systemic antibiotics market should reach nearly $44.7 billion in 2020 from nearly $40.6 billion in 2015 at a compound annual growth rate (CAGR) of 2.0% from 2015 to 2020.
- Pharmacy Automation: Technologies and Global Markets
- The global inpatient and outpatient pharmacy automation market has grown to nearly $3.8 billion in 2016 from $3.5 billion in 2015. The market is expected to grow at a five-year compound annual growth rate (CAGR) of 7.9% from 2016 to 2021, increasing to $5.5 billion in 2021.

Global market in Microbiology

- The consumables, equipment and technology markets in the microbiology industry totaled nearly $7.7 billion in 2012. This total is expected to grow from $8.5 billion in 2013 to $11.4 billion in 2018, with a compound annual growth rate (CAGR) of 6.1% for the five-year period, 2013 to 2018.

About City

Dallas is located on the rolling prairies of northeast Texas, where the three branches of the Trinity River merge. It is the second-largest city in Texas and the eighth-largest city in the United States. Dallas has a large community college enrolment. Dallas and its nearby communities are home to 45 colleges and universities, which attract more than 250,000 students to the area each year. Public universities in the Dallas area include the University of North Texas, the University of Texas at Dallas, and Texas Women's University. The Dallas County Community College District consists of seven colleges located throughout Dallas County. These community colleges enroll nearly 100,000 students each semester.Dallas, a modern metropolis in north Texas, is a commercial and cultural hub of the region. The Sixth Floor Museum, the John F. Kennedy Memorial, and the Conspiracy Museum all explore the life of President John F. Kennedy and his eventual assassination in Dallas. The Sixth Floor Museum is in the former Texas School Book Depository, the site from where Lee Harvey Oswald shot President Kennedy. The city is probably best known for its cotton products. Dallas is becoming a high-tech centre, and the Infomart complex has offices and showrooms for many high-tech information companies. Dallas has a Sunbelt climate, with hot summers and mild winters. Average highs in July are close to 53°C (96°F), while average lows in January only dip to 19°C (34°F). It rarely snows in Dallas. Annual average rainfall is 81 centimetres (32 inches). Dallas' Sunbelt climate offers an average of 237 sunny days per year.

Target Audience

- Clinical Microbiology
- Scientists
- Clinical Microbiology
- Researchers
- Clinical Microbiology
- Nurses
- Clinical Microbiology
- Associations and Societies
- Clinical Microbiology
- Faculty
- Medical Colleges
- Clinical Microbiology
- Physicians
- Vaccines Production Companies
- Training Institutes
- Drug development Industries
- Business Entrepreneurs
- Manufacturing Medical Devices Companies

City Attractions

- Klyde Warren Park
- Dallas Arboretum & Botanical Gardens
- Morton H. Meyerson Symphony Center
- Dallas World Aquarium
- Pioneer Plaza
- Dallas Zoo
