Invitation

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. PULSUS proudly presents the “**2nd International webinar on Anatomy and Physiology**” slated on **December 06-07, 2021** as **Webinar**.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of Anatomy and Physiology from around the world to participate in the upcoming **Anatomy 2021**. The meeting for this year will revolve around the theme “**A Precis View of Modern Anatomy and Physiology**” thus relaying the most cutting edge findings in the field of Clinical Trials and Research. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts..

Conference Highlights

- Research based on Anatomy and Physiology
- Objectives of Anatomy and Physiology
- Homeostasis
- Bio mechanics
- Biomedical Implants
- Forensic Medicine
- Anatomy Research
- Anatomy in 3D Visualization
- Radiological Anatomy
- Anatomy and Physiology of Various Biological Systems
- Nutrition Physiology and its recent Researches
- Pathophysiology
- Applied Physiology
- Physiological Rehabilitation
- Modern Anatomy and Physiology
- Recent Researches in Anatomy and Physiology
