Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Dubai is all set for an amazing event as PULSUS proudly presents the "**4th International Heart Conference**" slated on **April 22-23, 2019** at **Dubai, UAE.**

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Advanced Heart and Pharmacology professionals from around the world to participate in the upcoming **Advanced Heart 2019**. The meeting for this year will revolve around the theme "**Intensifying Breakthrough in the Cardiac Community**" thus relaying the most cutting edge findings in the field of Advanced Heart 2019. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards
Advanced Heart 2019
Organizing Committee

Conference Highlights

Tourist Attractions

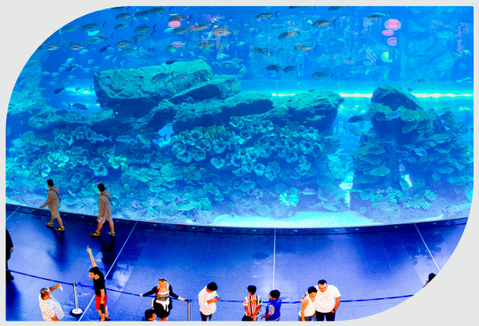

Venue

Dubai is the largest and most populous city in the United Arab Emirates (UAE). On the southeast coast of the Persian Gulf, it is the capital of the Emirate of Dubai, one of the seven emirates that make up the country. It is a global city and business hub of the Middle East. Dubai receives millions of leisure and business visitors each year from around the world. The UAE is growing as an education hub, with many international higher education institutions setting up here, catering to transnational students from across the world.
